IF YOU WERE THE MANAGER...?

"I would be looking at my own position within the club and I would also be thinking about fining all the players for going out to play like that. There was no "Burley Out" chorus, but there were rumblings around me and it will grow if this goes on. I would have Linighan out of the defence and I would be demanding more commitment right throughout the side.

MATCH VERDICT

"Town showed a lack of professionalism. Marshall and Mathie tried hard and so did Mowbray but the rest disappointed me. The team seemed to be going at it a bit better but it was all too little too late. That's the fourth game on the trot we have lost at home and the fans are not going to put up with much more of it."
