SPOTLIGHTING

LUTON TOWN

by TONY PULLEIN

Luton have knocked a few records flying in recent years. Trouble is, they were all the wrong sort—dropping from the First to Fourth Division, etc. But now they are balancing things up. After gaining promotion from the Fourth Division in 1968, they narrowly missed further upgrading last season. At the moment they are firm favourites to regain the Second Division place forfeited in 1963.

The Hatters are the only unbeaten side in Third Division games and, while they have dropped a couple of surprising points at Kenilworth Road, they have failed to win only one of their away League games—that was a tough affair at Bradford City where they did exceptionally well to come away with a 1-1 draw.

They won 1-0 at Bournemouth, 2-0 at Gillingham, and 3-0 at Southport. In the League Cup they drew 1-1 at Peterborough (winning the home replay 5-2) and won 1-0 at Second Division Millwall, after being held 2-2 in the first meeting. They were due at Sheffield United for a third-round game this week.

Last Saturday Luton dropped their second home point — the first went in a 1-1 draw with Halifax—when, after twice being in arrears, they were held 2-2 by lowly Shrewsbury Town. Alan Slough had the unusual experience of scoring for both sides in that match—the only man to do so in a Football League game so far this season.

With his side now perching happily on top of the table, manager Alec Stock can laugh at those critics who slated him for selling Bruce Rioch to Aston Villa for £100,000 during the summer. Rioch had been their chief goal-getter for three seasons but his absence certainly hasn't been noticed, for Luton now have two men in the top of the Third Division goals chart, and no fewer than 11 players have found the target for them—more than any other Third Division club.

Shrewd Stock pulled off a real scoop in that Rioch deal. He lost one hot-shot but, in his place, he bought **three** new strikers — Malcolm MacDonald (from Fulham), John Collins (Reading) and Matt Tees (Charlton)—plus a brilliant young centre-half—Chris Nicholl from Halifax—and still had a few bob to spare from that £100,000!

Result: Luton have scored more, and conceded fewer, goals than at a comparable stage last season. Their scoring list, excluding their mid-week League Cup-tie, is: MacDonald 8, Allen 5, Collins 4, French 2, Lewis 2, Sheffield 2, Branston

Spotlighting Luton Town (continued)

The Hatters haven't got a very impressive past record at Home Park, winning only three times in 23 visits in the League. The situation at the moment is:—

	P	W	D	L	For	Ag	Pts
Home	23	15	5	3	50	23	35
Away	23	4	9	10	31	42	17

Their last trip here was on October 19th last:—

ARGYLE (2) 2 LUTON (0) 0
Burnside, Piper 12,659

Argyle: Dunne; Reeves, Neale; Saxton, Molyneux, Piper; Davey, Bickle, Trainor, Burnside, Maher.

Luton: Taylor; McDerment, Jardine (Brown); Allen, Branston, Slough; Buxton, Lewis, Sheffield, Rioch, Whittaker.

When Luton's managerial seat became vacant last season they made a bold move in appointing Alec Stock, one of the most experienced bosses in the game. He was player-manager of the fabulous Yeovil side which got to the fifth round of the F.A. Cup in 1949; he managed Third Division Queen's Park Rangers to win a Wembley Cup final success, and later led the same side from the Third to the First Division in successive seasons.

The Luton club was formed in 1885, playing friendly matches until being accepted by the Southern League nine years later. They maintained a good position, gathering sufficient support to gain admittance to the Second Division of the Football League in 1897.

Things didn't go so well, though. Serious financial problems arose and, when they finished second from bottom in 1900 they didn't bother to apply for re-election. So it was back to the Southern League where they remained until the first division was taken over en bloc to form the Third Division (South) of the Football League in 1920.

They had to wait until 1937 before they regained Second Division status, which they held until a fantastic finish to the 1954/55 campaign saw them scrape into the First Division on goal-average. Contrary to most people's expectations, Luton made a good impression in the highest sphere, and by 1959 they were good enough to earn themselves a Wembley visit to meet Nottingham Forest in the F.A. Cup final. Unfortunately, they struck a complete off-day and, though Forest played most of the game with only 10 men, Luton were still defeated by two goals to one.

Luton's fortunes took a dramatic turn from that day at Wembley. Twelve months later they were relegated to the Second Division, in 1963 they sank into Division Three, and two years later—disaster, disaster!—they plummeted into the Fourth Division.

Spirits were so low that no one believed the club could ever pick itself off the ground. But they put their backs to the wall, former manager Allan Brown picked up the fragments and restored some semblance of order about the team. In 1968 they were walk-away champions of the Fourth Division. Oozing with confidence they strode like a Colossus in the Third, only narrowly missing promotion last season.

It is early days yet, it is true, but it seems it is going to take a mighty good side to shift this Luton team from the top two places. Given luck, and freedom from injuries, Luton may well this season complete the second stage in their recovery programme which they hope will eventually take them back to the First Division.

It's my view

by Billy Bingham

OUR WINNING sequence was bought to a temporary halt at Fulham on Saturday, although on the whole we felt we deserved a draw at least.

Our attacking play was exciting to watch, with our two full backs giving extra support on the overlap. However, moral victories don't get you points and we have to face the harsh fact that we conceded four goals.

It's this happy balance between attack and defence that we have still to find. This game was attractive for spectators, as Fulham played an open type of game, allowing our team to do the same.

The game was a severe trial for young Colin Sullivan on how to deal with a winger of Jimmy Conway's type. Colin got a little bit of a chasing, but as the game progressed, he was getting a better grip of the winger.

This was an experience no amount of coaching in the world can replace. Don Hutchins gave another bright display on the left wing. I feel that Don is now beginning to find his feet in the first team and his change of pace will cause a number of full backs trouble this season.

Today we do battle with my old club Luton Town, who are riding high at the head of the Third Division table. Luton's revival was stimulated by my old colleague Allan Brown, now at Torquay, and is now being sustained by Alec Stock.

How football fortunes fluctuate. Luton are now in the ascendancy while Northampton, not so long ago, were looking down from a First Division perch at Luton in the Fourth Division, and are now at the bottom of the Fourth Division looking up.

We are looking forward to a tremendous match today and two points will give us great satisfaction.

Finally, congratulations to our young apprentice Paul Chapman, who is becoming a fully-fledged professional. The usual initiation ceremony will, I'm sure, be carried out, by the rest of the player's! Never mind, Paul, it's happened to us all!

Our thanks — and yours

talks to . . .

. . . Norman Piper

THE now-familiar name of Norman Piper has figured on Argyle's much-changed team sheets for so long that it's easy to forget that he is still only 21.

Yes, 21 — and still learning. He remains a starlet with a big future — a fact that it's even more difficult to believe after glancing at the foot of this page and finding that he is fast approaching his 200th game for the club.

It seems like only yesterday that Piper trotted out on a wintry afternoon at Portman Road, Ipswich, to make his League debut. But it was way back in January, 1965, and he was just 17 then.

Football has been good to Piper in the intervening years. Indeed, no local discovery since the war has managed to attract so much international attention. He was a regular in the English youth side, and has twice been called up for trips to other countries as a member of F.A. touring parties.

His second trip last summer was an unforgettable experience. It took him right across the world and brought him invaluable experience. He played in six of the 11 matches on tour, and scored seven goals.

His selection certainly dispelled the theory that youngsters in this part of the country are too far away from the big centres to have their talents recognised.

"I don't see it that way at all," says Piper. "I admit that I was once worried about being left out in the cold. Then, out of the blue, came a letter from Sir Alf Ramsey's office breaking the news of my selection.

"I soon found that anything was possible after all. It gave me encouragement to battle on for more honours, and then came notification of my selection for the second tour.

Chances like this make you feel grateful to be in football. I thoroughly enjoyed the travel part of it, too, and am

Norman Piper with his fiancée, Miss Cheryl Wallace, a hairdresser, who lives in Plymouth

naturally keeping my fingers crossed for the next time."

All this may never have happened if it had not been for that historic freeze-up in 1963 when almost everywhere football came to a standstill. But for the freeze-up Piper may never have got the chance to break into the Second Division.

For conditions were so bad that he spent three months walking round St. Andrew's waiting for a promised trial with Birmingham City. So back he went to his home in North Tawton, North Devon, to resume playing in local football with Hatherleigh.

Eventually reports of Piper's promise reached Home Park, and off went talent-spotter Ellis Stuttard to sign him up. Piper had only been to see Argyle once before, but he didn't need to think twice about trying his luck with them.

After appearing in a variety of roles, including a 10-match spell at left-back, Piper finally found his niche—foraging in mid-field and surging forward on those impressive runs.

His greatest strength—as far as Manager Billy Bingham is concerned — is his ability to keep defenders occupied by his persistent chasing all over the field.

It is a quality in his play that Manager Bingham reckons is often greatly under-estimated.

WHAT THE PAPERS SAID

FULHAM 4, ARGYLE 3

All credit must go to Argyle, who found themselves twice two goals down in the second half, but they rallied magnificently and only a great display by Ian Seymour in the Fulham goal prevented them from snatching a point.

—ROY HOROBIN (Sunday Express)

Argyle came back with easy goals by Reynolds and Bickle, but Conway settled things with another fine goal. Conway, who played in eight different positions last year, gave the first genuine 10-star performance I've seen all season.

—DREW RENNIE (People)

Trailing 3-1 after 53 minutes, Argyle scorched back to force Seymour to a string of dazzling saves. He could only blink when Reynolds thundered in a 25-yard volley, but Conway added another before Bickle came along with a glorious low drive that left Seymour gasping.

—SUNDAY MIRROR

After so much defensive depression, this match was like a breath of fresh air. It was packed with exciting incidents, and the goals flowed thick and fast.

—HARLEY LAWER (The Independent)

ARGYLE 2, STOCKPORT COUNTY 0

The tonic of the early goal gave zest to Argyle's performance. Not surprisingly, they outplayed Stockport in midfield and took advantage of careless marking to busy themselves with numerous shots.

—RAY HEAD (Western Morning News)

Admittedly Stockport were no great opposition, but how often have we seen poor sides come to Home Park and sneak away with a point or two? Give Argyle credit this time for settling down to a brisk attacking game and securing victory.

—GRAHAM HAMBLEY (Western Evening Herald)
