

LUTON REGAIN SCORING FORM

By ERIC NICHOLLS

Luton 4, York 0

Luton, with only one win in 10 weeks and two goals in five games, put their indifferent form behind them at Kenilworth Road last night by hitting York for four.

Full of fight, but decidedly short on class, York had a nervous Luton in trouble in the first half, but could produce no real threat, despite the efforts of Cave.

So it was Town, recovering their composure and their appetite for goals, who went in at half-time one up, Husband curling in a shot when Anderson touched West's cross back to him.

Best to come

But the best was still to come. Luton sensed they were back on the goal trail as the Yorkshiremen slumped into a mood of impending doom.

Aston once again skated past the unfortunate Oliver, his cross was deflected to West and in went No. 2. Moments later, King headed the third from a Husband cross.

Still there was no stopping Luton and each time York managed to reach their opponents' half they were greeted with ironic cheers.

Anderson had time to pick his spot for Luton's fourth after Husband had cut the York defence to pieces and Oliver kicked another goal-bound effort off the line from West.
