Wilson LUTON TOWN RES. 1, SWANSEA TOWN RES. 0

Although Wilson, converted into an inside forward for this match at Kenilworth-road on Monday, scored the goal that meant the acquisition of two much-needed points, the move did not prove a success.

More happy in his new role was Morton, who led the attack with rare dash and spirit, and despite the fact that little support was

forthcoming and that Kiley kept

a tight grip on him, kept the visitors' defence at full stretch. He it was who provided the opening for WILSON to score from close range five minutes before the interval. Swansea had a good spell during the second half when Thomas was unlucky with The Mark In against the cross bar, but the Town might easily have increased their lead in the closing stages. Turner, most constructive half-back on the field, brought down

the house with a run that had the Welsh defence going the wrong way and only a fine point-blank range save by Canning prevented him from crowning this splendid bit of individualism with a goal. Morton was eatily the best of

a forward line that did not show a lot of cohesion and did not move crisply or speedily In defence, Turner and Hall were outstanding, and Dunne

made an encouraging first ap-pearance at Kenilworth-road Streten's task was not difficult, but "made" one of the others.
