Problem Of The Forward Line

INVARIABLY in an open space himself, he distributed the ball splendidly.

The Town would have done much better had they made the ball do more of the work instead of running with it and then, after a lot of effort, losing possession

By quick and accurate movement of the ball, they could have saved much energy and their

ball well, showed the capacity to beat the centre-half and, al together, held the line together

Admittedly, he missed a couple of chances, but Stobbart's finishing did not suggest that he was any more likely to score goals than Moore.

Stobbart had some spells of brightness on the wing, but there were times when he could have cut in on the inside of the full-

Mitchell Shooting From Wrong Positions

No one wishes to discourage see Carter, with a grand left-foot too far back in the second half too long to hold out much hope of scoring.

If Mitchell will differentiate between the times to shoot and the times to centre, he will be of more value to the team.

Moore's Lone Hand In The Second Half

N the opening stages, the leftwing worked quite well, with Mitchell able to round Hassall. Scorers For "A" Team but his finishing was not up to standard. Taylor, too opened brightly

but fell away afterwards and he was one who was inclined to rur with the ball After the interval, Moore had to play much of a lone hand in

Defence Had To Cover Up

centre-half, there had to be much covering by other members of the defence and Watkins, in particular, took some of this on his shoulders

He got through a tremendous amount of work, perhaps a little more than he need have done had he not taken the ball through so far in the second half. However, his was a most satisfactory performance and Morton, too. was adequate

Cooke is still uncertain in his Sharpe timing and is not back yet to his pre-injury form.

Streten Saved The Situation

INAKER rarely got the better including a 4.20 allowance of Aherne, who is playing G Hyde, who started from most soundly and consistently and scratch, was second.

who was again most sure-looted FOR THE RECORDS in his kicking.

Hull were not able to take full advantage of the gap down the middle because of the injury to Gerrie, but when they did, it was often Streten who saved the situation by his anticipation in

leaving his goal. Three times at least, he saved the situation when all seemed lost and he certainly made the utmost use of the penalty area.

Owen Is Making Good Progress

NORMAL training will be the rule for the Town this week. News of Sid Owen is that he continues to make good progress. and there should not be much doubt about him being fit for next Monday's replay. In fact, he will probably be ready for Saturday's match.

The Town's two signings from Spennymoor, Scott and Miller, are both serving in the R.A.F. but are likely to be available regularly.

Crowd Trouble For Town Again

FOR the second time within a few weeks, the Town have been ordered to post warning notices around their ground.

This time, it is as the result of an incident during the match with Leicester on December 29, when the City left-back complained that he had been struck by a spectator when he came up against the railings on the Bobbers Stand side during the course

of the game. In addition, the Town have been fined £5 5s., and last Saturday's programme carried another appeal to spectators to report any unseemly incidents to the police or the stewards.

Reserve Players

HE Reserves, who are not due to play at Kenilworth-road again until March I, by which time they will have had three away matches n succession, had a rest on Saturday.

Three of their regulars were included in the "A" team which wor by 4-1 against Vickers-Armstrong at Weybridge.

Leslie Jones took over the unfamiliar role of centre-forward and obtained an early goal, and Sexton and Kelly, other reserve players, also succeeded, as did Cullen, who has had pienty of experience in the Combination
