Just when the Town wanted all their available resources for the fight to get away from the bottom of the Second Division table, they have been dealt a bad blow by the news that the injury Bob Wyldes received at Birmingham on Saturday is so serious that he will be out of the game for four or five weeks.

X-ray examination has revealed that a small bone in the ankle is fractured, and it was stated at Kenilworth-road yesterday that it is unlikely that he will be able to play again before the end of the year.

This means that he will miss the vital Christmas matches with Blackburn Rovers and Swansca Town, but may be fit for the Cup-tie on January 6.

His place will be filled in the home match with Cardiff City on Saturday by switching Billy Havenga to the left wing and The three other players who blow by the news that the injury Bob Wyldes

the vital Christmas matches with Blackburn Rovers and Swansca Town, but may be fit for the Cup-tie on January 6.

His place will be filled in the home match with Cardiff City on Saturday by switching Billy Havenga to the left wing and introducing George Stobbart at outside-right.

Stobbart, who has missed the last three matches, lost his place after the home game with Leicester City on November 4.

On that occasion he played at centre-forward, but has played at outside-right in the last three Reserve matches.

Stobbart's Chance To Regain His Place

HE has already been on the right wing four times in the first learn this season and Wyldes' injury gives him a chance to re-establish himself in the League side.

Havenga, I am told, likes the outside left berth, though the only time he has appeared there since he joined the Town was in the public practice match before the start of the season.

This is the first change that has been necessary in the attack since the team was re-organised. It is a pity that Wyldes should receive such a setback, because

A special meeting of the Town Directors has been called for this morning to discuss whether to go ahead with the negotiations which were begun earlier this week for the transfer of a forward from a First Division club.

Quite a considerable fee is involved and with ready money so short, the Town are anxious not to make a mistake in their buying.

There were only three games in the Premier Division, where Stony Stratford and Shefford Town gained full points, and are placed second and third respectively to Bletchley Town.

A big win by Cranfield gives them the distinction of being the first to reach the half-century of goals, and they have averaged over four a match.

The manager and chief scout made an overnight journey on Monday in order to have a look at the player in his club's private trial match on Tuesday morning and, I understand, that they were impressed with his form.

Even if the transfer were completed this week, it is unlikely that the newcomer would be included in the team against Cardiff.

So far, the Town team has not been announced, but Lake will be available to reinforce the defence, and a deputy will have to be found for Stobbart.

INGLE increased their lead.

The second half started with Vauxhall forcing a series of corners, and from one of these, taken by James, GALLOWAY scored his second goal.

SHARP and MARRIOTT (2) added three more, and INGLE scored number seven just before the final whistle. HOPING to make further pro-gress in the Bedfordshire Senior Cup are Vauxhall Motors, who after disposing of Percival Athletic, last Saturday, are due to visit the holders. As the Town were making their way to Birmingham by road on Saturday, they heard the voice of City manager, Bob Brocklebank, coming over the radio.

Referring to the afternoon's match, he said he was hopeful that his team would end their bad patch and added, "Luton have not won an away match yet."

That brought a chorus of "There's always a first time," from the Town players, who were confident that they could hold Birmingham.
