VOICE OF ARSENAL

Today, we extend a hearty welcome to the players and followers of Luton Town and Brentford. This is the second time during the present season that we have had two guests fighting it out for Cup honours. On the last occasion it was Leyton Orient and Gorleston, who, like Luton and Brentford, were trying to decide at the third attempt who should proceed to the next round. Who would have thought that day, that four rounds later, Leyton would be our opponents. It would be strange, if we are able to win our tie, should we meet

the winner of today's match in a later round. It is not beyond the bounds of possibility, but we qualify this by saying again, that anything can, and does, happen in Cup football.

The surprises this year are still fresh in our minds. The achievements of teams like our friends at Leyton, and Hull City, are just the things which stimulate a far-reaching interest in this great Competition.

We are confident that today's match will be full of the thrills of Cup-ties. With our own interest in the Cup still maintained we shall be watching the outcome with particular concern.
