

WEBSTER ISN'T LUTON'S MAN!

Luton Town 5 Swansea Town 1

IT took Swansea inside-left Colin Webster only 90 minutes to end four months' speculation about whether he will move to Luton.

Mr. Sam Bartram, Luton's manager, has been interested since Webster starred for Swansea in their 3-2 defeat of Luton at Vetch Field in September. But not any more.

After this untidy match Luton's manager no longer thinks Webster can help his side.

Emergency

I'm not surprised, Webster, along with his four forward colleagues, had a dreadful game.

It was an emergency Swansea attack, but so was Luton's, for three of their first-team forwards (and two defenders) are injured. But at least centre-forward Gordon Turner is back.

Six weeks ago Turner had a cartilage operation. On Saturday Mr. Bartram crossed his fingers, and rushed him into the first team.

It was a remarkable return. Turner scored twice, made another goal, and brought pur-

pose to a young attack. Swansea had no counterpart.

Turner provided a little brightness to punctuate a multitude of misdemeanours.

Other good things: Pacey's 30-yard goal, and a last-minute goal by part-timer Mark Lownds, who scored in his first senior game.

Not-so-good: The frequent bad-tempered fouls and near-fisticuffs. Rotherham referee J. Powell spent most of his time warning players.

He appeared to take the names of Davies and Griffiths, but admitted afterwards that he had booked only one—but would not say whom.

Swansea's centre-half Mel Nurse never looked a £40,000 player. Only Dwyer showed anything above Fourth Division form in Swansea's ragged team.

Goals.—Luton: Turner (1min., 68), Pacey (39), Fleming (65), Lownds (89). Swansea: McNally (o.g., 11).

Luton: Baynham; McNally, Bramwell; McGuffie, Kelly, Pace; Walden, McKechnie, Turner, Lownds, Fleming.

Swansea: Dwyer; Sanders, Griffiths; Johnson Nurse, Davies (P.); Davies (R.), Williams (H.), Donnelly, Webster, Williams (G.).

Swansea goalkeeper Dwyer stopped this shot from adding to Luton's tally. He wasn't so lucky with five others.—G8754X
