## MANAGER

Hello, good evening and welcome to Kenilworth Road for our clash against Bournemouth who as we are well aware, were also given a points penalty by the authorities, so the importance of this rearranged game is paramount to the survival of these two great clubs.

After three disappointing results, two in the league and a defeat in the FA Cup at Southend, we need to bounce back and make sure we are solid, organised and diligent in our preparation for this big game.

In our last three games, again I cannot fault the effort of the players and their commitment in our cause this season. I thought in the last two league games particularly we lacked a cutting edge, especially in the first

half of both games. So I have had a look at how we actually start games, and also at getting the ball into danger areas as often as possible.

At this moment in time we are starting to get some of our senior players back into action, it was great to see Kevin Watson, Lewis Emanuel and George Pilkington play a part in the game at Roots Hall. Hopefully now our run of bad luck with injuries is well behind us, and we can play with a settled team and get on a run of games undefeated, which we need at this stage of the season.

It was with regret that Warren Neill and Joe Dunbar left the Football Club last week and I would like to go on record and thank them for their efforts, and work they did whilst at LTFC, and wish them

every success for the future.

I extend a warm welcome to Jimmy Quinn, his staff, players, and also to his Chairman and directors to Kenilworth road, and hope they have a safe journey back to the south coast.

Keep the faith  
Mick Harford

**Hello and welcome to Kenilworth Road for tonight's 6 pointer against fellow points deductees AFC Bournemouth.**

After much build up, we were bitterly disappointed to see the original game between the two sides abandoned after just 7 minutes, especially as it had been snowing well before the gates to the ground had even been opened.

However, the freak weather that evening may work as a blessing in disguise, as we are pleased to see the returns of Kevin Nicholls, George Pilkington and Lewis

Emanuel.

This trio are massively experienced players and will make us a far more accomplished side and their presence will hopefully spark the change in fortunes to help kick-start our climb up the table.

This week has been a tough one for all at Luton Town, and some difficult decisions have had to be made. In the last few weeks it has been apparent that, as a team, we have not been performing to the best of our abilities, and the results have simply not been good enough.

In any other season or with any other club, without the points deductions and the enormity of the challenge, perhaps this problem would not have existed. However, we are where we are, and we can either choose to mull in defeatist self-pity or take a half term review of what positive steps we should consider.

It was evident that without some form of forced change we would be merely hoping that our injury situation took a dramatic turn in fortune and in the hope that lady luck suddenly changed her allegiance.

We wouldn't have been doing our job had we not discussed the situation with the board, the management, the players and friends close to the Club to identify some pointers as to where we were falling short.

The release of Warren Neill and Joe Dunbar was an immensely difficult decision to make. On behalf of everyone at the Club, I would like to publicly thank both Warren and Joe for their hard work since they joined Luton Town and wish them every success in the future.

Unanimously, it is our firmly

held belief that Mick Harford is the right manager for Luton Town Football Club and we will use every possible avenue to give him the tools to do the best possible job in the most difficult of circumstances, as a result we will be actively pursuing the best coaches that are available to us.

We are well aware of the gravity of the situation we are in, however this has not changed since the unjust penalties that were handed out to us by The Football League and The FA in the summer.

The only way we are going to overcome this situation is to stand together; shareholders, staff, management, players and fans with a shared belief and determination to fight until the very end.

Our plea to you, the fans, is simple; get behind Mick and

the players each and every time they set foot onto the pitch in a Luton shirt. Football is a game of opinion and at Kenilworth Road tonight we will have a few thousand football managers offering theirs, which is ultimately a big part in why we love the game, and rightly so.

I firmly believe that our supporter base is unique. You have shown incredible passion this season, particularly away from home, win, lose or draw. Despite this, I am very eager to encourage your positive support of Mick and the players tonight and for every game this season.

We realise more than anyone that watching Luton can be frustrating at times but we certainly have no reason to be negative as this only goes to undermine the fighting spirit that is desperately required to make this season

the most memorable in living history.

Kenilworth Road is a special place to be under the floodlights, so raise the roof tonight and let the world of football know that Luton Town will not give up the fight.

Thank you.

Gary Sweet  
Managing Director

**NICO HOPES THE TEAM CAN IMPROVE THEIR HOME PERFORMANCE**

Tonight's game is massively important, the players know it, the staff know it and you the fans know it, the pressure is really on for us to get a win.

It is great to have Lewis Emanuel and George Pilkington back from injury. They are two great players and their experience is invaluable on the pitch.

We also welcome back Keith Keane from suspension, so slowly the competition for places is returning.

There is a real belief in the dressing room and around the ground that we can get ourselves out of minus points and maintain our league status, but to do this we really need to step

up our game, particularly at home.

I am confident that this evening we will turn a corner and start an unbeaten run that will see us through into the new

year.

Your support at Southend on Saturday was brilliant and the lads really appreciated it.

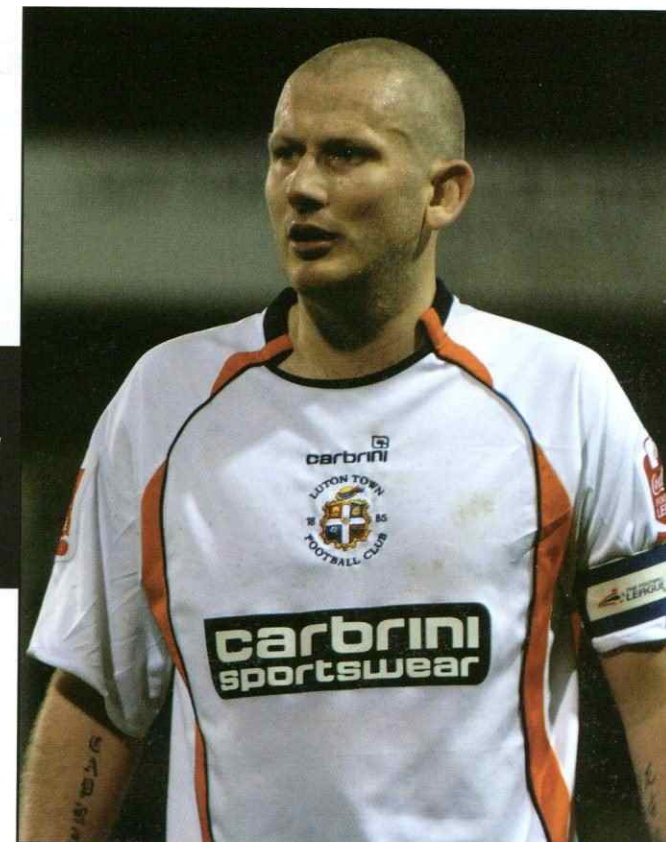

Tonight, we need to create a cup final atmosphere. Everyone is desperate for us to collect three points this evening and with your continued support there is

no reason why we can't do that.

Together we can make Kenilworth Road an intimidating place for other teams to come to and we will be working hard to give you something to cheer about.

Get behind the lads.

# The Numbers Game

Simon Pitts looks back at the Hatters previous fixtures against AFC Bournemouth

Coast Club, with goalkeeper Mark Ovendale and former Hatter Mark Stein coming to Kenilworth Road. Ovendale made 55 appearances for Luton before moving to Barry Town, whilst Stein made over 100 appearances in his two spells, scoring 27 goals.

**8** The number of players to have moved from Luton to Bournemouth. Alex Forbes had made only one appearance for Luton at the end of the 1928/29 season before his move. Tommy Tait fell four short of 100 appearances for Luton, but he averaged over a goal every other game as he finished with 57 during his time with the Hatters in the early 1930's. George Duke

**Russell Perrett made the move from Luton to AFC Bournemouth last season**

and Billy Gripton both moved in the 1940's, but they had made only 21 appearances between them whilst at Kenilworth Road. John Groves played over 250 times for the Hatters in a career that spanned ten seasons starting in 1953/54. Tommy McKechnie played in the same Luton side as Groves in the early 1960's and he made the same move a couple of years later, after 146 appearances and 34 goals for the Hatters. As mentioned above Richard Cooke returned to Bournemouth after a couple of seasons with the Hatters, and it wasn't until last year that another player made the same move. Russell Perrett made 109 appearances and scored nine goals in his six seasons for the Hatters.

**4** The number of players to have made their Luton league debut in this fixture. Syd Neal was the first in the 2-0 defeat in January 1925, but the scores were reversed when Sam Bell made his debut in the final game of the 1933/34 season. Bell certainly made an instant impact as he scored both goals that day! Mark Crook made the first of just five appearances for Luton in the goal-less draw in 1935/36. George Beavan replaced Keith Keane after just eleven minutes in this fixture last season. Beavan started his first senior match the following week at home to Leyton Orient.

**26** The number of previous league meetings between the sides at Kenilworth Road. Luton have 13 victories, Bournemouth seven and there has been six draws. Luton have scored 42 goals and conceded 27.

**10** The number of players to have moved from Bournemouth to Luton. The first, Foster Robinson, made only one first team appearance for Luton in 1925/26, and he scored in a 2-0 win against Southend. In the 1930's Robert Bryce, Joe Coen, Tom King, Eddie Parris, and Jack Russell all made the move, although only goalkeeper Coen made a notable number of appearances, over 150. After the break for WWII Harry Cooke joined the Hatters for the 1946/47 league season, and he passed 200 appearances for the Club, but scored just four goals, and all of those were from the penalty spot! Another Cooke, Richard, made just 6 substitute appearances at the end of the 1988/89 season after his move, and a further 13 appearances were to follow the following season before a transfer back to Bournemouth. In the summer of 2000 then manager Ricky Hill took two players from the South

Welcome to Tonight's visitors

The present football club can trace its roots as far back as 1890 when Boscombe St. Johns Institute Football Club were playing in local football. They disbanded in 1899 and from the remains of that club, Boscombe FC were formed at a meeting under the streetlights in Gladstone Road, Boscombe.

The Club competed in the Bournemouth and District Junior League playing at a ground in Castlemain Avenue, Pokesdown. They moved to Kings Park, adjacent to the current stadium in 1902 and were soon emerging as the top team in the town.

After enjoying many local successes, they joined the Hampshire League and were attracting large crowds. In 1910, Mr. J.E. Cooper-Dean granted the club a long lease on some wasteland next to Kings Park.

With their own ground, named Dean Court after the benefactor, the club continued to thrive and dominated the local football scene.

It was around this time that the club gained the nickname, 'The Cherries'. There are two main stories as to why the club would be called such a name. Firstly the Cherry Red striped shirts the side wore and secondly, Dean Court was built next to the Cooper-Dean estate which included many Cherry Orchards.

After three years in the Southern League, the club applied for membership of the Football League. The application was accepted and Boscombe would be

The Ground: **Dean Court**

Dean Court, also known as the Fitness First Stadium for sponsorship purposes, is a stadium in Bournemouth, England.

Primarily used for football, it is the home of League Two team AFC Bournemouth.

Dean Court is named after the Cooper-Dean family of Bournemouth, who granted the land to the football club in 1910.

One of the stands had previously been used in the Wembley Exhibition of 1924.

The ground's attendance record of 28,799 was set at an FA Cup against Manchester United in 1957.

The ground was completely rebuilt in 2001, with the pitch rotated ninety degrees from its original position.

The stadium was also moved away from adjacent housing.

Although it was rebuilt as a three sided stadium, seats were placed on the undeveloped South End in the autumn of 2005.

The club sold the stadium in December 2005 in a sale-and-leaseback deal with London property company Structadene

The stadium has also been used for music concerts, hosting Elton John in 2006.

playing in the Third Division (South) in the 1923-24 season.

Since then the Cherries have had many managers, including record appearance maker Sean O'Driscoll who took over as forest team manager in 2000.

O'Driscoll left the club after 22 years service to the club, making way for manager Kevin Bond who steered the club to League One survival.

On July 21, 2008 the club unveiled a three year sponsorship and kit supply deal with JD Sports brand Carbrini Sportswear.

The team's future in the Football League was put into doubt before it even began playing, when on 6 August—three days before the start of the season—the league threatened to block Bournemouth's participation in League Two, due to problems with the team's continuing administration and change in ownership.

It had ordered both Bournemouth and Rotherham to demonstrate that they can fulfill all of their fixtures and find a way out of administration.

The next day the Football League confirmed that AFC Bournemouth would start the season on a 17 point penalty for failing to follow the Football League insolvency rules and the new company will have to pay unsecured creditors the amount offered at the time of the original C.V.A (around 10 pence in the pound) within 2 years.

On September 1, BBC Radio 5 Live reported that Bond and his management team (Rob Newman and Eddie Howe) had been sacked.

At midday on September 2nd, it was announced former player Jimmy Quinn would be the new manager with former player Jason Tindall as his assistant.

The duo's first game in charge was a 1-1 draw at Notts County.

## The Manager

Cherries' boss Jimmy Quinn joined as manager in September 2008, replacing Kevin Bond.

A former Northern Ireland international, Quinn's playing career saw him play for clubs such as Blackburn Rovers, Swindon Town, West Ham, Bournemouth and Reading.

The Cherries are the fifth club the former striker has both played for and managed having been in charge at Reading, Swindon, Shrewsbury and Northwich Victoria.

At his previous club, Cambridge United, Quinn transformed the side from a relegation threatened team in 2006 to a promotion chasing one in 2007, reaching the National Conference Play-off final, narrowly losing out to Exeter, 1-0.

## Luton U17's 2 Millwall U17's 3

At the start of the match we started off very poorly and gave away a goal after ten minutes because of a mix up between both centre halves Fabio Buffano and Ben Islam.

After this things didn't get much better as Millwall piled on the pressure and got their second goal of the game with a worldie volley from their left back, but we got our heads back in the game and started playing good football, passing the ball well and from this we created a golden opportunity when Jordan Patrick slid through and passed the ball into the back of the net.

As the first half went on we started going forward well but were still very poor at the back with defenders hesitating and not communicating with each other. This led to a great chance for Millwall with their left winger bombing down the side before getting a cross in which was headed

off the line by Taylor Nathaniel. After this Millwall began to pile on the pressure again which led to their third goal, scored by their right midfielder which left our trialist goal keeper, James with no chance.

With three minutes to go of the first half we created another great opportunity where the ball was kept in the centre of midfield and Scott Sinclair slid through with only the keeper to beat and was brought down in the box and we got a penalty as a result of this. Scott Sinclair stepped up and calmly buried the penalty, sending the keeper the wrong way and the first half finished 3-2.

Alan Neilson gave an inspiring team talk at half time that fired all of us up and we came out for the second half raring to go. From this we had Millwall on the back foot for the rest of the second half, creating various opportunities that should really have been put away. Yet again Millwall tried

to swing the game back round their way but with some great play we were able to keep the ball moving around the pitch with ease. Because of this yet again we were able to create many chances with our midfielders and strikers combining well and Millwall were not able to handle us but their keeper kept them in the game by pulling off some great saves.

After the 90 minutes was up the score was 3-2 to Millwall but we deserved to win the game after our second half performance.

## MEET THE FUTURE!

Mick Harford has secured the future of six players from Luton's current Under 15/16 Team. They will stay at school until they finish their GCSE's in June, and then join the club full-time in July 2009.

Youth Team manager Alan Neilson commented "This group represents the future of the Youth Team, and hopefully the First team in years to come. All six boys have already represented the Under 18's, playing against players up to five years older than them. I had no hesitation in recommending to the manager that we offered them scholarships immediately even though we didn't have to commit until March. The manager always comes to watch the group play and has shown his faith by already including Jordan in the first team".

From his local amateur club of Marignane in Marseille, to the wonders of English football via a stint in Spain with Racing Santander, not to mention a brief spell in Liechtenstein, Claude Gnakpa could hardly be described as your average League 2 defender.

The Hatters' attacking full-back who joined on a free transfer from Peterborough United in August has had a big impact around Kenilworth Road in his first

few months at the club, and the 25-year-old described his happiness with the way his time at Luton Town has started.

"I'm very happy here at Luton," explained the towering French defender.

As the only player from the continent at Luton Town, Gnakpa appears to have made the transition to English football with consummate ease.

His marauding runs down the right-wing have seen him achieve cult-status with the Hatters' faithful already, a story not too dissimilar to his time with Peterborough, where he earned himself the nickname

the 'Flying Frenchman'.

Gnakpa was part of the Posh team promoted to League 1 during last year's campaign, and the Frenchman played a key role, appearing in 25 league matches.

With the Hatters left facing an uphill struggle from the very start of the season, Gnakpa explained how the atmosphere in the dressing room has remained positive despite the problems which

have affected the club.

"In the changing room we have a good mentality. We know the problem we have but we keep the spirit to face the challenge," said the 25-year-old.

Gnakpa's biggest attribute is arguably his willingness to get forward and attack opposition full-backs with his blistering pace. His first goal came in the 2-1 home defeat to Darlington back in October, a powerful header which put the Hatters' back on level terms with their opponents.

And the defender is

optimistic that more goals will follow in the near future.

"I hope the goals will come. I'm very confident

**"I like English football, it is very attractive. The ball doesn't stop and I think it is the best football."**

about that," said Gnakpa, bearing his trademark beaming smile.

After plying his trade in

both France and Spain before his eventual move to England, Gnakpa pinpoints the tempo of the game as the most noticeable difference between French and English football.

"It is slower in France. In defence, we had time to control the ball, to pass the ball. Here, it is different, very different."

Gnakpa's journey to Luton has been a long one, but the Marseille-born defender now feels

that he's playing his football in the ideal country, with the style of the English game impressing Town's right back.

"I like English football, it is very attractive. The ball doesn't stop and I think it is the best football."

With the Frenchman now content with the country he's playing in, Hatters' supporters will be hoping Gnakpa's search for the right club has now concluded at Kenilworth Road.

# FlashBack

Club Historian Roger Wash looks back at a previous clash with the Cherries.

After narrowly missing out on promotion from the old Division Three in 1969, manager Alec Stock set about attempting to make sure the Town finished one place higher in the following campaign.

Stock was quickly off the mark that summer in persuading 21 year old full-back John Ryan to come to Kenilworth Road on a free transfer from Fulham and as rumours abounded that he

was chasing both John Collins of Reading and Frank Large of Fulham the usual summer bombshell hit the streets of Luton.

Just as the fans were beginning to like the idea of being part of a buying club for a change came the news that 'golden boy' Bruce Rioch and his younger brother Neil were to be transferred to Tommy Docherty's Aston Villa for a combined fee of £110,000, a divisional record.

The bid from Villa had been too good to turn down and Stock immediately pledged to spend the money for the good of the team, but in his own time. He would not be hurried and only used up £17,500 of the windfall initially when buying another unknown full-back from Fulham, 19 year old Malcolm Macdonald. Macdonald suffered the worst possible baptism when he, along with the other Luton defenders, were given the complete run-around by Fourth Division Aldershot at the Recreation Ground in a pre-season friendly.

The 2-5 defeat sent Stock back to the drawing board as he prepared for the next friendly, against an Italian Under-21 XI at Kenilworth

Road.

This time the Town put up a much more spirited performance with Macdonald catching the eye with some surging overlaps down the left wing. An injury to left winger Mike Harrison in the next game, at home to Clyde, gave Macdonald the chance to move upfield, a position he kept as the Town beat Gibraltar 10-0 in the final pre-season game.

Just before the opening League clash of the campaign, against Barrow at Kenilworth Road, Stock finally loosened the purse strings and bought John Collins from Reading for £10,000.

Collins, who had played for Stock at QPR, was regarded as a 'utility' forward and was purchased to bring more competition to the front line. Despite the addition of a new face to the side, Macdonald was picked at outside left again but switched to inside right in the second half to earn more rave reviews as the Town comprehensively beat Barrow 3-0.

Unfortunate not to get on the scoresheet, Macdonald was a constant thorn in the side of the Barrow defence with his aggressive power, ability in the air and fierce shooting.

## The game Bournemouth 0 Luton Town 1 16th August 1969

Stock now realised that he had a find on his hands and so did the fans and 15 coachloads were prepared to make, which was in those days, the awkward trip to Bournemouth on the following Saturday to see if the Town could keep up their winning start to the campaign.

They were not disappointed as the Hatters put in a professional performance that the Cherries had no real answer to, despite the best efforts of the much talked about Ted MacDougall in their forward line.

It was Luton's own Mac who finally broke his goalscoring duck when, after 28 minutes, he shot between two careless defenders to chase an astute

pass from skipper Mike Keen. Finding himself in splendid isolation he calmly rounded Cherries goalkeeper Roger Jones before slipping the ball into the net.

Although the Town needed to withstand a bit of a battering for a spell in the second half the defence stood firm and long before the end the Bournemouth forwards had run out of ideas.

It was left to new found terrace hero Macdonald to have the last word in the final minute when he latched on to another

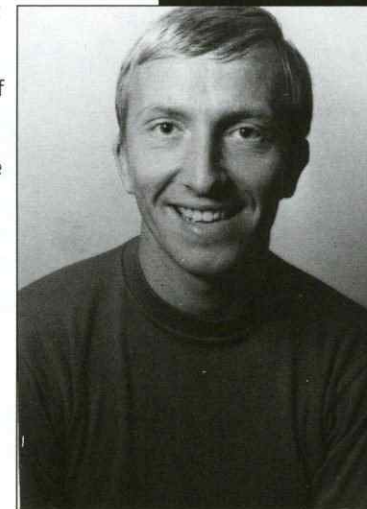

through ball, this time from Keith Allen, before rounding Jones and then see his shot roll agonisingly along the goal line after hitting a post.

"If there is a better 19 year old striker around at the moment I have yet to see him," said a happy Stock after the game.

We all agreed and felt that more was going to be heard about this lad!

## staffprofile

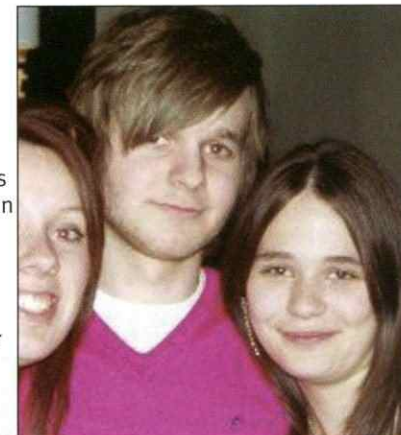

**Name:** Daniel Ryan

**Started:** September 2005

**Position:** Ticket Office Clerk

**Main Role:** My role involves dealing with supporters on a daily basis selling tickets either by phone or in person. I also make sure that all the Ticket Office and Club Shop systems are running correctly. I set up the home and away games on the ticketing system and am responsible for any price/seat/data changes. I also do all the data downloads from our systems, which are useful when looking at offers and trends.

**Best Memory:** As a member of staff my best memory was the FA Cup draw against Liverpool in 2006 and feeling a real buzz from our supporters when purchasing their tickets, it was something I hadn't witnessed before with queues going miles down Kenilworth Road. As a fan it was beating Leeds United 5-1 at home in 2007 and seeing the look on all the Leeds fans faces, it was priceless!

**Worst Memory:** The obvious one was going into administration and the feeling of hitting rock bottom coming from the staff and the fans. Nobody knew what was coming next but I'm glad we are now in the safest possible hands with 2020.

**Views & Opinions:** Every one behind the scenes is giving 110% effort and commitment in trying to pull us through these difficult times and I'm sure we will come out of it and be back where we belong before too long.

The optimism here is still high and we all honestly believe that the 'impossible' is possible and we will stay up this season even though the League and FA have treated us harshly.

**“Every one behind the scenes is giving 110% effort and commitment in trying to pull us through these difficult times”**

Mark Wood picks his dream Hatters starting line up

**GOALKEEPER**

**Andy Dibble**  
Pulled off the greatest penalty save in the club's history at Wembley in 1988. Strong in every goalkeeping department, he's a safe pair of hands that any defence would be happy to have behind it.

**RIGHT BACK**

**Tim Breaker**  
Scored a screamer at the Baseball Ground and had real tenacity and a winning mentality. Loved to get forward but was great defensively too.

**CENTRE BACK**

**Steve Foster**  
A cult hero and nobody will ever forget his bright white headband. Dominant in the air, dependable and a real character at the back.

**CENTRE BACK**

**Mal Donaghy**  
So often an unsung Hatters hero. His pairing with Foster provided the base for the greatest era in Town's history. It would be a crime to break up the pairing.

**LEFT BACK**

**Matt Taylor**  
Made a phenomenal debut and never looked back. Had the engine to get up and down the touchline all day and a left boot packed with TNT. Should already have been picked by England.

**RIGHT MIDFIELD**

**Ricky Hill**  
How he didn't get more caps for England God only knows. Skill, flair, power, strength - there was nothing the boy couldn't do. Luton's very own George Best.

**CENTRE MIDFIELD**

**David Preece**  
Brilliant passer and busy in the middle. Preece was the heartbeat of the team for years and always kept the Hatters ticking.

**CENTRE MIDFIELD**

**Marl Fembridge**  
Another in the long list of Luton's youth products. Tireless runner and a booming shot, the ginger-haired midfielder always gave 110 per cent.

**LEFT MIDFIELD**

**Kingsley Black**  
Pushed close by Jean

Louis Valois, but Black produced for years at the very highest level. Pace and trickery caused opposition defences no end of trouble and scored important goals to boot.

**STRIKER**

**Mick Harford**  
One of the best centre-forwards the British game has ever produced. Great control, unbeatable in the air and a steely determination. Linked up play and scored goals for fun, what more could you ask for?

**STRIKER**

**Roy Wegerle**  
The South African was full of tricks and his mazy runs won numerous penalties for the Hatters. His unpredictability could have opened up any defence.

### LEAGUE TWO

Saturday 13th December

#### Wycombe Wanderers

Kick off: 3pm Adams Park, Hillbottom Road, High Wycombe, HP12 4HJ

#### What's the Ground Like?

On one side of the ground is the impressive looking Frank Adams Stand, opened in 1996. This was named in memory of the man who originally donated to the club their previous ground at Loakes Park. It is a large two tiered stand, complete with a row of executive boxes and it dwarfs the rest of the stadium. The other three stands are smaller affairs, but are at least all covered. Only the Valley Stand at the home end remains as terracing. Opposite is the Dreams Stand, housing away supporters, a medium sized single tiered stand, with windshields to either side.

#### What Is It Like For Visiting Supporters?

Away fans are mostly located at one end of the ground in the Dreams Stand, where just over 1,800 supporters can be accommodated. The club has a relaxed friendly feel about it. The ground is situated in a nice setting with a wooded hill overlooking the ground (this normally has a small contingent of supporters watching the game for nothing) and with green fields surrounding the other sides. The standard football ground fayre of burgers (£2.30), pies (£2), pasties and hot dogs are available from the refreshments area.

#### Where To Eat & Drink?

As the ground is on the edge of an industrial estate, there aren't many pubs around. The nearest pub to the Causeway Stadium, is the Hourglass in Sands (about a 15 minute walk, from the end of the road up to the ground). Away fans are normally okay in small groups except for big games or local derbies. If you arrive early you may be able to go into the Supporters Club at the ground, which cost £2 to enter. The Club is one of the suites at the far end of the Main Stand.

#### How To Get There By Car?

Join the M1 motorway (signposted London). Leave the M1 at junction 6a, then join the M25 motorway (signposted Heathrow Airport). Leave the M25 at junction 16, then join the M40 motorway (signposted Birmingham, Oxford). Leave the M40 at junction 4, then at roundabout take the 5th exit onto the A4010 (signposted Aylesbury, A4010). Continue on the A4010 (signposted Aylesbury). Turn right onto Hillbottom Road.

#### Car Parking

There is a fair sized car park located at the ground which costs £3 per car, or some of the industrial units provide match day parking.

FOR THE HATTERS AT THE KENNY

Saturday 6th December

**Barnet**

3pm - Kenilworth Road

After a torrid opening to their 2008/09 Coca-Cola League Two campaign, Barnet eventually managed to secure their first three points of the season following a 1-0 win against Grimsby at the end of September.

Before their win over the Mariners, the north London club had only managed to amass a solitary point in their first seven league matches.

However, since then, the Bees' form has steadily improved and several impressive away performances have seen them climb to relative safety in the league.

Barnet manager Paul Fairclough's future at the club was the subject of media speculation before the match against Grimsby, but it appears that the man who guided the Bees to the Football League in emphatic fashion three years ago still has the full support of the club's board.

So far this season, most of Barnet's moderate success has been away from the Underhill Stadium. Their one and only home win came against Accrington Stanley at the start of October, but several draws and a 4-0 drubbing at the hands of Notts County earlier this month has led to serious questions being asked about

the Bees' home form.

On their travels, Fairclough's men recorded an impressive 4-3 victory over Rotherham in mid October and then battled to a pair of hard-fought draws against Shrewsbury (2-2) and Bradford City (3-3) two weeks later.

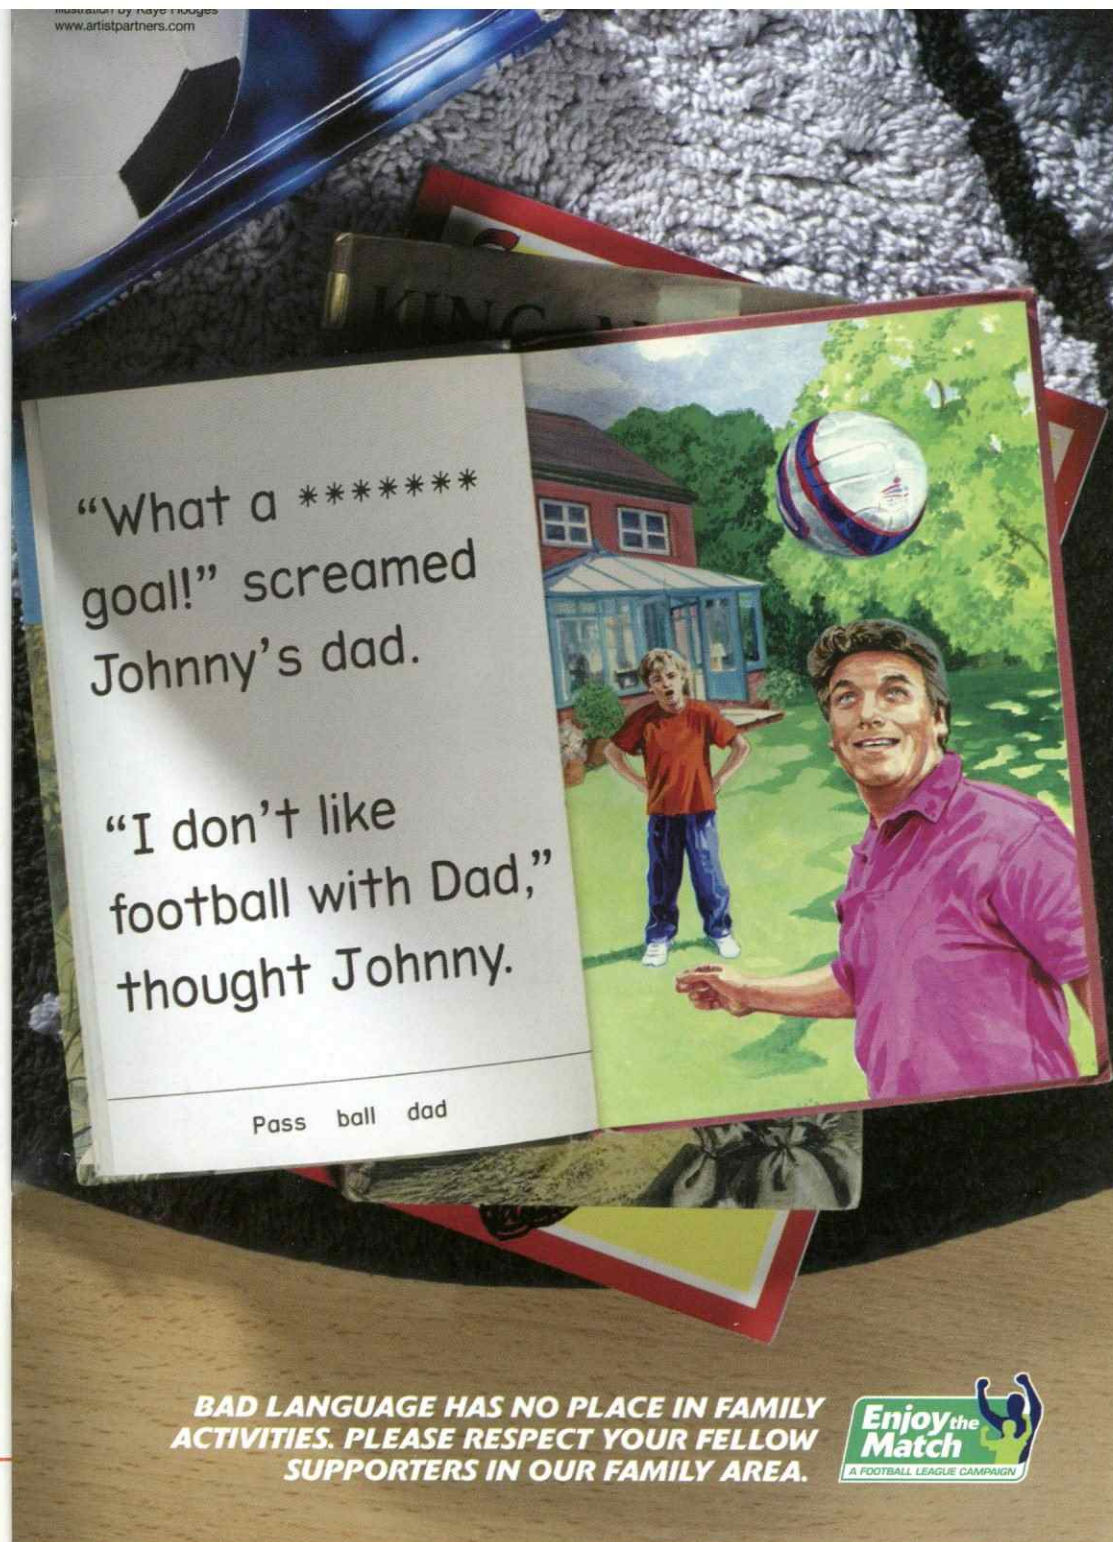

The Bees' faithful will have been encouraged by what they saw in these away matches, and will hope their side can display the same never-say-die attitude in their first ever visit to Kenilworth Road.

In fact, in an increasingly rare occurrence for modern day football, Saturday's meeting will be the first time the two sides have gone

head-to-head competitively in their entire histories.

Barnet will be hoping their highly-rated winger Albert Adomah can be the difference between the two sides. The 20-year-old has been linked to a number of Championship clubs since his move from non-league Harrow Borough in January, and is currently the Bees' joint top goalscorer this season.

Elsewhere, 27-year-old midfielder Neal Bishop will set out to take the game by the scruff of the neck as he so often does for the north London club. Whilst Irish striker John O'Flynn will be looking to add to his impressive recent goal tally.

"What a \*\*\*\*\* goal!" screamed Johnny's dad.

"I don't like football with Dad," thought Johnny.
