LIVERPOOL ARE STEIN ROLLERED!

BRIAN STEIN helped destroy FA Cup holders Liverpool with a goal that would have been as brilliant on grass as on plastic. 86/87 (FAC)

His first-half strike set Luton up for one of the most dramatic Cup victories in their history.

MICK HARFORD . . . added Luton's second goal

It cannot be devalued by their synthetic surface or because Liverpool were denied the privilege of having their own fans in the ground.

Luton boss John Moore said: "I only want to talk about our team, the men who gained the result."

"Knocking out the Cup holders means nothing to me. When was the last time Luton ever won anything?"

Stein's goal came in the 34th minute and Luton, fired by the passion of the night, finished off the Double champions with

goals from Mick Harford and Mike Newell in the final 11 minutes.

Liverpool are just one of the many clubs who detest having to play their football on synthetic surfaces like Luton's.

This second replay was the last thing Liverpool manager Kenny Dalglish wanted.

And he had a dig at Luton's failure to turn up for the first replay at Anfield when the weather grounded their plane.

He said: "I believe that if you can't turn up you
