### **But Napier Sports Were** Defeated Again

Hundred-per-cent records still maintained in the Premier Division of Luton and South Beds League belong to Stopsley and Caddington and there are two teams who are still without a point.

In the latter category are last season's champions, Napier Sports, who went down to defeat again at Woburn and are but a shadow of their former team, Also pointless, so far, are Eaton Bray, who, however, are showing signs of improvement.

Stopsley's performances are LUTON TOWN "C" 3 (Southam particularly impressive, and their Jenkins). SHILLINGTON "A" 0.

The latter's victims were Luton United Hospitals, who have not settled down yet, and in the course of four consecutive defeats they have scored only one goal. Also without a point here are Shillington "A," for whom Luten Town "C" were too strong.

Because of the Bedfordshire Junior Cup-ties, there were few matches in the other divisions, but in Division III, Hunting Percival Apprentices kept up their 100 per cent record, and in Division IV. Boys' Brigade O.B. Reserves met with defeat on their League debut. PREMIER DIVISION

There is a possibility that Jesse Pye will be leading the Town's attack on Saturday on what is virtually his original home ground, for he was born in the Rotherham area, and his return to the team for a match that has developed into a critical meeting of the two leading teams in the Second Division would be invaluable.

Pye's return is dependent, first of all, on whether or not he reports fit by Friday and, secondly, on whether between now and the end of the week, anything comes of the considerable transfer talk there has

Fast, progressive football, plus the acceptance of sufficient chances to take a dominating grip on the game, not only enabled the Town to maintain their 100-per-cent home record, but took them to the top

the thrust and speed of Adam, meant that the left wing was a great success and all turee goals came from these two players.

First was from WATKINS after 23 minutes with a low snot from something approaching the inside-right position after he had created the opening himself. Possibly, Robertson would have reached the ball had not his attention been distracted by Adam passing his foot over the pall without touching it at all. Eight minutes later, Robertson was picking the ball out of the back of the net again when ADAM, who had drifted in from

pushed out a drive from Oscroft. WELL-BALANCED DISPLAY

This was a well-balanced, cohesive display by the Town, and there was effective work from the right wing of Cullen and Turner, with the former more direct than he is on some occasions.

However, a query still remains about the centre-forward position and whether MacEwan eventually be the man to fill it. No one can doubt his enthusiasm and his capacity for taking the weight in the middle, but his finishing was inaccurate and he did not get a lot of change out of Thomson

Always on top, the defence were masters of the situation from the start with great strength in the middle line, where Morton and Owen were outstanding and Shanks was always prominent. There was soundness at full-

back and little in the way of a serious test for Streten until the closing stages.

Cricket FINISHED ON

Town C.C. Unbeaten For Second Season

Luton Town C.C. finished the season on a high note on Saturday when they travelled to

Barnet and beat the Hertford-shire side by 43 runs. They can now look back on two consecutive seasons

they have not been beaten -This record was never in any Highlight of Luton's innings

15 not out. Horace Kippax made 28, but although he was the second highest scorer runs never came freely from his but and he was inclined to be over-cautious.

Doug Randall took four of the Barnet wickets for 29 runs and he was well supported by Ron Gardiner and Ian Davison. Vauxhall were eight runs behind and had one wicket stand-

Leighton made 181 and Vauxhal had scored 173 for nine. Gunn, the Leighton opening batsman, who has played for the county scored 78.

Bowling: D S Randall 4 for 29, P D Gardiner 3 for 22, 1 Davison ; for 18.

so lightly. Once they were over the early settling down stage, the Town re-shuffled attack, the constitution of which was not settled until the morning of the match began to show convincing form Had Scott not been transferred to Middlesbrough overnight, he would have been at inside-left and it was probably a lucky chance for the Town that the deal went through, otherwise Watkins would have been merely

a spectator. Recall of Watkins to tackle once more the job he did so ably during the season before last, proved to be a master stroke, for his quiet, controlled and strong play enabled him to become the player who began a number of the Town's

moves and he rarely wasted a Much of the praise for the smoothness that the front line attained belongs to Watkins, who showed just how good a ball player he is.

LEFT WING DANGEROUS His cleverness, combined with

the wing turned in a cross by Cullen after a fine movement. All this time Stoke had been

most innocuous in attack, with the I own defence firmly and confidently breaking up all their attempts to make ground, and there was little shooting from them.

ADAM'S recond goal of the match came after 66 minutes, when he was left with a gift opportunity after Robertson had dropped the ball from Turner, who crossed it from the deadline.

Not until the closing stages did Stoke become anything like dangerous, and it was while Turner was off the field having attention that BEVANS obtained
