Now, a small desk-top copier for large copies.

The Xerox 2830 has arrived.

The Xerox 2830 – the small, compact copier that sits conveniently on your desk, makes large size-for-size copies AND deals extra quickly with your day-to-day document copying.

Now you can make instant copies of say, a graph, computer printout, artwork, or pages from large volumes – at the touch of a button.

For everyday copying, the Xerox 2830 will copy onto plain paper and coloured paper of varying weights and sizes, pre-printed letterheads, punched paper for filing in standard binders, self-adhesive labels for mailings – even transparencies for your presentations. The versatility is enormous, the copying speed fast for a copier this size... 20 copies a minute on continuous run. Means you can speedily cope with every kind of copying job around the

office: invoice copying, presentation documents and reports, mail shots and addressing. And simple controls means its easy to use.

There's a 'job interrupt' facility, too. Means that even when you're in the middle of a long copying job, someone else can take a "one-off" copy without you losing your sequence. You can also take "one-off" copies on different sizes and types of paper, again without interrupting workflow.

All this, and Rank Xerox nationwide service – the most comprehensive, the most geographically widespread.

Lawrie McMenemy

Today we start what has turned out to many people's surprise outside the club, three games in seven days which will decide our fate as regards a place in the U.E.F.A. Cup next season. In the away match at Stoke last week, although our goal did not come until the final minutes, we made enough chances throughout the game to justify the draw we gained. It also showed the character and spirit of the team that in three of our last four away games we have come from behind to either collect the three points or earn a draw. With only one defeat in our last seven away games it shows that we are growing in confidence that we can get results away and not only rely on our home record to collect points. What we must make sure of, however, is that we do not slip up at home and that we take the maximum three points today otherwise the point earned at Stoke will be lost.

Today's visitors however will be no easy match. In the past few weeks Luton have battled really well and along with their undoubted footballing talent have pulled themselves out of the bottom three and will I have no doubt provide as stern opposition as Liverpool did in our last home game. David Pleat has earned the chance to compete for another season in the First Division and it is a real credit to him and the players that although they have been in the lower half of the table for most of the season, they have given entertainment as well as providing players for the international squads. While on the subject of international squads, it was pleasing to see that again this week we provided four players for the national teams with Peter Shilton captaining England to the important 2-0 victory over Hungary in the European Nations Cup.

Let's hope that today we can not only repeat the result of our last home game against Liverpool which, anybody who came to or saw on the television would agree, had everything that is good about football.

Also in looking forward I hope that on Tuesday we can not only gain some compensation for our away defeat at Spurs earlier in the season but also collect the three points to keep our European hopes alive, while denting theirs. I would ask you to really give the lads your best vocal support today and again on Tuesday and I hope that you all will enjoy the game. I look forward to seeing you all again on Tuesday for the visit of Spurs.

EUROPE A REAL POSSIBILITY!

It is amazing that with only three weeks of the season left the chase for the four UEFA Cup places is still within the reach of possibly ten clubs. If Manchester United win the F.A. Cup and qualify for the European Cup Winners Cup and with Watford and Aston Villa favourites for two of the places it leaves the remaining clubs, including Saints, chasing the remaining two places and it looks likely that it will not be decided till the last Saturday of the season. Below are the remaining fixtures of those clubs:

Arsenal — Watford (A), Man Utd (H), Sunderland (H), West Ham (A), A. Villa (A)
 Everton — West Ham (H), Coventry (H), Luton (A), Ipswich (H)
 Forest — Man. City (A), Liverpool (H), Norwich (H), Swansea (A)
 Stoke — Aston Villa (A), Luton (A), Coventry (H), Spurs (A)
 Tottenham — Liverpool (H), Saints (A), Birm'ham (A), Man Utd (H), Stoke (H)
 West Ham — Everton (A), Ipswich (A), Notts C (H), Arsenal (H), Coventry (A)

RESERVE REVIEW

Saturday April 23rd at The Dell
Saints Res 0 v Arsenal Res 0
Teams: Saints: Sperring; Blankley, Juryeff, Knill, Dixon C.; Dixon T., Madden, Collins, Stagg; Lee, Baird.
Arsenal: Wood, Hollins, Devine, O'Shea, Gerabaldi, Keown, Cork, Gorman, Hayes, Lee, Campbell.

Following some early Saints pressure, which resulted in an Ian Baird header from a long Dave Madden throw in going narrowly wide, the visitors could have taken the lead three times in the first twenty minutes but on each occasion poor finishing let them down. Tim Dixon nearly opened Saints' account when he broke clear but shot narrowly wide from a difficult angle. Minutes later and it was Ian Baird on target only to be denied by a brave save by George Wood who, in Saints' next attack, was in action again denying a sharp looking Ian Baird once more. At the other end it was the turn of Ally Sperring to save the day with a fine finger tip save from the visitors' Mark Gerabaldi.

corner an Alan Knill shot was blocked at point blank range by keeper Wood who needed attention following his efforts. As the half progressed, Dave Madden became an increasing influence in the Saints side and had two shots saved and saw another go narrowly wide before two consecutive corners by the Gunners reminded Saints that it was still a very close encounter which could go either way and nearly did in the last minute when Madden made a fine run and got in a superb cross which had the Gunners defence gratefully scrambling the ball away for an unproductive corner. Although the final scoreline showed no goals it does not do credit to the game which for the most part was thoroughly absorbing and had more than its fair share of on target shots and fine saves.

Saturday April 23rd at Stoneham Lane
Saints "A" 2 v Pegasus 0

With Saints fielding one of their youngest line ups of the season with no fewer than nine schoolboys in their ranks they did extremely well against a hard running Pegasus side who found themselves a goal down midway through the first half when Duncan Burns did well to create a chance for Paul Stanhope who made no mistake from close in. The second half saw the young Saints gaining in confidence and playing with a maturity which belied their inexperience in years and which brought them a well deserved second and decisive goal from Dennis Wise.

Eamon Collins

Tim Dixon

As the half time interval approached and both teams made strenuous efforts to take the lead it was Saints who looked the more likely with Eamon Collins and Ian Juryeff both testing Scottish International Wood. The second half started with both teams having their fair share of early play without really threatening until after seven minutes, following a

Luton, needing points to guarantee their First Division future, come to The Dell looking for a repeat performance of the one they laid on here on their last visit in December 1977. Both clubs were chasing promotion from the Second Division at the time and the Saints were unbeaten in nine home League games that season.

But a goal 18 minutes from time by Ron Fitcher gave Luton full points and their first League win on this ground for a quarter of a century. Our last home win over Luton was also by a solitary goal in April 1977, Alan Ball scoring very early in the game.

Clashes at Kenilworth Road have produced more goals in recent years and the Saints have usually come out of them pretty well. Indeed, we looked certain to make it three wins in a row when we led 3-2 with only a couple of minutes to play there in November this season.

Goals from Danny Wallace and Keith Cassells had put us well in command by the interval but the Hatters hit back in typical style through Ricky Hill

David Armstrong scorer of Saints third goal in our 3-3 draw at Kenilworth Road earlier in the season.

LUTON HOPE FOR REPEAT

and Brian Stein to level the scores. But, when David Armstrong edged us in front again with only six minutes to go we seemed to have knocked the stuffing out of the home side.

Yet they still found the effort to strike back again with defender Clive Goodyear hitting the ball home with only a couple of minutes to go.

We won both our previous games at Luton and our visit in April 1978 was a critical one for us. We were third in the Second Division table, pursued hotly by Brighton who were aiming to push us out of the promotion bracket.

There was no score until the 52nd minute when Ted MacDougall put the Saints in front. Ricky Hill equalised eleven minutes later and then there was deadlock. Whilst one point would probably have suited us, two would give us that extra bit of breathing space and the pressure was really on David Peach when we were awarded a penalty two minutes from the end.

With the club's future probably hanging upon his effort, David slotted the ball home to give us full points and put us on top of the table. We then needed two points from two games to be mathematically certain of returning to the First Division.

In October 1976 David Peach converted a penalty early in the game and then scored from open play to put us 2-0 in front at the interval. Though Brian Chambers reduced the arrears for the Hatters, further efforts from Ted MacDougall and Nick Holmes made it 4-1 to the Saints.

400 UP FOR NICK HOLMES

Nick Holmes hopes to make his 400th first-team appearance for the club against Luton this afternoon — just nine years and two months after making his debut against Arsenal at Highbury. It has been an eventful career that has taken him to all the major grounds in England and seen him step out at Wembley on three occasions. Nick numbers among only three Saints people who have taken that famous walk out into the Empire Stadium with the club three times, sharing the distinction with former defender David Peach and manager Lawrie McMenemy.

And he's now the only player at The Dell who was on the professional staff when Lawrie McMenemy arrived during the summer of 1973 though Malcolm Waldron was attached to the club on schoolboy forms.

So Nick is now the club's elder statesman as he looks back on a highly successful association dating back to his signing as an apprentice in

August 1970. It was in November 1972 that he joined the professional ranks and it was in March 1974 when he stepped out gingerly at Highbury to make his First Division debut.

It was certainly an awesome occasion for the fresh-faced Nick as he was included at centre-back facing the famous John Radford and Ray Kennedy, then Arsenal's twin strikers.

He was surrounded by big stars. Bob Wilson was in the Arsenal goal, Pat Rice and Sammy Nelson the full-backs. Alan Ball and Charlie George were Gunners' players at the time and little Georgie Armstrong was on the wing.

The Saints' team was: Martin, Byrne, Mills, Fisher, HOLMES, Steele, Paine, Channon, Gilchrist, Peach, Stokes.

Arsenal won the match 1-0 thanks to a 16th minute goal from Alan Ball with a half volley from the edge of the box. He later joined the Saints and is one of the players whose attitude Nick has admired during his career.

Nick made only one other appearance that season, when being called on as substitute for the injured Terry Paine at Burnley in the April. A 0-3 defeat almost certainly doomed us to relegation and for the next four seasons Nick played his part in taking Saints out of the Second Division and back to the top flight of League Football. His first goal was at The Dell when Notts County were the visitors and it helped Saints to a 3-2 victory.

One of the highlights of Nick's career was undoubtedly in 1976 with the Saints F.A. Cup run, finishing up at Wembley.

Memories of that great clash with Manchester United will remain indelibly inscribed upon Nick's mind for life. For much of the time it was an epic struggle against all-star United.

Then came that magic moment when Jim McCalliog lobbed the ball over a square United defence and little Bobby Stokes nipped in to place a perfect ball well wide of Alex Stepney's left hand and marginally inside the post for our winner.

Few Saints fans will need reminding of the Saints' team that day but, for the record, it was:

Turner, Rodrigues, Peach, HOLMES, Blyth, Steele, Gilchrist, Channon, Osgood, McCalliog, Stokes.

After that Cup victory Saints' Manager Lawrie McMenemy changed the side into one he felt would win promotion.

Indeed, it was to be two more years before we gained promotion but victory at Wembley earned the club a place in the following season's F.A. Charity Shield game against the League Champions Liverpool at Wembley.

The match was settled in Liverpool's favour by a John Toshack goal shortly after the interval.

Over the next couple of years the Saints' team

underwent many changes, one of the constant members being Nick. In fact, in the match when we ensured our promotion — a 1-1 draw at Orient in April 1978 — Nick was one of only two survivors of our Wembley success. David Peach was the other.

The 1979 League Cup run also stands out in Nick's memory, especially the semi-final against Leeds when having been two down halfway through the first leg, goals from Steve Williams and Nick gave them a draw and then victory by 1-0 took Saints and Nick to their third Wembley appearance in three years.

That Wembley appearance had added lustre, for Nick marked the occasion with a goal.

David Peach had given us a half-time lead but the Forest side came out for the second period a vastly different proposition, gradually taking control of the game.

Garry Birtles scored twice and Tony Woodcock made it 3-1 when Nick brought a brief moment of hope back for the Saints when he ran through to score two minutes from time. Sadly, there was not enough time for us to recover.

Below: Nick scores his 50th League goal against Liverpool in our last home game with a tremendous volley from 25 yards to give us a 3-2 victory

As well as those Wembley appearances the two away League games that Nick remembers were the 6-2 victory at Wolves and the 6-0 victory at Carlisle while the 5-0 League Cup victory over Derby County at The Dell is one he remembers well. Although he admits that our last home game against Liverpool takes a high place in his memories as it is not often in his career he has been on the winning side against Liverpool and to score twice was a very welcome bonus.

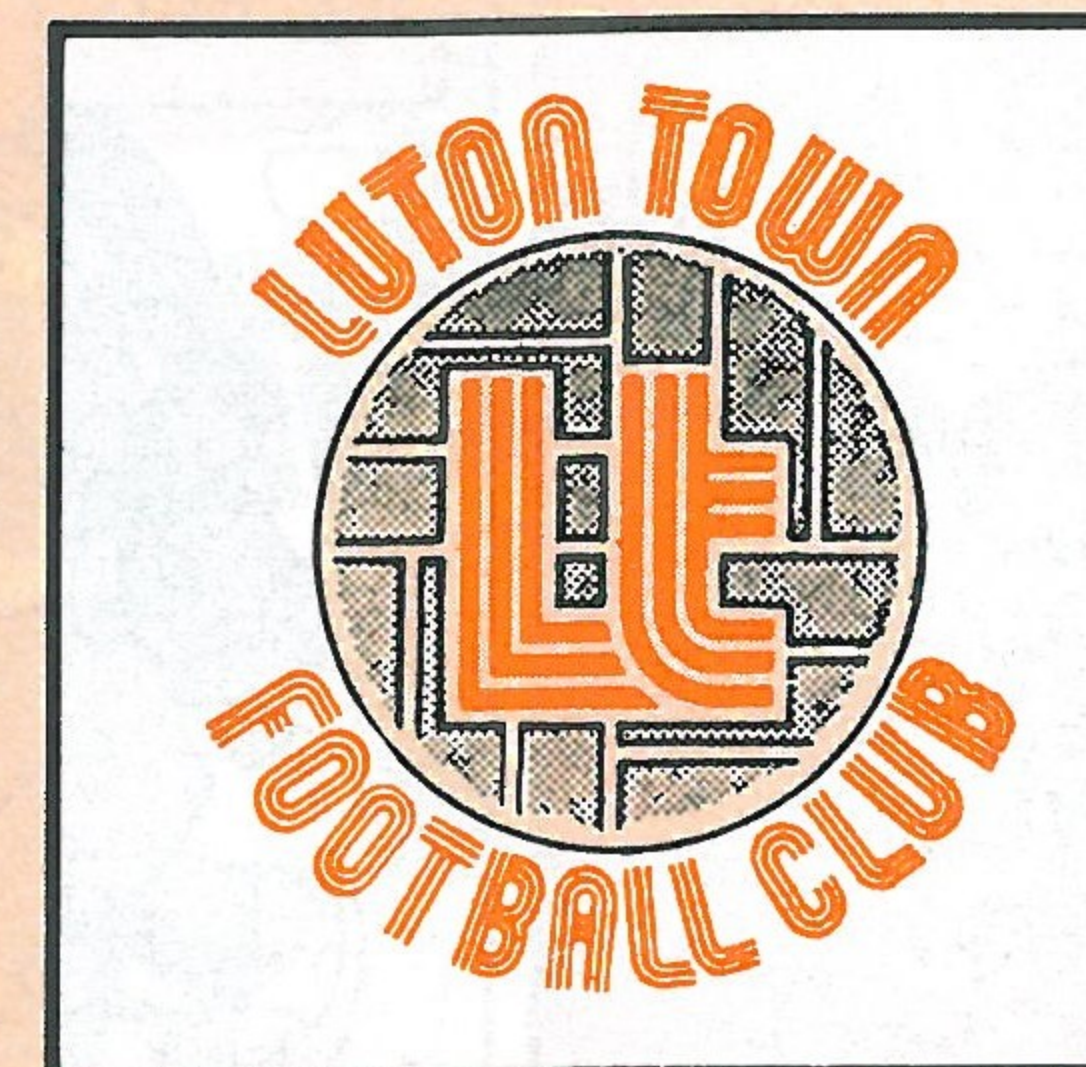

Nicks consistently high level of performance is reflected in his appearance record. In the first four seasons after our return to the First Division, he missed only eight matches.

And now today he marks his 400th first-team game for the club. It is also his 195th in the First Division so he will shortly be hoping to mark yet another milestone.

Nick is Hampshire born and bred and has over the past 12 years, become one of the most respected players on the staff. In that time he has been a great club member, playing in just about every position, and this loyalty and his honesty as a professional was rewarded three years ago when manager Lawrie McMenemy appointed him club captain. He is also president of the Isle of Wight Supporters Club, his wife Carolyn hails from the I.O.W. where he is now president. Nick has taken a well earned testimonial as a reward for his loyalty to Saints over the years.

They reached the fourth round of the Milk Cup after ousting Charlton (3-2 on aggregate) and Blackpool (4-2) at Kenilworth Road. They went out at Tottenham by 0-1.

In the third round of the F.A. Cup the Hatters ran up a fairly easy 3-0 win over Fourth Division Peterborough with Brian Horton (penalty), Ricky Hill and Paul Walsh scoring the goals.

They bowed out to Manchester United (0-2) in the next round at Kenilworth Road.

Luton's best run in the F.A. Cup came in 1958/59 when they reached the final during a previous spell in the First Division. Unfortunately they failed to find their form at Wembley and went down 1-2 to a Nottingham Forest side reduced to 10 men by an injury to Roy Dwight.

This is their third spell of First Division football. They first rose to the top in 1955, remaining for five seasons. When they came up again in 1974, they suffered immediate relegation.

TODAY AT THE DELL LUTON TOWN

Although Luton are still fighting for First Division survival, it is very unlikely that they will adopt negative defensive tactics here at The Dell. "We reached the First Division by trying to play entertaining football," explained manager David Pleat. "Our best chance of staying up is to play the way we know best."

It's refreshing to find a manager of courage who puts the good of the game above any short-term club problems and football people throughout the country hope the Hatters can survive as a First Division club.

Injuries have taken a heavy toll on Luton. Leading scorer Brian Stein has spent many weeks on the sidelines and has only recently been considered for a first-team recall. While goalkeeper Jake Findlay is out for the rest of the season.

BRIAN STEIN first played in Luton's League eleven in 1977/78 and for the past two seasons has been top scorer with 19 in 1980/81

and 21 last season. He was leading again with 15 in December when he was laid low. And this wrecked the partnership built up between him and Paul Walsh as an attacking duo. At the time Walsh had scored 12 goals but, after Stein's departure, Walsh didn't score again in four months until last Saturday when he grabbed a hat-trick to celebrate Brian Stein's return to action.

PAUL WALSH is a former England youth cap who was Charlton's top scorer with 13 goals last season. He was valued at £330,000 when Luton signed him last summer.

Because of this dearth of goals, Manager Pleat felt compelled to go into the market for a new striker before this season's deadline. He completed the transfer of **TREVOR AYLOTT** from Millwall for £55,000 and it wasn't long before the new man started to recoup that fee with some valuable goals.

Trevor began his career with Chelsea, making his League debut

in 1977/78. He made some 30 senior appearances for the Stamford Bridge club before joining Barnsley for £50,000 in 1980. He scored 15 times for Barnsley last season and then joined Millwall during the summer for £150,000. Another fairly recent arrival in the side is centre-back **PAUL ELLIOTT**. Paul made his way into Charlton's first-team only last season but Luton paid an initial sum of £95,000 to sign him in March. When he has played 60 First Division games and won three England caps, Charlton will receive a further £50,000.

Luton signed goalkeeper **TONY GODDEN** on loan from W.B.A. when Findlay was injured. Tony was a reserve player with Gillingham and it was after moving on to West Bromwich that he made his League debut in 1976/77. He lost his place in the Throstles' first-team a few weeks ago.

Team performances were bound to be affected by the many changes forced upon the side.

The versatile N. Ireland international **MAL DONAGHY** has been playing in the second central defensive position. He has also played for club and country at left-back and in midfield. Mal joined the Hatters from Larne for £20,000 in 1978 and was ever-present over the past three seasons. He played for N. Ireland in the World Cup finals and now has 20 caps. Kirk Stephens and Richard Money are the usual full-backs.

KIRK STEPHENS was signed from Nuneaton for £5,000 in 1978 and he was drafted into Luton's senior side four seasons ago. He celebrated his 150th League appearance this season and is expected to be their right-back today.

RICHARD MONEY was signed from Liverpool for £100,000 last season. He began his career as a midfield player with Scunthorpe and played for Fulham until joining Liverpool for £350,000 in 1980. Brian Horton and Ricky Hill have been fixtures in midfield, and during the past few weeks Raddy An-

ternational, who joined Luton from Spanish club Zaragoza in 1980.

WAYNE TURNER made his league debut in 1978/79 and spent several weeks last season on loan to Lincoln. He can play midfield or at left-back.

DAVID MOSS is Luton's third forward, providing the openings for Paul Walsh and Trevor Aylott. After making more than 250 appearances for Swindon, Moss joined Luton for £90,000 in 1976. He scored 13 times in his first season, 24 in 1979/80 and 16 last term.

Luton have won four away games in the First Division — at Birmingham (3-2), West Ham (3-2), Brighton (4-2) and Nottingham Forest (1-0). They drew at Tottenham (2-2), Liverpool (3-3), Stoke (4-4), Sunderland (1-1) and Notts. County (1-1). The Hatters were beaten at Aston Villa (1-4), W.B.A. (0-1), Coventry (2-4), Swansea (0-2), Everton (0-5), Norwich (0-1), Ipswich (0-3), Arsenal (1-4) and Watford (2-5).

Luton, runaway champions of the Second Division last season, were realistic enough to appreciate that they were not going to win the League Championship just yet. So Mr. Pleat pledged his team to play the sort of rip-roaring attacking football that sent the fans home happy.

The Hatters' first seven League games produced 38 goals — very nearly six per game!

Indeed, we were involved in quite a game when we went to Kenilworth Road in November. We led 2-0, then 3-2 with the home side making it all square at 3-3 with only minutes remaining.

Though they were scoring so many goals, Luton were also conceding a lot so it was natural for Mr. Pleat to look for some improvement in his defence. Then the loss of Stein robbed him of much of his goals power.

So it has been a very difficult season for the Hatters who still need every point they can get in order to preserve their First Division status for another year.

Junior Saints Club

Hi everyone,

I have been very pleased with the response to the recent quizzes and competitions that have appeared in the last few programmes. At one stage during the season, it was the same members who entered week in and week out. With so many good prizes available for the winners and runners up, I am surprised it has taken so long to see the new names appear. Keep up the good work all of you and let's hope we get many more entrants in the future.

MATCHDAY MASCOT

We extend a very warm welcome to 10-year-old Mark Terry (237) from Holbury. Mark attends Holbury Middle School where he recently passed the entrance examination for The Gregg School in Southampton. He is a very keen footballer and plays in midfield for local Tyro side "Itchen Tigers". He also enjoys playing snooker but tells me that his ambition is to one day play football at "Wembley". We hope your dream comes true Mark.

OCS SOCCER COACHING CLINIC

All members who were chosen for this special course should note that the date is *NOW Monday 9th May* and *NOT Monday 2nd May* as printed in the Brighton programme. SOCCKER SKILLS

Burger King Soccer Skills Competition

This year sees a slightly different format to our annual Soccer Skills Competition. Firstly, together with the Echo we now have another sponsor in Burger King of 98 Above Bar, Southampton. This sponsorship has enabled us to go further afield and invite more 11-13 year olds to take part in the event. 120 local schools were invited to enter their teams and we had a fantastic response from more than 80 — so next year we should see even more entries.

As before, all the schools competed against each other until four schools from each region were represented. The next stage was for the four schools from each region to compete against each other — every school went home with a prize — an autographed Saints football.

The winners, however, will be seen today showing their talents in ten different football skills, all having had a Whopper Meal at Burger King and each school receiving a cheque for £100 from the Sponsors.

The culmination of today's finals are a tribute to the organisation of the Saints' Youth Development Officers and of course from the sponsors whose help has been invaluable in reaching the finale today.

We know that the lads from the schools have been looking forward to this day for a long time so let's make sure they have a day to remember.

SAINTS

A CHRONOLOGICAL HISTORY OF SOUTHAMPTON FOOTBALL CLUB 1964~65

During the course of this current season each League match programme will chronicle the happenings of a Saints season, featuring this week 1964-65

Though we eventually finished fourth in the table, we never quite found the consistency to launch a serious promotion drive. We once again pitched our faith in attacking football and our total of 83 League goals was bettered by only one other club – Derby (84) – in the Second Division.

George O'Brien topped our scoring list for the fourth time in five seasons, claiming 32 this time. O'Brien's tally included all four goals in our 4-0 Dell drubbing of Charlton and hat-tricks against Rotherham and Plymouth.

Our 6-1 victory over Rotherham here in the November was notable in that both O'Brien and Martin Chivers hit hat-tricks.

Another Saints' hat-tricker that season was Terry Paine, in the 3-3 draw with Derby at The Dell.

We scored two splendid victories over Charlton. Before beating them here by 4-0 we won 5-2 at The Valley, coasting to a 3-0 lead by the interval.

One new signing during the early weeks of the season was English international midfielder Jimmy Melia from Wolves. Jimmy had won two international caps in his Liverpool days, he was transferred to Wolves in 1964 but left to join us within the year. He later played for Aldershot, Crewe, Southport and now, of course, Brighton.

Another new arrival was goalkeeper Johnny Hollowbread from Spurs, who is now a publican in the area.

George O'Brien who scored 188 goals during his seven years at The Dell from 1959 when he was bought from Leeds
