

LETON DEFEATED AT SOUTHAMPTON.

It will be remembered that the only victory gained by Leton in the United League contest was over Southampton when the "cousins" visited Leton. On Wednesday the "cousins" went to Southampton for the return encounter, when the Southern Langens had their revenge by taking up no fewer than eight goals in one. There was a fine attendance of spectators. The Leton men showed good style in the contest and gave Haversham some trouble; but the International manager is proved to be shrewd from experience. The home side got under way and soon Hartley opened the scoring. Again the visitors proved bold; but later on the Southampton players manifested their superiority and before the interval three more goals were registered. For the most part the scored ball sailed in favour of the home team, who put on a further quartette of goals. Thus the Southampton was in the end defeated.
