

LUTON CLEAR

Luton 1, Chester 0

LUTON'S third win in a row must end any lingering fears of re-election, but there was little impressive about their display.

A blustery wind was never mastered. Luton did most of the attacking but they lacked the craft to work many clearcut openings.

However, manager Alan Brown's experiment in moving Dougan from centre half to right half looked shrewd enough. Dougan was prominent in the first half with some adventurous runs.

Keith Allen, recent signing from Stockport, got the only goal in the forty-seventh minute. He had to bend low to head in a centre from French.
