THE game's sponsors, two Luton companies specialising in excavations and earth-moving, were in no doubt — Ashley Grimes was the man of the match.

But the forgotten man of Luton, who spent almost the whole of last season in the treatment room, said: "Perhaps the sponsors have dug up my playing career by picking me out, but it's probably back to the reserves on Tuesday."

New striker Mike

Newell and Brian Stein got the goals which made Villa manager Graham Turner lock the dressing room door for an hour after the match.

"There was no ranting and raving," he said. "We didn't compete in this game and we certainly didn't deserve to get anything from it."

MoM: Ashley Grimes (Luton—8). Moved the earth.
