### PROGRAMME NOTES

### LUTON TOWN

That's better. Three points from two away games since we last met here have boosted morale sky high in the club, and given the side a really solid lift up the table.

However, we are not out of the wood yet, and need to consolidate on this latest magnificent effort of six points from four games a little while longer before we can start feeling real relief.

Still, this is a start, and a great tonic for everyone, especially, we hope, the loyal fans who have stayed with us during the black days of the season.

After that pulverising win against Swansea at Feethams, which gave us our first victory for a long time (too long to be healthy), Ray Yeoman took the boys down to the Vetch Field and they thoroughly proved the display at Darlington was no fluke with a great one-goal win.

And what a goal that was by Jimmy Lawton—quoted by many at the ground as the finest they had seen that season. Jim's return to the Quakers' fold has done us and him a tremendous amount of good. Long may it continue.

In the first Swansea game, young Chris Neal made a debut that should be a prelude to a lot of appearances in a Quaker senior shirt. He made a tremendous impact in that first game, and we shall no doubt be hearing a lot more of this talented youngster.

However, even though we took all the points off Swansea, perhaps the best performance of the three was against Southend last Friday, though the side left it dangerously close to closing time before big John Peverell scored the equaliser with a magnificent header.

Now we come to a real test, against the Fourth Division leaders, Luton. They gave us something of a hiding down there just before the present revival, but shouldn't expect such an easy game this time.

While everyone here wishes our guests every success for their almost certain promotion, this new mood in our side won't mean any charity this afternoon.

★ **STAR SPOT**

**JIM LAWTON**

**JIM LAWTON'S** return to Feethams from Watford a few weeks ago caused some raised eyebrows. He hadn't done anything with Swindon or Ken Furphy's club, so why should he do it again for the Quakers?

Why, indeed? But, whatever the answer, he's doing it, and emphatically. Three goals in four games are the positive proof. But the less tangible assets are the chances he's laying on, and the confidence and drive he's helped instil into the rest of the side, especially the attack.

The Quakers look to be moving rapidly towards safety now. When they do achieve this state of grace they can look back and ask where it all began. Undoubtedly, though obviously one man doesn't make a side, the process started with the return of this goal-man band.
