Garreth will add experience to our squad and hopefully produce a service to the front players so we can turn possession into goals.

mickharford

Good Evening and welcome to the first of many Johnstone Paint Trophy fixtures.

I believe there have been some encouraging performances in our recent games and we should have come away with more points.

I would also like to thank you all for your support both at home and away, your continued backing really does make a huge difference to the players.

As I am sure you are aware both Lewis Emanuel and Sol Davis picked up knocks at Bradford last Saturday.

Unfortunately we now

have a large percentage of our squad injured, but every cloud has a silver lining and this has given younger players such as Jake Howells their chance.

Jake came on during our last game and showed great composure on the ball and I'm sure he will become an important part of our season campaign.

We have also added to our squad with the signing of Garreth O'Connor.

Our overall squad age is very young and so I would ask for your continued patience and support. Garreth will add experience to our

squad and hopefully produce a service to the front players so we can turn possession into goals.

I would like to welcome Andy Scott, his directors, staff, players and fans to Kenilworth Road and hope that they all have a safe journey back home.

This season is not a sprint but a marathon and together we will reach the finish line with a stronger team and clearer future.

Keep the faith

Big Mick

Tonight's Johnstone's Paint Trophy match brings an old friend and broadcasting colleague of mine, Greg Dyke, to Kenilworth Road.

Greg is chairman of Brentford, so a warm welcome to him, his fellow directors, the players and the fans from Griffin Park.

This sometimes underestimated competition may start fairly quietly, but the rewards of reaching the

final are immense.

For a start, it's a fabulous day out at Wembley and it means a significant payout for clubs from the lower divisions.

A few days ago, the Wolves squad of the eighties held a celebration to mark the twentieth anniversary of their win in this same competition, which was then called the Sherpa Van trophy.

The players remarked how that thrilling day at

Wembley marked a turning point in their club's fortunes.

When I started following football, Wolves were the League Champions, the top club in the land - by 1988 they were in the Fourth Division with a dilapidated old ground and they'd recently gone bust - twice!

Now they have an excellent, modern stadium and they're challenging for a return to the Premier League (with Dave Edwards, Kevin Foley and Carlos Edwards in the line-up, incidentally!) and that sort of turnaround has to give hope to all of us who care so deeply about Luton Town FC. So let's give this competition our best shot.

Coincidentally, Greg Dyke and I have played together at Wembley.

We took part in a so-called celebrity charity match just before the 1987 Cup Final between Coventry and Spurs.

CHAIRMAN

It was quite an experience running out in front of a 90,000 crowd, even if most of us looked like donkeys compared with some of the thoroughbreds alongside us.

They included Bobby Moore and Mick Channon!

I had deceptive pace on the day - I was even slower than I looked! I remember, at one stage, I was steadying myself to make a cross.

I was so slow that Mick Channon, who was marking me, said "For goodness sake, get a move on, otherwise I'm going to have to tackle you!"

In the next five years or

so, Luton Town played three finals and a semi there, so we got quite a taste for the old place, didn't we?

How good it would be to return next spring in the Johnstone's Paint.

Enjoy the game tonight - let's set our sights on

Wembley and here's hoping the Johnstone's Paint Trophy can put a gloss on our season.

I suppose it's all down to our strikers for a good finish!

NICO BELIEVES IN THE SQUADS ABILITY TO PROGRESS IN THE TROPHY

Chester was a disappointing result at home even though we played particularly well.

We have got to start taking our chances and finishing teams off.

Another great goal by Asa was a real positive but as a whole another disappointing result in front of the home fans.

Against Bradford we changed formation to try and improve our away form and apart from the poor goal we conceded it was a really good team performance.

We showed great character which is vital if we are going to stay in

"We showed great character against Bradford, which is vital if we are going to stay in this League."

this League.

The negatives were injuries to both Sol Davis and Lewis Emanuel but Jake Howells came on and played very well which is a huge positive.

Tonight sees our first Johnstone Paint Trophy fixture and our second home evening match of the season.

Unfortunately we have picked up a lot of injuries over the last few weeks but I can assure you that we will be playing the strongest squad available as we all want to progress in this

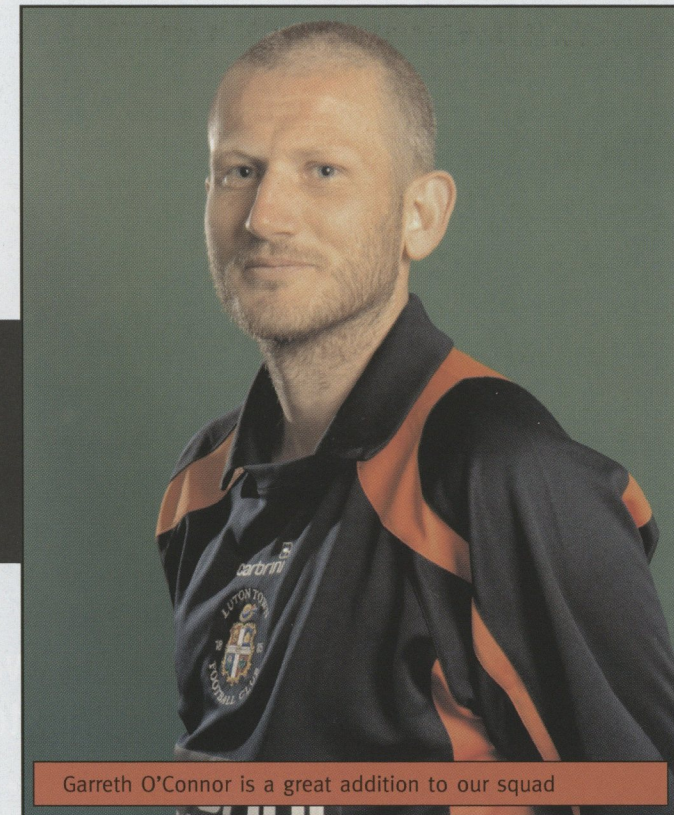

competition.

Please welcome our latest addition to the team, Gareth O'Connor.

Garreth is a great addition to the side and has the ability to influence the game in a positive manner.

All the best, get behind the lads.

Reverend Peter Stearn

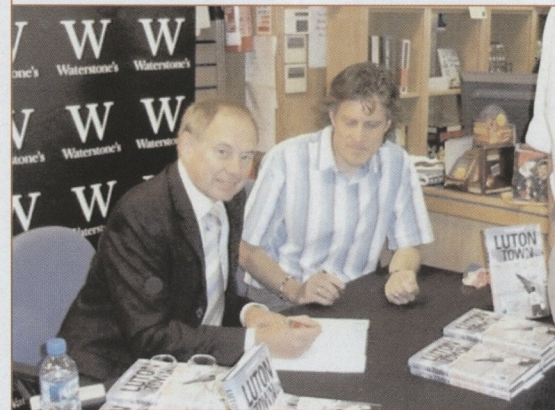

Everyone at Luton Town was saddened to hear that Reverend Peter Stearn sadly passed away on 27th September. Peter was the vicar of All Saints' Kings Langley for over 25 years. He was also a lifelong Luton fan and a season-ticket holder for very many years. I am sure that he will be much missed by his many friends at Luton Town.

SUCCESS AT BOOK LAUNCH

Business was brisk in a Luton bookshop when Hatters chairman and TV presenter Nick Owen helped launch a new book about the football club.

Nick spent the morning meeting customers and signing their books and told them it was exactly 50 years since his first match at Kenilworth Road (against Leeds in 1958) and he'd been 'hooked on the Hatters' ever since!

The book can be bought in Waterstone's and ordered through other bookshops and via the usual outlets such as Amazon and www.desertislandbooks.com

The Numbers Game

Simon Pitts looks back at the Hatters previous fixtures against Brentford

2 Just a year on and only two players from that FA Cup match have any chance of appearing for the Hatters tonight. Dean Brill was in goal for that match, whilst Paul McVeigh was an unused substitute. The only other player still at the Club is the currently injured Drew Talbot who was a half time substitute.

3 It was also an FA Cup match that saw Brentford's only win in Cup competitions here at Kenilworth Road. Back in January 2005, when the Hatters were taking League One by storm, the visitors caused a shock by winning 2-0, with goals from Christian Hargreaves and Jay Tabb. Luton were to gain revenge in the

25,320 The biggest attendance for a Cup match against Brentford came in the FA Cup 4th Round back in February 1952. Gordon Turner and Jack Taylor scored the goals in a 2-2 draw. The replay also finished a draw before the Hatters won 3-2 in the second replay, played at Highbury! Taylor scored once more, with Bernard Moore and Bob Morton also finding the net in a 3-2 win.

7 Luton were convincing 7-1 winners in January 1959 when Brentford came for a Southern Professional Floodlit Cup Second Round Replay! Gordon Turner netted twice, as did George McLeod, with John Groves, Jimmy Adam and Allan Brown also scoring. Luton were beaten by Reading in the semi-finals, after drawing 3-3, they lost the replay 1-0 at Kenilworth Road.

1 It's not quite a year since the two sides met at Kenilworth Road. Calvin Andrew netted the equaliser, in an FA Cup First Round match, after Charlie Ide had given the visitors the lead.

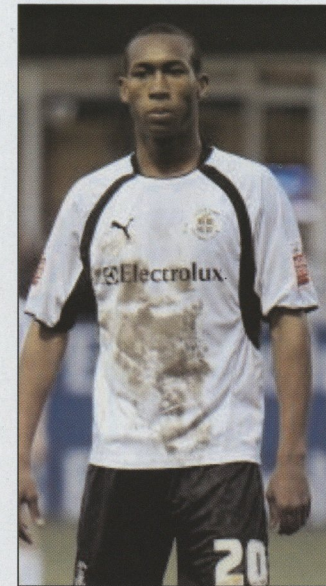

final game of the league season when they won 4-2, and were presented with the League One Trophy after the match.

3,106 A small attendance for an Auto Windscreens Shield match back in January 1998, but the home fans were happy with a 2-1 win. Tony Thorpe and David Oldfield were the second half goalscorers, with Leon Townley netting an injury time consolation for the visitors.

7 There have been seven league matches played at Kenilworth Road on this date in previous years, but there's never been a Cup match! Luton hold a won four, drawn two, lost one record, whilst scoring seventeen goals and conceding nine.

3 John O'Rourke scored the third hat trick of his Luton career on this day in 1965. In a seven goal thriller the Hatters beat Doncaster 4-3, with Ray Whittaker scoring the other. Incidentally O'Rourke's first hat trick was scored against tonight's visitors. Back in February 1964 he netted four goals in a 6-2 win at Brentford, with Harry Walden netting the other two.

30 It's 30 years since Luton last had a competitive match at home on this date. Wrexham were the beaten visitors as Brian Stein and Lil Fuccillo scored in a 2-1 win.

Calvin Andrew netted against the Bees last season

Brentford Football Club are an English football club based in Brentford in the London Borough of Hounslow.

They were founded in 1889 and play their home games at Griffin Park, their home stadium since 1904.

Brentford's most successful spell came during the 1930s, when they achieved consecutive top six finishes in the First Division. Since the War, they have spent most of their time in the third and fourth tiers of English football.

Brentford have been FA Cup quarter-finalists on four occasions, and have twice been Football League Trophy runners-up.

After a 45-year absence, Brentford were promoted back to the Second Division (renamed the First Division with the advent of the Premier League in 1992) in the 1991-92 season as Third Division champions, though they were relegated again the following year.

There followed several seasons of the club narrowly missing out on promotion.

Former Chelsea FA Cup hero David Webb was appointed manager in 1993 and twice led the side into the play-offs.

In 1996-97 he led them to the play-off final at Wembley, but the side were beaten by Crewe

The Ground: **Griffin Park**

It has been the home ground of League Two side Brentford since it was built in 1904.

It is known for being the only English league football ground to have a pub on each corner, and is situated in a predominantly residential area.

The ground gets its name from the Griffin in the logo of Fuller's Brewery, which at one point owned the land on which the stadium was built.

The highest ever attendance at the ground was 38,678 when Brentford played Leicester City on February 26, 1949. The ground currently has a capacity of 12,763.

Griffin Park is beneath the flightpath of London Heathrow Airport and the roofs of the stadium are used as a large advertising space because of this. The space is currently used by Qatar Airways.

Brentford's hopes of moving to a new 20,000-capacity stadium were boosted after they were given an option to buy a 7.6-acre site at Lionel Road.

The proposed new home for the Bees is close to their current Griffin Park ground, which would be redeveloped into residential housing if they relocate.

Alexandra.

The club suffered more promotion agony in 2002 under manager Steve Coppell as they lost out to Stoke City in the play-off final having been just minutes away from automatic promotion on the final day of the season, and again under manager Martin Allen in 2004-05, on that occasion losing 3-1 on aggregate to Sheffield Wednesday in the semi-finals after finishing 4th in League One.

Following Rosenior's departure, youth team coach Scott Fitzgerald was appointed manager on a full-time basis on 21 December 2006 with Alan Reeves acting as his assistant.

Fitzgerald was unable to turn around the club's fortunes, and Brentford were relegated to Football League Two in April 2007.

On 18 April 2007, The Sun newspaper reported that Micky Adams was in line to return as manager, nine years after being sacked following relegation.

Instead, former England captain Terry Butcher was appointed as manager on April 24 with former Brentford winger Andy Scott as his assistant.

Butcher's reign at Griffin Park was, however, not a successful one, and his contract was terminated by mutual consent on December 11, 2007, after winning just 5 matches in 23.

Butcher's assistant Andy Scott was appointed as manager on January 4, 2008 following a successful caretaker spell.

Interesting Fact

Rod Stewart was an apprentice at the club, before he focussed on his music career.

The Manager

Andrew "Andy" Scott (born August 2, 1972) is a former professional footballer whose clubs included Sheffield United, Brentford and Leyton Orient, England.

He was forced to retire in 2005 due to heart problems.

After his retirement, Scott landed a coaching role at Leyton Orient.

He went on to become youth team manager.

On May 9, 2007, Scott was appointed assistant manager at Brentford.

On the 11th December it was announced that Scott would be the caretaker manager of Brentford.

His caretaker spell was a successful one, and he landed the role permanently on January 4, 2008.

LUTON TOWN - 123 YEARS OF HISTORY - BE PART OF IT

Recent signing Kevin Watson believes that his new club have much more than a fighting chance of retaining league status this season.

The experienced midfielder has appeared in over 300 league games in his career, playing a key role in no less than four promotions for different clubs.

Watson began his career at Tottenham Hotspur, where he found first team

“The gaffer’s brought in some good players with a mixture of youth and experience so we’re looking forward to giving it a right crack this year”

OneonOne

Kevin Watson is looking for a successful season

opportunities limited.

He moved to Swindon Town in 1996, then to Rotherham United where he helped the Millers achieve back to back promotions.

In more recent years, the Hackney-born player has plied his trade at Reading and Colchester United, for whom he made 135 appearances. His experience and guile should prove him to be a valuable asset for the

Hatters, who he is delighted to be representing this season.

“I knew a few of the lads when I came here so that always helps,” explained Watson.

“They’re a good bunch of lads and we are all pulling in the right direction.

“The gaffer’s brought in some good players with a mixture of youth and experience so we’re looking forward to giving it a right

crack this year.”

The 34-year old admits that it was an odd summer, but he was relieved to finally sign for the Kenilworth Road outfit.

He continued, “It’s been a bit of a strange summer after having been released by Colchester.

“I was scratching around not really doing a lot and Mick gave me a call and invited me to train down here.

“He said that he couldn’t really promise me anything because of the administration and not being able to sign players.

“I trained here and got fit right up until I had a trial at Northampton .

“I didn’t really want to go there because I wanted to stay here.

“The fact of the matter was that I wasn’t getting paid and I wasn’t under contract so I had to look elsewhere for a while.

“Fortunately it didn’t come to anything at Northampton, I came back here and managed to prove my fitness to Mick after the debacle of a season that I had last year and now here I am.”

Watson is fully aware that he is nearing the end of what has proved to be a fruitful career, but still believes that he has a lot to offer the club.

“I’ve probably got two or three seasons left in me.

“I worked with Mick at Colchester and he’s a fantastic man, the club couldn’t have a better person at the helm to try and get us out of this mess.

“I had a really bad season last year and now I’m just pleased to be back playing.

“My aim now is to be in

“I fully expect us to be a league side this time next year and the young players that are coming through at the moment will be that little bit older and more experienced, so hopefully next year we can push on for promotion.”

the team.

“No-one is happy with not playing and I’m no different, I want to be playing and I’ll be going all out to get in the team. “

The situation that the club finds itself in requires the members of the squad to be particularly motivated and committed, and Watson feels that the squad is more than capable of surviving.

The former Spurs trainee said, “People look and see where we are in the division with our points deficit, but we’re not far away from Rotherham and Bournemouth and it’s two to go down.

“There will also be those teams who have disappointing seasons so I think there are probably five or six teams that we can aim for.

“This squad would be comfortably good enough to compete in the league above, so the way we look at it is that if we have

promotion form then we’ll stay up.

“It’s as simple as that.

“We’ve got something to play for week-in, week-out.

“We go out to win every game and the gaffer has instilled that mentality in the squad.

“I fully expect us to be a league side this time next year and the young players that are coming through at the moment will be that little bit older and more experienced, so hopefully next year we can push on for promotion.”

Club Historian Roger Wash looks back at the last time we played Brentford at Kenilworth Road in the Associate Members Cup.

debut in a 0-3 hammering at Bristol City.

After Watford whipped the Town 4-0 at Kenilworth Road the following week in an embarrassing display, the injury crisis started to subside and a run of five games without defeat eased the team out of the relegation positions.

Just as the supporters started to relax came a run of four home defeats in 18 days including a 0-1 defeat at the hands of lowly Torquay in the F.A.Cup, the first time that the Town had gone out in Round One since 1929.

Back came the inconsistent Town with three straight wins over Christmas and the New Year leading up to the first foray into the Associate Members Cup for the season, having won a bye in the first round.

THE GAME

Luton Town 2 Brentford 1
13th January 1998

The Associate Members Cup was introduced in the 1983/84 season for clubs in the old Divisions Three and Four.

It was rightly assumed that very few of those clubs managed to fight their way through to the latter stages of the other two cup competitions and therefore needed something to hopefully keep their seasons alive.

By 1998 the competition was now sponsored by Auto Windscreens and fellow third tier strugglers Brentford were our guests in a cup that had failed to capture the public's imagination although a respectable crowd of 3,106 turned out on a January evening to see how far the Town could progress.

Brentford, who were third from bottom in the table, were suffering an injury crisis to compare with the Hatters of earlier in the

The Town had started off 1997/98 hoping to go one better than in the previous season when they lost in the play-offs to Crewe but a 0-1 defeat at Blackpool on the opening day, in front of a big Hatters support, set the tone for the campaign.

The worst injury crisis in living memory struck over that autumn with at one time three youngsters being

David Oldfield hammers in number two.

Tony Thorpe hurdles the goalkeeper after netting the first.

season.

The Bees had 14 senior players absent and included manager Micky Adams, who had not made a competitive appearance for two years, on the bench.

From the start it could be seen that Brentford were not likely to be a stern test for the Town although the Luton players did not seem overly interested, with the result that the game was played in a practice match atmosphere in a dull first half.

The only shred of excitement in this opening period came as late as the 36th minute when David Oldfield fired just wide with a shot on the turn after loanee Chris Allen's cross had been headed back by Sean Evers.

Manager Lennie Lawrence obviously had words at half-time as the second period was altogether much more up-tempo.

Mitchell Thomas almost scored with a diving header in the opening seconds before Steve Davis slipped a free-kick inside the day dreaming Brentford defender Simon Wormull to Tony Thorpe who made no mistake with a low shot past Luton born Bees goalkeeper Kevin Dearden.

Wormull did not enjoy the best of evenings,

tormented for long periods by the increasingly impressive Allen with the speedy winger forcing two good stops from Dearden and seeing another effort cleared off the line.

After Adams had entered the fray the game appeared to be made safe when Oldfield fired home from 20 yards with ten minutes to go but a defensive lapse allowed Brentford's Leon Townley to net in the final seconds.

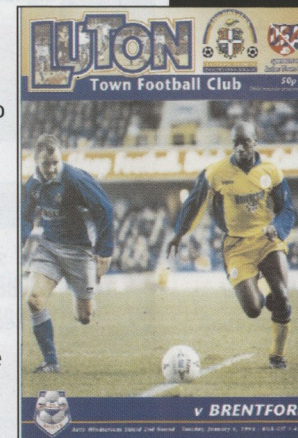

The Town pulled off the shock of the round when beating moneybags Fulham at Craven Cottage at the next stage before tumbling out of the competition, going down 0-1 at Bournemouth in the Southern Area semi-final.

Tim Owen picks his dream Hatters starting line up

GOALKEEPER

Marlon Beresford

The rock upon which our League One title 04/05 was built. After a long period of instability at the back, Marlon was exactly what was needed to turn our fragile defence into a fortress which ran away with the title.

RIGHT BACK

Emmerson Boyce

Extremely versatile, solid at the back and excellent going forward. It was clear for some time that Emmerson was destined to play at a higher level, but his performances in 2001/2 in a number of positions demonstrated his value and was crucial in our promotion that year.

CENTRE BACK

Steve Foster

The number of high quality central defenders the club has had over the years made this pick extremely difficult. 'Fozzy' stands out though, not only for his performances at the back, but for leading us to glory in 1988, and also being a part of the 2020 team which has put the club on the road to recovery.

CENTRE BACK

Marvin Johnson

Fifteen years at one club speaks for itself. Marvin is my favourite Luton player of all time. He was an ever present during good times and bad, and off the field easily the most friendly player I have ever met.

LEFT BACK

Matthew Taylor

In my opinion one of the finest young talents to play for the club. Not only extremely solid at the back, but devastatingly effective going forward,

most notably in the promotion season of 2001/2 when he netted a number of superb goals, something he is still doing regularly in the Premier League!

RIGHT MIDFIELD

Ricky Hill

Ricky was the mainstay of the great Luton sides of the 80s, when I first started coming to Kenilworth Road. Without doubt the most skilful player I have seen in a Luton shirt, looking back it is hard to understand how he wasn't given more international recognition.

CENTRE MIDFIELD

Kevin Nicholls

Nico was captain when we got promoted in 2001/2, when we won League One two years later, and also again this year when we hopefully make the great escape! His ball winning skills and leadership across the pitch make him central to any Luton side of mine.

CENTRE MIDFIELD

Keith Keane

When the going has got tough for Luton in recent years, Keith Keane has consistently stood up to be counted. Thrust into first team action when still very young during an injury crisis, Keith quickly established himself as a mainstay of the squad. Our best player during last year's terrible season, he embodied the fight which fans were crying out for. My favourite Keith Keane moment was his superbly worked goal away to West Bromwich Albion in 2006/7.

LEFT MIDFIELD

David Preece

Another mainstay of our most successful era. 'Mini' seemed to be everywhere

on the pitch, involved in everything, delivering pin point passes off his left foot. I was devastated when he passed away - a true Luton legend from my childhood. His memory has been quite rightly honoured with the naming of the Family Stand after him.

STRIKER

Steve Howard

A bargain at just £50,000, 'Steve' was Joe Kinnear's best signing in my opinion. It was incredible to see him develop from a Division Three (as was then) striker to a Championship striker. Each season we wondered if he could make the step up, and each time he did. An integral part of our two best seasons in recent years.

STRIKER

Mick Harford

Another legend of my childhood! If I could bring back one player from our past to help us this season, it would be Mick. My first ever visit to Kenilworth Road was New Year's Day in 1986, when Mick marked the occasion with a hat trick against Leicester City. Mick is Luton through and through - if we had 11 Micky Harfords....

LEAGUE ONE

Tuesday 21st October

Grimsby Town

Kick off: 7.45pm Blundell Park, Cleethorpes, DN35 7PY

What's the Ground Like?

At one side of the ground is the Carlsberg Stand, which is the tallest stand and is two tiered and covered. However this stand only runs half the length of the pitch, straddling the half way line. Opposite is the old Main Stand, which is small covered all seated stand and has a large number of supporting pillars running across the front of it. Part of this stand dates back to 1901, possibly making it the oldest surviving stand in League football. Both ends are small covered affairs. Home fans are located in the Pontoon Stand at one end, away fans at the opposite end in the Osmond Stand.

What Is It Like For Visiting Supporters?

Away fans are located in the Osmond Stand, at one end of the ground, where 2,200 supporters can be accommodated. One downside of this stand is that there are a number of supporting pillars which could impede your view of the game.

Where To Eat & Drink?

There is not much choice for a pint for away supporters close to the ground. The Rutland Arms is recommended for both home and away fans to mingle, however this is some distance from the ground and doesn't allow in

children. There are a number of pubs along Cleethorpes sea front but this is around a 20 minute away. The Imperial pub by the ground is not recommended for away fans.

How To Get There By Car?

The first thing to remember is that the ground is not actually in Grimsby, but the neighbouring town of Cleethorpes.

Take the A6 towards Bedford. Continue on the A6 until you reach the A421, here merge onto the A421 and then join the A1 signposted The North. Continue onto the A1(M) signposted The North, Peterborough. Branch left, then at roundabout take the 1st exit onto the A46 signposted Lincoln, Sleaford. Continue on the A46, following signs for Grimsby then Cleethorpes. At Isaac's Hill Roundabout take the 1st exit onto the A180. Turn right onto Neville Street, then turn left onto Harrington Street and then left again.

Car Parking

There is no car park at the ground, therefore only street parking. As you drive along the A180 towards the ground, the home end appears first, then after the McDonalds is the away end. From there, continue towards Cleethorpes and try any of the side streets to the left or preferably the right and you should find a parking spot okay.

At one point it looked as if Warnock's appearance would therefore cause the game to be expunged from the records but after a ruling from FIFA, the result was allowed to stand and all players who took part in the game were awarded caps. 10.
