WAS WATCHED AT DERBY LAST **NIGHT: KELLY BACK** their home Spartan League match with Harrow on Saturday.

Back into the limelight comes the Town's Eire International inside-forward, George Cummins, who has been on the transfer list at his own request almost since the start of this season.

When this first occurred several clubs took an interest in him and watched him, but there were no developments. Now, however, there is revived interest in his future on the part of at least two clubs and, with this in mind and also the knowledge that Cummins is still determined to leave Luton, he was included in the Town's team at Derby last night.

ONLY recently, Cummins has expected, Terry Kelly was re-instated after his four goals for the Town manager, Dally Duncan, about the prospects of making a move, and, in view of the fact that Luton does not suit his wife's health, there seems to be little hope of persuading the player to remain at Kenilworth-

So, faced with a similar situation as that which obtained before Jusse Pye left them, all the Town can do now is to make it as easy as possible for Cummins to obtain another club and to try to re-coup a sub-stantial part of the £12,000 fee which they paid Everton during the close season before last.

Two Clubs Were

Watching Him

In pursuance of this policy,
Cummins was included at
inside-left for last night's floodlit friendly and it was expected that two managers would be there to watch him.

A good performance from him could easily lead to a deal being made quickly and, in view of their somewhat limited playing resources at the moment, the Town might not be averse to something in the nature of a part-exchange.

Should another forward follow Pye, Scott and Mitchell, the question of a replacement for reserve strength might well be-come serious and, with this in view, some groundwork has already been put in — in the shape of enquiries, but nothing tangible has been done and the Town will know their position better when the Cuminian situation has been cleared up.

To enable the Town to put Cummins in the "shop window."

John Groves was rested, though it was not at all certain that he would miss the whole of the Kelly Reinstated At

A WINNER FOR EACH TRAP

AT LUTON ON TUESDAY

There was a winner for each trap at Luton Stadium on Tuesday

Favourites won five of the events—including the first four—but there were also 6-1 and 7-1 winners.

The 7-1 winner was Jimmy's Lil in the last race, in which the Totalisator forecast was £10 15s, 3d.

In any case, MacEwan would not have been able to turn out because he received a nasty kick

on the shin midway through the second half at Fulham, but he will be fit by the week-end. A successful showing by Kelly

would certainly keep him in the team for the home game with Swansea Town on Saturday.

Decision About Owen Has Been Deferred LAST night the defence remained unchanged, with

Leslie Hall still occupying the centre-half position to which Sid Owen is not yet ready to return. However, there are hopes that he will be able to play on Saturday, as he has been able to do some training this week, but, about this, a decision is being deferred until later in the week. No team selection for the Saturday matches can be expected until to-morrow afternoon so that

Norman Arnison, the South
African amateur, had a cartilage
operation on Tuesday, on which the Town have had a satisfactory report, and there is a chance that Neville Brown, the young outside-left who has had knee trouble, may be able to play in one of the teams on Saturday. Two Ex-Spurs In

The Swansea Team STILL looking for their first point in away matches—they have lost all seven they have played and scored only five goals against 23 in doing so-Swansea may yet prove to be a difficult

side to beat.

By the acquisition of two players from Tottenham Hotspur, Ron Burgess, the left-half, who was a regular in the Welsh team for so many years, and Arthur Willis, the full-back who played for England against France in 1952, Swansea have secured a leavening of experience to go with their young players.

For a long time now Swansca, have concentrated on the de-velopment of local talent, and when the Town played on the Verch field last season, all the players opposing them had been born within a radius of 10 miles of the ground. Three Inside Men

ex-Spurs, this policy, fostered by an Irishman, Billy McCandwho played much of his football in Scotland and has spent almost the whole of his career as a manager in Wales, has not changed materially.

Most of the team to play at Luton on Saturday are "locals" and all three inside forwards have appeared for Wales.

On view, too, will be Melvyn Charles, brother of famous John Charles, of Leeds United Like John, Melvyn does not mind a change of position, for although be is at right-half at the moment, he has played both at full-back and in the forward line. Probable team is:

King; Willis, Thomas; Charles, Kiley, Burgess; All-church (L), Griffiths, Medwin, Allchurch (L), Jones (C.). In sharp contrast to their poor

away record, Swansea have been consistent at home, where they have dropped only one point out of 14. Cullis And Humphrey

Old Dunstablians 4, Kettering 2 In the first half of this game the Old Dunstablians made some experimental positional changes in their defence. These changes were not, however, completely successful, as Kettering opened the scoring and looked the more

dangerous side.

However, WATSON equalised and LEWIS gave the Old Boys the lead just before the interval. The Dunstablians took a firm grip on the game after the interval and Brown switched back to centre-half. WATSON increased their lead and although Kettering reduced their arrears when they scored after a penalty bully, WATSON scored his third goal after good work by Blake. OTHER RESULT

RECORD SLIPPED BY

Then Fulham's All-Out

A better opportunity to improve their melancholy record at Craven Cottage has seldom presented itself to the Town than in the first half of this match on Saturday, when they had the opportunities to put themselves into a commanding position, but had to be satisfied with being on level terms after looking the better team.

the case in this match, for they found Fulham a vastly different proposition after the interval when their forward line lived up to the reputation they have carved out for themselves.

encouraging to their supporters for right from the kick-off they were dangerous but their finishing was largely inaccurate and so became the quality of their passing.

Having come through the first 10 minutes without disaster, the Town began to do something on their own account, with the result that they caused some scares among a Fulham defence that certainly looked anything but water-tight under pressure.

Groves Adam MacEwan Groves Adam MacEwan (though it was not wholly his fault) and Turner all missed chances that should have counted

At Sudbury on Saturday Old Lutonians paid the price of too many easy matches on their fix-tore list. The experienced Wasps Vandals exposed the weaknesses and limitations of the Luton pack and but for a superlative display of tackling and defensive covering by their backs, the Old Boys' first defeat of the season would have been much heavier. A splendid if undeserved, last-minute try by Walters made the final score appear much closer

than the run of the play warranted I: was obvious from the kick-off that the Old Boys would be hard pressed to maintain their unbeaten record. The Vandals knew how to use their extra weight in the scrums and their height in the lines-out, and the visitors backs now little of the ball. All attempts to break through on the part of the home backs were, however, thwarted by the Lutonians' fine defence in which Fername was outstanding. After 20 minutes a rare defensive error was exploited by the Vandals, one of whose forwards teached down. The

extra points.

The forward line gave one of its best displays and Terry Kelly demonstrated that he is gaining in experience as a centre-forward by scoring four of his side's goals.

CULLEN opened the scoring in the second minute and KELLy increased the lead 16 minutes later when he headed home a finely placed centre by Allen.

Then KELLY and ALLEN jured and after leaving the field

Play was always entertaining and it was refreshing to see Luton shooting for goal whenever weak and more of their attempts went wide than were fielded by

improving after a rather shaky beginning.

Kelly, of course stole most of the limelight in the forward line, but Allen was always working hard and Cummins showed flashes of his best form. Cullen was the better of the two wingers but Tan-
