MANAGER'S NOTES

Port Vale's black start to the season has been an acute disappointment to all of us. It cannot be written off as ill-luck alone — although Monday's League Cup match demonstrated that the run of the ball is still not favouring us — and everyone at Vale Park is facing up to the fact that the solution rests with them.

Our early failure has certainly not resulted from a lack of spirit and after better performances in the last two games the players are determined to take the team up the table. If the ball won't run for us we must make our own luck.

Results apart, there have been two happy events — and one extremely unhappy occurrence — during the past week.

First we have the visit of our genial supporter from America, Chet Weir, whose 4,000 miles journey to the Potteries with his wife, Marie has captured the imagination of both Press and Public. Chet has quickly made friends with a host of local people quite apart from the Vale fans he had been corresponding with for so long. Potteries folk, true to their nature, have given the couple a warm welcome. Today's match against Bristol Rovers is a happy occasion for them — the annual visit to Vale Park of children from Penkhull Homes which Chet and his fans have sponsored for the past three seasons. May it provide them with many happy memories.

The other happy event this week was the successful introduction into the senior side of three of our young reserves, Terry Alcock, Mick Porter and David Mitchell. All acquitted themselves well and their reception by the supporters was particularly gratifying. I have always been a firm believer in the development of good young local players and this trio alone — there are others — seem to suggest we are working on the right lines at Vale Park.

The really sad note of the week was the accident at Brentford which removed Billy Bingham from the field with a broken leg after only 12 minutes of the game. Billy's popularity as a player has been reflected by the widespread sympathy from clubs, players and spectators, which followed the news. Though it is certain that Billy will be out of the game for the major part of the season at least.

I know all Vale's fans will join me in wishing him a sound recovery.

FREDDIE STEELE,

Manager.

OUR VISITORS...

THE LUTON TOWN Football Club was founded in 1885 and was reputed to be the first club in the South to employ professional players.

They played in the Southern League from 1894 - 96 and were elected the following year (1897) to the Football League Division Two. They are popularly known as the "Hatters" or the "Straw Plaiters".

Luton were in Division Two from 1897 to 1900 when they failed to gain re-election. They then operated again in the Southern League until 1920 when they were elected to the Third Division and in 1921 were members of the Third Division South.

They gained promotion to the Second Division in 1937 after being runners-up the previous season and in 1955 were runners-up and of course were promoted to the First Division where they remained until season 1959 - 60. After a short spell in the Second Division they were relegated with 29 points; they only won one game away from home and lost 17 — the remaining three away games were drawn.

Last season Luton finished in 18th position with 42 points. They won 16 matches, lost 20 and drew 10 scoring 64 goals against 80. We lost at Luton 1-0 and won at home 1-0. This season Luton knocked us out of the League Cup in a recent match at Vale Park.

Luton were quarter finalists in the F.A. Cup in 1933 and 1952.

In season 1936 - 37 Luton scored 103 goals in 42 matches, and of this number Joe Payne scored 55 which was then a record for the Division 3 South. In the previous season the same player made history on his debut at centre forward by scoring 10 goals in a Third Division South match against Bristol Rovers whom they beat 12 - 0.

The record attendance at Luton is 30,059 versus Blackpool in a cup tie in March, 1959.

GORDON FINCHAM (Centre Half)

Transferred from Leicester to Plymouth, and then to Luton in 1963. Is the dominating centre-half who has proved his value to Luton.

MARK LOWNDS (Wing Half)

Signed from Durham in January, 1960. Became full-timer on completion of his Apprenticeship with a local firm. Is a wing-half who likes to get on with the game. A tireless worker.

RAY WHITTAKER (Outside Left)

A Londoner from Bow, his only other club being Arsenal. He gained England Youth International Honours with John O'Rourke in 1962 and 1963, and when we were in need of a Left Wing he was persuaded to join us, in March, 1964. He went straight into the First Team and held his place for the remainder of the season.

JOHN REID (Inside Forward)

Previously played for Bradford and Northampton to whom we made a substantial transfer fee in November, 1963. Has settled down well at Luton. He is a tireless and energetic worker.

BILLY HAILS (Outside Right)

Billy joined us from Northampton in exchange for Harry Walden during the close season. Has had spells with Lincoln and Peterborough also. Is a fast-raiding type of winger who also knows where the goal lies.
