

As skipper Doug. Gardiner led out the Luton Town players on to the Filbert-street ground for Saturday's fifth round F.A. Cup replay no one was more enthusiastic in their welcome than the supporter in the wheel-chair (right), well known to everyone on the Luton ground. He made the journey by coach and gained this vantage point. 1972D.

Town's Three Replay Goals As Seen By The ^{48/49} Camera

ONE.—How the hopes of the several thousand Town supporters who made their way to Leicester soared when, in the first minute of the game, Brennan ran on to a low centre from Small, and scooped the ball first time between the surprised McGraw and the post. McGraw was so surprised, in fact, that the ball was almost past him before he dived. 1973D.

TWO.—Although 4-1 down, Luton kept on fighting. Here is the scene in front of the Leicester goal in the 72nd minute when Waugh put over a high centre. Brennan can be seen jumping for the ball, but it was too high for him and went to Arnison, who calmly headed into the net. 1988D.

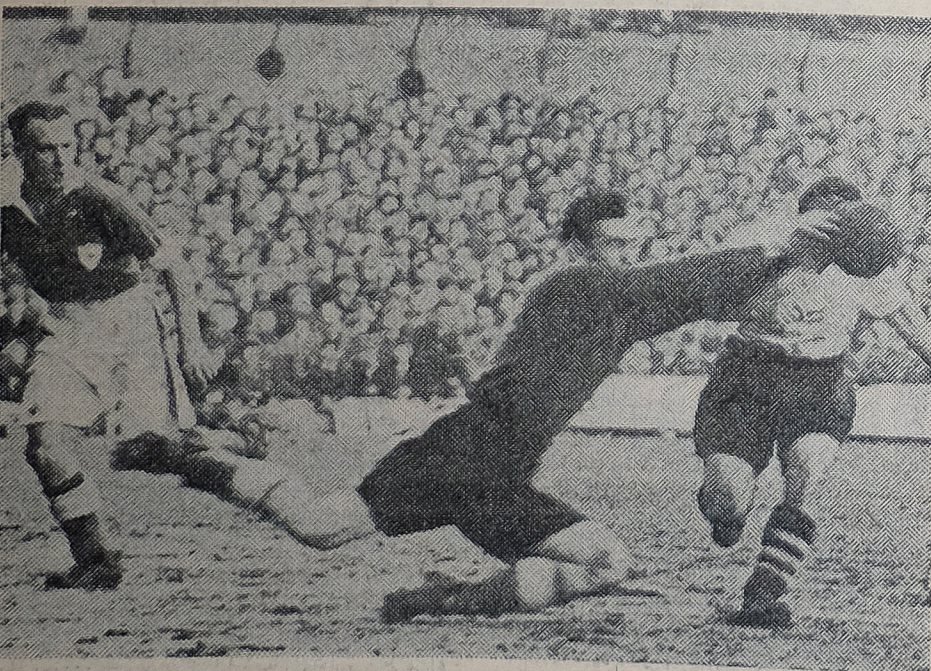

THREE.—Still two goals in at rears, but still fighting. Here is Luton's third — two minutes after their second—when centre-half Hall (5), headed a Small flag kick to Brennan. The inside-left, who can just be seen behind Arnison, "blazed" the ball into the roof of the net, leaving McGraw helpless. 1989D.

Concerted attack by the Town with the inside trio all in the picture. While centre-forward Arnison leaps for a high ball in company with a City defender, Brennan (left) and Kiernan stand by for a follow-up. 1977D.

Brennan heads through a barrage of City defenders during one of the Town's second half raids. 1984D.

Daring save by Leicester goalkeeper, McGraw, when he ran out to take the ball from Kiernan's head. 1981D.

TAILPIECE: Just a few of the thousands who made the train excursion trip to Leicester on Saturday disappearing into the distance down Midland-road. We hope they all managed to see the game, and were not too disappointed. 2007D.
