With the League programme scheduled to end earlier than ever before because of England's commitments in the World Cup, there are extra stresses on teams in the next few months.

Particularly will this be the case for those who are fortunate enough to make progress in the League Cup in which the Town begin next Wednesday with a visit to Peterborough United.

This is something that will not be undertaken lightly because, although Peterborough are a division lower and had a disappointing time last season, they will certainly not be easy to beat on their own well-appointed ground.

Draw Would Do

Doubtless, there will be satisfaction in the Luton camp if they can finish on level terms and stage a replay at Kenilworth Road on the following Tuesday.

Supporters will have noticed that all home mid-week matches this season will be played on Tuesdays.

This is thought by Manager Alec Stock and coach Jimmy Andrews to be the day of the week that causes less disruption of the training programme and

the theory is that supporters will not mind seeing their football a day earlier than they are used to.

The manager has also had some success in persuading the clubs that have to be visited in mid-week to stage their matches on Tuesdays.

Exception

Only exceptions are the away games with Reading and Fulham which will be on Wednesdays and, of course, the League Cup-ties.

While the club will obviously want to

make progress to the glamour rounds of the now highly successful League Cup, no one is going to forget that the prime aim of the club this season is to secure promotion to the Second Division.

That is a position which is more in keeping with the club's reputation and traditions.

After the near miss last season when the team made a tremendous finish which was not quite good enough to remedy the lack of away success before Christmas, Luton must be one of the favourites for the big prize.

Manager Stock, however, it too old a campaigner to take anything for granted and he knows full well that it will be a long and arduous struggle.

On the face of things, the Town should get off the mark today with a victory over Barrow who fell away after being one of the front-runners in the early part of last season.

Avoided Drop

So badly did they falter that, at one time, there was a distinct possibility that they would suffer the drop but, in the end, they avoided this and they have been doing some judicious team-building during the summer.

However, their record on this ground cannot be too encouraging to them because they are still looking for their first point here and, on their last visit, crashed by 5-1.

Obviously, many people will be waiting to see how the Town will fare without Bruce Rioch whose transfer to Aston Villa was one of the big stories of the close season.

Naturally, the club are convinced that their action was correct and that their promotion chance will not be affected.

In point of fact, unless there has been some dramatic transfer news in the last

few days since these notes were written, it can be taken for granted that the manager has not yet completed the complement of players which he feels is necessary.

The Priority

Two more forwards are his priority, but, rightly, he has not rushed into the transfer market, but is waiting until the players who he thinks will fit in here are available.

Obviously, he has the men he needs in mind, but it is so easy to make a mistake in football and he can afford to wait for the right man and the right moment to step in.

Tough Task

On the face of things, next week is going to be an arduous one for the team. After their visit to Peterborough, they are due to meet Bournemouth next Saturday at Dean Court, a ground on which they achieved a brilliant victory last season.

Bournemouth have their own pre-tensions towards promotion, and this is a tough fixture with which to begin the away programme. In their task, the Town are bound to have a large following and they can use all the encouragement that comes their way.

Hectic Build-up

The pre-season build-up has been quite hectic because there have been a number of friendly matches for both teams.

The seniors came out pretty well with two victories, a draw and only one defeat, which came at Aldershot a fortnight ago when the team was somewhat below strength.

In these games, the inevitable injuries have come along, but it is hoped that near enough the first choice side would be available this afternoon.

Front Row: Dr P. J. Burrows, Mr T. Hodgson (Director), Max Dougan, Mr J. A. C. Bain (Director), Mr L. S. Hawkins (Vice-Chairman), Mr A. T. Hunt (Chairman), Mr R. I. Burr (Director), Terry Branston, Mr H. Richardson (Director), Dr C. J. Buckingham.

Bob Readhead, Secretary

From Bob's Office

In welcoming supporters to the first League match of the season, I would remind those interested that a few season tickets are still available at £10 10s for the centre stand and £8 8s for the wings.

Those who buy them will have the additional advantage this season of gaining automatic membership of the new Hatters' Club, the luxurious nature of which has already impressed those who have come to our pre-season friendly matches.

Advance Sale

For those who do not wish to commit themselves to the outlay for a season ticket, tickets for individual matches in the centre stand at 10s each will be on sale at the club's offices three weeks in advance of each home match.

The first edition of our new style programme is now in your hands and, naturally, we hope that you will like it.

Comment Invited

Any comment which you may like to make – good or otherwise, together with any suggestions, should be addressed to the Programme Editor, c/o Luton Town FC, Kenilworth Road, Luton.

As the season opens, we make a heartfelt plea for good crowd behaviour and full co-operation with the police. In this respect, the reputation of the club is at stake, and we hope that the small section of trouble-makers will bear in mind the possible consequences of their misdeeds.

Please Return

One worrying aspect that has cropped up already is that, at the last two home matches, we have lost three practice balls.

These went into the crowd during the pre-match kick around, and were not returned. As these balls cost £10 each, it will be clearly seen that the club cannot

tolerate conduct of this sort and I appeal to the sportsmanship of those responsible to return the balls and no further action will be taken.

Any Donors?

While on the subject of footballs, in the past few seasons there has been a steady stream of people who have been kind enough to donate one for various matches.

Now, the source seems to have dried up, only temporarily, no doubt, and we hope that this most valuable help will continue to be given.

Request Records

Supporters are invited to make suggestions for records to be played before each match and during the interval.

Any that I receive will be handed on to our 'disc jockey', John Buttle, who will endeavour to meet the demand, though it may be impossible to meet with some 'way out' requests.

Supporters may be interested to know that next week's issue of *Jimmy Hill's Football Weekly* will include a full page colour photograph of Mike Keen.

Now all that remains for me is to wish you an enjoyable afternoon and the hope that this will be a happy season for us all.

The Vauxhall Breed's got style.

We were granted the licence for the Hatters' Club on 6th August, but we must point out that we are not permitted to open until fourteen days have elapsed. Therefore we hope to open the Club on Saturday, 23rd August.

NEW LOOK BARROW SEEK CONSISTENCY

By Tony Pullein

Last November, Barrow were joint leaders of the Third Division, with a clear lead over Swindon and Watford, when they hit a spell of thirteen games without a win – the worst sequence in Third Division soccer last term. At the end they were struggling to avoid relegation.

New manager, Norman Bodell, doesn't relish another flirtation with relegation and his rebuilding plans consisted of a big clear-out at the end of the campaign.

It's possible that today we could see as many of seven close-season signings, plus two more men who linked with the club at the tail end of last season, in the side. Only time will tell if these new Barrow boys can find a winning touch and provide more consistency this season.

By far the most experienced new signing is goalkeeper George Heyes, the likely replacement for Fred Else who acted as temporary player-manager for a while last season and who is now turning his hand to administrative duties. Heyes, a one-time Bolton junior, commenced his professional career with Rochdale in the late fifties.

Banks's Understudy

Leicester were impressed and took him on in 1960. Unfortunately, Gordon Banks was then striking the form that was to make him England's first choice and George spent most of his five years at Filbert Street as understudy. A move to Swansea in 1965 gave him regular League soccer again and he made ninety-nine League appearances before leaving during the summer.

Charlie Cooper worked his way through Bolton's junior teams for his League baptism in 1960/61. For the past three seasons he had held a fairly regular place in their Second Division side at full back.

Young Signings

The remainder of Barrow's summer signings were younger players, yet to prove themselves in League soccer. Players like centre-half Geoff Street, who kicked off with Manchester City without making their first team; Southport gave him his chance in League soccer two seasons back.

Barry McArthur made a good start in First Division football with Nottingham Forest four years ago: he hit four goals in seven matches – but was never given another chance.

Billy Garbett made occasional appearances in Shrewsbury's side over the past couple of seasons but didn't manage to hold down a regular spot. Wing-halves Brian Dean (from Blackpool) and Frank Hollis (Leicester) have yet to taste League football.

Beat Deadline

Tony Morrin and Dick Davis arrived on the eve of last season's transfer deadline as Barrow fought desperately to avoid the drop.

Morrin, an inside-forward, had made occasional appearances for Stockport but hit three goals in Barrow's final fourteen League games. Davis enjoyed his first League football with Plymouth in 1962/63.

After two seasons at Southampton, Bristol City signed him in 1965 but it was only after his latest move that he begun to establish himself at senior level.

Danger Men

Danger men in attack are David Storf and Jim Mulvaney. Storf, the former Sheffield Wednesday and Rochdale winger, was top scorer two seasons back while Mulvaney, who joined Barrow from Hartlepool two years ago, took over this mantle with eighteen goals last term.

Wing-half Mike Hartland spent a couple of seasons with Oxford before joining Barrow in 1965. The only locally developed player is Brian Arrowsmith who has missed only a handful of games since his debut in 1962. Centre-half Brian needs only two more matches to chalk up 300 League appearances for the club.

No Point Yet

Barrow have yet to take a point from Kenilworth Road. Last season, on 26th March, we triumphed 5-1, goals from Brian Lewis (2), Bruce Rioch, Alan Slough and Keith Allen taking us to victory. Our full League record against Barrow is:

	P	W	D	L	For	Ag	Pts
Home	3	3	0	0	11	4	6
Away	3	1	1	1	1	3	3
	6	4	1	1	12	7	9

FOOTBALL plus LUXURY

—this is the aim
of the
HATTERS' CLUB

OPEN DAY
IS ON
SATURDAY 23rd AUGUST

Why not drop in?

OUR NEW HATTERS' CLUB

By Harry Haslam, Entertainments Manager

Innovation for the new season is the Hatters' Club which is richly and luxuriously furnished, and is now open to members. It has been our aim to give maximum comfort to members and the room will also be available for private functions.

When the room is being used for that purpose, we have an equally comfortable bar room downstairs which will be available for members.

Price of membership is £2 or £3 for husband and wife, but it is free to those who are the holders of season tickets. Membership forms can be obtained at the Offices in Kenilworth Road or at the Pools Offices, 231 Dunstable Road.

Steward of the Hatters' Club is Mr Ken Whitfield and he and his staff will do all in their power to make your visits enjoyable.

Town Calendar

Don't forget to buy your Luton Town FC calendar. We are the first club to produce a novelty of this kind and we think it will be popular with all supporters.

Not only will they have a calendar from August 1969 to July 1970, but, also 24 first-class photographs including the Chairman, Mr A. T. Hunt, the manager, Mr Alec Stock, and the players.

Price at only 5s is tremendous value and calendars can be obtained from the Pools Office or from the Supporters' Club Shops on the ground.

Bonanza Girls

May I now mention our Bonanza Girls whom you will see situated in various parts of the ground, dressed in the club colours, selling our Bonanza tickets.

This season, we hope to see some big cash prizes won, and other prizes will include, our novelty 'Goali' transistor radios, free seats for the matches and free tickets for the Odeon Cinema.

Tickets are only 6d each. Don't forget, the more you buy, the bigger will be the prizes. All winning numbers will be

drawn by the referee on the day and announced over the loudspeakers. They will also appear in the local Press.

New Radios

Don't forget to visit the Supporters' Shop where you can buy your 'Goali' transistor radio, price £3 15s.

This is indeed a novelty, 2 inches in diameter and the exact shape of a football, in black and white, of course. During the week, they can be obtained at the new Pools Offices, 231 Dunstable Road, phone 30748.

Now, I hope that you will be armed with our new style programmes, in good voice and ready to settle down for the first game of the season.

UP THE HATTERS!

TODAY'S REFEREE

RON CHALLIS

RON CHALLIS, now starting his second season as a Football League referee, has already had a taste of European soccer. Last season he was a linesman for the Linfield v Vitoria Setubal Inter-Cities Fairs Cup-tie in Belfast.

It was while serving with the RAF in Singapore that Mr Challis started refereeing, after injuries had curtailed his playing career. After demobilisation he started officiating in junior football in Kent until ten years ago when he was appointed to the Southern League list.

His keen interest in the game is pursued off the field, too. Until recently relinquishing the post, he was for eleven years treasurer of the Kent Referees' Society.

Last year he was elected the first chairman of the newly-formed Southern League Referees' and Linesmen's Association but, as he was appointed to the Football League, he had to relinquish that post at the end of last season.

Married with two sons, Mr Challis lives in Tonbridge, Kent, and is employed as production officer on the ICI Magazine. One of his hobbies is collecting programmes of matches he has controlled. "I've saved every one where a programme was issued," he says.

NEWS FROM THE SUPPORTERS' CLUB

By FRANK SHEPHARD

In these first notes of the new season, I would like to outline once again the various functions of the Supporters' Club.

We aim to cater for the needs of all supporters, by organising travel for members and also to see that they have the opportunity to meet socially.

First and foremost, we must not forget our motto, and that of all members of the National Federation of Football Supporters' Clubs which is 'To help and not hinder'.

This means that we must give to the football club any help, both financially or otherwise that may be needed.

Join Today

If you are not a member of the Bobbers' Stand and Supporters' Club, join today. Subscription is 1s 2d a year, or £1 1s secures life membership.

On this ground, there are two Supporters' Shops where all your soccer needs can be met. This season, many new lines are available, and I shall be telling you of these from time to time.

Travel organised by us to the various away matches is for members only and those who use the Club transport are covered by a special insurance from the time of boarding the coach, and includes any injury that may be sustained on an away ground.

Our Bobbers' Club is open every day and you can always depend that the topic of conversation will be 'The Town', so come along for a chat.

Watch This Page

We must congratulate the management on the new style programme and thank them for allowing me to present these notes to you.

Please watch this page each week for items of interest and various sales patter.

A welcome to any Barrow supporter who may have made the long journey and we look forward to meeting them in the Club later.

£25,000 prizes paid so far this season

I make no apology for appealing to you through this programme to back us in our Pools efforts.

We, as a club, are dedicated to success. Every season we must make a further step forward, and in the higher spheres it's money that counts. We know that only the best is good enough, and having the best depends on the wholehearted support of our fans. In urging you to become an agent and participate in our Pool, I want to emphasise how much it can mean to us. On its success depends a glorious future for the club and that means it ultimately depends on you.

If you can assist us you will be contributing invaluable help in making this club what you have always dreamed it could be. When I tell you for every 1s. ticket sold, 6d. will go to making Luton Town a bigger and better club, with ground and improved amenities for supporters. Above all it will enable us to strengthen the side when it becomes necessary and build a team capable of higher grades of football. The prospects are breathtaking, all we need is your co-operation.

Go to the Pools Office NOW! Start an agency with ten or more members. Or fill in the form below and post or hand it in.

Please note that our new office is at 231 Dunstable Road, Luton. Telephone: Luton 30748
