

LUTON TOWN'S GOOD FORTUNE

A day of giving
and
receiving.

With Christmas
near at hand
Bristol City were
very generous
and gave

Luton a nice goal

& later their goalie nearly
made it two!

Then Luton
started being
generous, good
shots being as scarce
as Aberdonians on a Flag Day

Bristol
gave an
exhibition
of high
kicking (I fancy they
practice over Clifton Bridge)

& it was
a good

Toward the end light
became very bad,
so did tempers

& some very unseasonable presents
were given and received.

Job Nelson
that day
did his duty

Sensing the season of goodwill, our artist had a cheerful opening note for the match between Luton Town and Bristol City on Saturday, but long before the end he discovered that the players were not all of one mind.
