Sept. 25th, 1937.
 NUMBER 5.

OFFICIAL PROGRAMME. Price—ONE PENNY

**Burnley Break The Ice Away From Home. — “Ten Goals”
 Payne Here To-day — Reserves’ Good Form.**

After the brilliant first-half display against Newcastle United at St. James’s Park last Saturday, and the collection of our first away point, and defeat only by the odd goal after a hard fight at Sheffield by the United on Monday night, we may feel that our team is now finding its feet. The players are now gaining confidence, and awaiting Luton Town’s League visit to Turf Moor with full expectation of gaining full points.

In the ranks of our visitors will be Joe Payne, their centre forward, who, by scoring ten goals against Bristol Rovers on April 13th, 1936, in a Third Division (Southern Section) match, created a new individual scoring record for League football, his record coming only three months after Bell, the centre forward, of Tranmere Rovers, had notched nine goals against Oldham Athletic in a Third Division (Northern Section) match on December 26th, 1935. Less than a fortnight before that, Drake, the Arsenal

centre forward, against Aston Villa at Birmingham on December 14th, had recorded seven goals—including a goal with each of his first six shots.

Those of us who saw the Reserves beat West Bromwich Albion (3—0) and Preston North End (2—0) during last week-end must feel confident that we have a side more than capable of holding its own in the Central League. Without wishing to detract from the merits of other players, special mention must be made of the splendid combination and co-operation between the experienced and crafty Miller with his youthful colleague Len Martindale. Making only his third appearance in Central League football, this youngster created a very good impression, and should develop into a most capable player. Martindale, Miller, and Taylor (F.) formed between them a strong right flank on Monday evening, and are being retained for to-day’s strong test at Birmingham. If they can reproduce some of Monday’s form there need be no fear of the result.

PROFESSIONAL FOOTBALL.

No. 1.

WHAT THE GAME OFFERS AS A CAREER.

Some little time ago my own club embarked upon a scheme for giving local lads a chance of developing whatever football talent they possessed, and created the BURNLEY COLTS. This organisation, in the space of a little over twelve months, has dealt with as many as 1,000 applications and trialists.

As a result of this search for junior players, parents of promising local youths have been to see me regarding the prospects professional football holds in store for their sons.

To those with capabilities and who are willing to put their backs into the job, active participation in the game offers splendid prospects and good remuneration. A player who reaches the top class can earn as much as £6 per week during the close season, and £8 per week during the playing season. To this may be added bonuses for wins and draws, and in the case of a player serving his club faithfully and during the time keeping a clean record, probability of a benefit after five years’ service.

True, few players reach the peak of football perfection, but much of his success depends upon the player himself. He must first and foremost realise that to keep pace with the modern game he has to be in tip-top condition, and this means many hours of hard work during the week.

Provided he attends to his habits after hours, the fully qualified trainers attached to the League clubs will see to it that he receives proper training and coaching during the day.

If he learns to play the game and keep his name clear of all the black lists during his playing days, he will come to be regarded as a man of character.

To such men as these lucrative positions offer themselves. Many old players of yesterday are now attached to League clubs the country over, in such capacities as trainers, coaches, and those who followed their studies with particular attention to clerkship, managers and secretaries.

It will be seen then that the game offers excellent prospects, and the profession has long escaped its former state of degradation until it now holds an honourable position; but a player must expect no more out of the game than he puts into it.

Next Week: No. 2. A FOOTBALLER AT WORK.

FIXTURES, RESULTS, AND SCORERS—Season 1937-38.

*Transmission arranged through the International
Broadcasting Company Limited.

WAKE UP YOUR LIVER BILE

without Calomel—and you'll jump
out of bed in the morning full of
vim and vigour.

THE LIVER should pour out two pints of liquid
bile into your bowels daily. If this bile is not
flowing freely, your food doesn't digest. It
just decays in the bowels. Gas bloats you up.
You get constipated. Your whole system is
poisoned, and you feel sour, sunk, and the
world looks punk.

Laxatives help a little, but a mere bowel
movement doesn't get at the cause. It takes
those good old Carters Brand Little Liver Pills
to get these two pints of bile flowing freely—
harmless, gentle, yet amazing in making bile
flow freely. Ask for Carters Brand Little
Liver Pills. Stubbornly refuse anything else.
1/3 and 3/-.
