

THE UNITED LEAGUE.

On Monday, Luton went to Millwall, taking the following team:—Farr; Williams and Sharpe; Ellingham, Crump and Garrett; Draper, Brock, Kemplay, Ford and Ekins. It was hardly to be expected that such an eleven would hold their own with Millwall, who were at full strength with the exception of Stewart, and the result was a victory for the Dockers by six goals to two. Luton scored their two goals in the second half, against three obtained by Millwall during the same period. The weather was very bad, but the play on the whole was good. Farr again gave a smart exhibition, and the other Reserves performed very well indeed.
