THE THIRD DIVISION SCENE

TODAY'S MATCH COULD DRAW DIVISION'S BIGGEST CROWD

By Tony Pullein

The visit of near-neighbours Luton Town, the best supported Third Division club, could draw the biggest attendance anywhere in this division this season. Luton top the list so far with the 19,315 for their home game versus Mansfield Town.

The chart below lists Third Division clubs according to their average attendances for League matches up until last Saturday; it also indicates the highest and lowest crowds on each ground to date. Watford, incidentally, drew Reading's top attendance of 11,926 when we wrecked their 100 per cent home record.

Worst gathering in this section was 2,592 for Southport v Gillingham but, before we start despairing as to how any club can exist on such pitiful support, it is worth making some comparisons with the French First Division. When Ajaccio recently entertained Sedan their fans knew that victory could well place them on top of the table. Arsenal, in such a situation, could guarantee a 35,000 gate . . . Ajaccio's attendance was just 2,500!

On that particular day the top French attendance was 15,000 to see their champions St. Etienne meet Nantes in a top-of-the-table battle, and only four other grounds reported five-figure attendances.

The following weekend, three Dutch First Division matches fell below the 10,000 mark with FSC drawing only 6,000—about the average attendance enjoyed by our Gillingham—for the visit of DOS Utrecht.

One interesting point emerges from the chart below—Luton's highest attendance was bigger than the aggregate at Southport for all their matches so far!

	Aggregate	Average	Highest	Lowest
Luton Town	92,025	15,334	19,315	12,965

Supporters' behaviour!

WE are sure that today is the one day that all Luton and Watford fans have been looking forward to—this key Third Division encounter. We extend to officials, players and the large following of Luton Town supporters a most cordial and warm welcome to Vicarage Road. There has always been excellent relationships between the officials of both clubs and today it is our turn to play hosts to our friends from Bedfordshire. May we appeal to both sets of supporters to exercise restraint and behave themselves and not resort to violence. By all means cheer heartily and be partisan but remember football is still a sport and recreation and should be treated as such. Thank you.

Well, our visitors managed by the astute Allan Brown, their ex-inside forward in their First Division days, have made an excellent start to the season and are making all the running in the division at the moment. Their side has experience, skill, youth and determination, which is the ideal combination. During the close season combined transfer fees to the extent of approximately £35,000 brought Mike Harrison, outside-left from Plymouth, Brian Lewis from Coventry City and Laurie Sheffield from Oldham. This has considerably strengthened their team.

Our record League gate at Vicarage Road was season 1936-7 against Luton when the attendance was 27,461. Will that record go today?

Last Saturday a grand fighting display gave us a deserved win at Crewe and has given our boys that much-needed confidence. Two goals by Stewart Scullion and a penalty by Keith Eddy clinched our second away victory. Unfortunately Brian Garvey received marching orders just before half-time for a tackle on Gordon Wallace who broke his leg for the third time. In the opinion of the local evening sportswriter the decision was extremely harsh, with which opinion we concur. Brian, who plays a wholehearted game and is one of our most consistent players, has an excellent past record and is certainly not a vicious player.

Congratulations to Mike Walker on his selection for the Welsh under-23 team against England last Wednesday at Wrexham. He must stand a good chance of a full cap this season.

Brian Owen's suspension ended last Monday and he will be in line for selection for today's match.

Next Tuesday evening we journey to Walsall for a Third Division League match, kick-off 7.30 p.m.

We have been asked by the Football Association to stage an Amateur International on Saturday, November 9, when England play Wales. We have gladly accepted the invitation.

Some more interesting facts regarding the survey of the football spectator. The survey was carried out by the British Market Research Bureau Ltd. among some 900 supporters. They were shown a list of possible improvements in different aspects of the game and asked which of them they thought would be particularly desirable. Their answers are set out as follows:

Percentage of supporters who named

	Wanted most of all	Particularly important
More comfort for spectators ...	22%	49%
Fewer crowd disturbances ...	17%	40%
A higher standard of skill ...	15%	30%
Cleaner play ...	12%	33%
Lower admission prices ...	9%	28%
Matches on Sundays ...	9%	23%
More goals ...	6%	15%
Better refereeing ...	5%	18%
None of these/Don't know ...	6%	6%

Easily the commonest demand is for improved ground amenities well ahead of all the other improvements checked. The small number of people who mentioned "more goals" suggests that there is relatively little concern over the defensive tactics adopted by some teams.

CLASSIFIED RESULTS EDITION SATURDAY

The Manager Writes . . .

Luton's fall from grace has certainly been arrested after three years in the Fourth Division and they travel to Vicarage Road today as leaders of the promotion stakes in Division Three. This is a vital game for both sides and the destination of the two points could point towards the eventual promotion winners. Our recent run of six points out of eight with three of the games away from home, has restored most of our confidence after a faltering start and we will be all out to reverse our League Cup defeat at Luton.

Derby games tend to be fast and furious and the expected large crowd should lift the players to even greater effort.

We have had only one incident this season of the obscene chanting that burns the ears and sickens the heart because of the harm it does to this great game. There are knockers enough from outside the game without the help of some who profess to be supporters of it. Cheer and applaud as much as you like but with so many eyes and ears tuned in to this match let us be a credit to the clubs we support.

TODAY'S OFFICIALS

Mr. Norman Burtenshaw makes his first appearance at Watford this season, his last visit being December 30, 1967, on the occasion of our match with Bournemouth. He has now served seven years on the Football League list of referees and also on the F.I.F.A. list. In 1965 he was a linesman at the Cup Final between Leeds and Liverpool and was in charge of the Amateur Cup Final in 1966. He has also had several appointments in the Inter-Cities Fairs Cup and European Cup Winners Cup.

Mr. Grey comes from Gorleston and is making his first appearance at Watford for the Football League following his appointment to the League list this season. He has been a referee for eight years, the last three years on the Football Combination list. He is 33 years old and interested in cricket, rifle shooting, tennis and gardening.

Mr. Goodfellow comes from Birmingham, although he is a Geordie by birth. By profession he is a Technical Superintendent in charge of the Chemistry Department at the University of Birmingham. He commenced his refereeing career in 1952 and has been on the Football League list for eight seasons and has received many F.A. appointments and Inter-Cities Fairs Cups appointments in that time. Much of his spare time is devoted to the administration of junior football in the Birmingham area where amongst other appointments he is Vice-Chairman of the South Birmingham League of Referees, Secretary of the Central Birmingham Alliance and Secretary of Birmingham University.

Welcome to our Visitors

Luton Town

Billy McDerment (left back). Was signed from Leicester City as a right back but most of his team appearances were at left back. At one time last season he was almost the permanent substitute and in all, managed 20 first-team appearances which qualified him for a championship medal.

Terry Branston (centre-half). For him last season was a personal triumph because, not only was he a member of a promotion team for the fourth time during his career, but he fulfilled his ambition of making the full quota of League appearances. Born at Rugby, where he still lives, Branston spent nine seasons with Northampton Town, accompanying them in their rise from Division IV to Division I.

Ian Buxton (inside-right). When Rodney Green went down with cartilage trouble early last season, there had to be an immediate search for another striker, and Buxton was signed from Derby County for about £11,000. Missed the beginning of the season because of his commitments with Derbyshire for whom he is a very useful all-rounder.

Max Dougan (right-back). First signing made by Allan Brown shortly after he rejoined the Club. A fee of about £7,000 changed hands when this ex-Scottish amateur International left Leicester City, his caps having been earned with Queen's Park. With the arrival of Terry Branston, the idea was to convert Dougan into a right-half, but he finally settled in at right-back where he was a regular for the greater part of last season.

Graham French (outside right). Born at Wolverhampton. Has previously played for Shrewsbury, Swindon, Watford and Wellington before joining Luton in October, 1965. Has several Youth International Caps for England.

Keith Allen (centre-forward). At the moment it is difficult to forecast exactly where Allen will settle down this season. Originally he began at inside-right, but spent the bulk of last season in the middle; in the pre-season practice matches, he has been playing at right-half, where he turned in some superlative performances in emergency during last season. This is a position for which competition is likely to be particularly brisk. Signed from Stockport County in exchange for Derek Kevan; previously with Portsmouth and Grimsby Town.

Bruce Rioch (inside-left). Without doubt the Town's biggest asset as a player and he is just 21. Is a natural footballer whose skill developed quickly last season, when he was easily the club's leading scorer even though he was used as the midfield link. Was born in Aldershot, but spent most of his schooldays in Luton and has been with the Town since he was 15.

Alan Slough (right-half). Is a true local product because he was amateur and apprentice with the Town before signing as a full-time player. In his early days he was a full-back and could conceivably still be required for this position, but plays extremely well in either wing-half berth.

Tony Read (goalkeeper). Begins the season, as he did last time, when he missed only three matches, as the first choice goalkeeper. Yet there was a time when it looked possible as if he would make a name for himself in the forward line. Probably holds the distinction of being the only goalkeeper to have scored a hat-trick in League football. Was born at Haydock and began his career with Sheffield Wednesday before moving to Peterborough United. Joined Luton three-and-a-half years ago.

Brian Lewis (right half). At the moment, it is by no means clear where the Town's most expensive signing for years—from Coventry City—will finally play. In the temporary absence of Ian Buxton, Lewis is destined to start at inside-right where he had considerable experience at Portsmouth and Coventry. However, most of his 20 First Division games last season were in the half-back line.

Mike Harrison (outside left). During the latter part of last season, several favourable reports were submitted on this player, who was then with Plymouth Argyle. These induced the Town Manager to make a £7,000 offer to his former Luton right-wing partner, Billyingham, who is now in charge at Home Park. Born at Ilford, Harrison began his first-class career with Chelsea, from which club he moved on to Blackburn Rovers where he established a first-team place.

Laurie Sheffield (centre-forward). One of the Town's big close season signings from Oldham Athletic. Born in Swansea has been with five League clubs.

MEET THE NEW PLAYERS (4) Barry Endean

Barry is our recent signing from Pelton Fell in County Durham. Born in Chester-le-Street, he has spent all his life in County Durham and played for Pelton Fell Football Club in the North-West Durham League.

Some years ago he was invited to have a trial with Everton but after a short stay with the Lancashire club, decided to return home. Previously he was playing in the same youth team as Terry Garbett.

Towards the end of last season he was spotted by our representative and invited to Watford for a trial. This proved quite satisfactory and he would have returned again but an injury prevented him from doing so. He again came to Watford to play against Southend United at the beginning of this season and so impressed the manager that he immediately signed him on professional forms.

So far, in four appearances, he has found the net on three occasions and in addition he came on as substitute for the second half of the first-team game at Hartlepool.

A welder by profession, his only interest outside football is swimming.

Young Supporters of Watford

Graham Hickley (6)

Graham Hickley was happy when I spoke to him after the Bournemouth match but, apparently, if the "Hornets" lose, his parents tell me, he frequently goes straight to his bedroom and mopes.

Graham, aged 14, is now in his fourth season watching the "Hornets," and during this time the number of home matches he has missed can be counted on the fingers of your hands. He has also been to quite a few away games, and two of these will always stick in his mind for quite different reasons. One of the first away matches he ever saw was the F.A. Cup game against Corinthian-Casuals, when Watford won 5-1. And the highlight of this game, as far as Graham is concerned, was when Duncan Welbourne, playing at right half, sped down the right wing with the ball and from the near corner flag had a shot-cum-cross which completely deceived the opponents' goalkeeper and rocketed into the corner of the goal. The other game was last season's match at Lowestoft, when locally everything was under several inches of snow and many games had been called off. Graham made the journey by train with a friend and was delighted to find the immediate area around Lowestoft snow-free. But before the game started a blizzard blew up and many anxious minutes passed before the match began after the ground staff had swept clear all the pitch markings.

Graham had difficulty in naming his favourite player, but as he likes playing in defence himself chose a defensive player in Johnny Williams, whom he feels has improved tremendously over the last season or so, and also because of the way he plays the overlapping full-back's game.
