FROM THE MANAGER'S CHAIR

We have had to wait a long time for the first away win of the season, but I think the players deserve a lot of praise for the fine show they put on at Lincoln. Several times the team has been near to this away win, and now it has come, I hope it will be the forerunner of more such successes.

The City club has had its disappointments this season, one of the biggest being the early dismissal from the F.A. Cup. The most that we can hope for now is to substantially improve the poor League position. The side has shown some much better results in games over the last two months, but we all realise, and nobody more so than myself, but there is still scope for considerably more improvement.

I think the team is capable of producing this. In the coming months we must concentrate on trying to bring this about and fight our way out of the re-election zone.

Solving team problems in mid-season is never easy but it is a task which will not be shirked, and I will put 100 per cent. effort into the job. I am sure I can rely on the support and enthusiasm of all connected with the club in this drive to re-establish York City into a more respectable position.

New schemes, and a fresh approach, are on the way, and I hope all soccer supporters will strongly co-operate in this determined effort to restore the fortunes of the club. United, we can do it.

JOE SHAW.

YORK CITY DEVELOPMENT ASSOCIATION

MAMMOTH NEW MONTHLY SCHEME

With a view to the future development of the City club, it has been decided to launch a big monthly ticket scheme and the first competition is for the present month of February. It will be a ticket number draw and the following prizes are offered:

First prize	£100	Third prize	£25
Second prize	£50	Fourth prize	£10

This is a co-operative effort, sponsored by the City directors, the Auxiliary Club, the Supporters' Club and the Social Club, and is not intended to interfere in any way with existing schemes run by those bodies.

It is planned as a special effort to assist the City club funds to provide money for the club manager to effectively carry out a team strengthening policy, with special emphasis on next season.

To give the public an opportunity of hearing what is planned in the way of developments, an open meeting for soccer enthusiasts will be held in the Social Club at Bootham Crescent on Thursday, February 8th, at 7.30 p.m., at which all bodies connected with the City club will be represented.

Agents are the key to success for this type of ticket scheme and they can be enrolled at the following places and tickets purchased from them:

Promoter's Office, Mr. G. Teasdale, Bootham Crescent secretary's office.

The Auxiliary Club, 3 Stonegate.

The Supporters' Club, Bootham Crescent ground.

The Social Club, Bootham Crescent ground.

You can get your shilling ticket now. Books are available, and the first draw will be made in the Social Club on Thursday, February 29th, at 7.30 p.m.

SUPPORTERS' CLUB NOTES

Congratulations to the players on their fine performance last Saturday at Lincoln—here's hoping the good work is carried on against our opponents today, Luton Town, to whom we extend warmest greetings.

Luton are up among the promotion challengers and look as though they are beginning to recapture some of the glory of a few years ago, when they were a First Division side.

I am very pleased to be able to report that after much hard work, Supporters' Club Chairman Arthur Butler has been successful in launching a match-ball donation scheme.

This scheme gets under way today and the first donor is well-known civic personality Councillor Jack Wood, also well-known in the city for his connection with the York Sportsmen's Guild, etc. After the match the ball, at Councillor Wood's request, will be presented to Heworth A.F.C., York and District League members.

Mr. Butler is now busy trying to arrange ball donors for City's remaining home games this season. Any firm or individual who would like to participate in this scheme, which will save City a fair sum of money over a season, is asked to notify Mr. Butler or any Supporters' Club official.

We hope we can rely on your support for the new monthly draw scheme. Tickets will be on sale today. The success of this scheme is vital to the future of our club, so please give this venture your support.

Make a note in your diary of this date—2nd March. It is the night of the Supporters' Club Dinner at Betty's Restaurant. Tickets now on sale from social secretary Albert Ruddock.

JEFF MORTIMER.

TODAY'S MATCH BALL

The match ball for today's City v Luton game has been donated by Councillor Jack Wood, well-known sporting personality in the city. The City club would like to express its appreciation of his gesture, and hope that his example will be followed by other wellwishers of sport.
