## PLYMOUTH ARGYLE NOTES

By "JATEE"

Bravo the First Team! A point at Bury is always a good performance, and but for an unfortunate penalty decision, the boys would have brought home the bacon!

However, it is all in the game, and maybe, one day, we will have the good fortune to have a similar break.

Injuries and first-team calls on our Reserves have weakened the second team for several matches, and they are having a disjointed spell in the Football Combination. Their day will come and before long visitors will find Home Park a sticky place to pick up points.

With Alec Dyer, Smith, Butler, Watkins, Hurst, Poyser, Howshall, and Carless all on the sick or the injured list, our playing staff, that looked big enough at the beginning of the season, now looks very small; however, the Directors are making every effort to obtain suitable players to add to the playing strength of the Club. Many hundreds of miles have recently been covered in an endeavour to secure the type of players that Argyle need.

Luton Town, our visitors to-day, popularly known as the "Hatters", have visited Home Park on many occasions. They can be depended upon to give our team a good game. Luton's most famous player was undoubtedly Joe Payne who scored ten goals in a match against Bristol Rovers on April 13th, 1936, when Luton won by 12-0.

Payne scored 55 goals during 1936-37, a record individual total of League goals for one season.
