Crash... Bang... Wallop!

17-10-70 2964

MIKE KEEN is saluting what he thinks should be a goal, but Bolton goalkeeper Alex Boswell has other ideas. Boswell, aided by the giant figure of Charlie Hurley, punches the ball away from Keen and centre-forward Malcolm Macdonald, while Bolton No. 6 John Hulme keeps his distance.

Left: The joy of scoring is there in this picture. Right-back John Ryan is the man getting the congratulations from Macdonald and Don Givens after he has sent over the go-ahead centre for Givens's goal.

DANGER: DON AT WORK

WHO'D be a photographer at a football match? Post cameraman Peter Hoare must have wondered whether it was all worthwhile after Luton Town's Don Givens had knocked him flying.

Hoare still feels sore from the effects of Givens's left boot in his kidneys.

Terry Richards took the picture from the safe distance of the touchline.

SCOTS winger Jimmy Ryan slips a Bolton tackle and sets out on another raid. It was Ryan who started the move for the second goal.

Mac out of luck

LEADING scorer Malcolm Macdonald was out of luck this time. Big centre-half Charlie Hurley easily dealt with the high balls that the Town kept on throwing at Mac. In the second half, though, Macdonald should have been given the chance to increase his goal tally with a penalty after he had had his shirt ripped down the back.

THE GIFTED GIVENS

DON GIVENS, Luton's Eire international, prepares to attack. He had already scored Town's second goal with a great header.
