

POINTER'S PRE-MISHAP BRILLIANCE AGAINST LUTON

ONE OF THE REASONS Burnley's goal-tally only reached three — the six Luton defenders massed on or near the goal-line. This was a near thing when Pointer's shot was almost on the white line. He is on the extreme left. To the right are Robson, Brown, Baynham, Hawks, Pacey, Morton and Dunne.

THE SWING OF FORTUNE. One moment (picture ABOVE), Pointer is at his brilliant best in shaking off his bodyguard Pacey for a swinging drive which passed Baynham like a rocket and went sweetly into the corner of the net. Some 30 minutes later (picture BELOW), Pointer is in the depths of gloom, down — but not out — and being carried off on the stretcher. He came back in the second half, reported on Sunday for X-ray and treatment to the stunned nerves of his leg, and travelled with the team to Leicester.
