Hello and welcome to Kenilworth Road for this afternoon's clash against high flying Bury, who had a great result on Tuesday evening against Bradford so we know we are in for a tough game today.

I would like to extend a warm welcome to my good friend Alan Knill, his staff, players and also his chairman, directors and fans to Luton for today's game.

I have obviously been disappointed, as have the players and staff, with the last two results against Bradford City and Bournemouth.

In different circumstances these would have been quite acceptable results but at the stage of the season we are now at, as I have said, these run of draws MUST be turned into wins by hook or by crook.

The effort and commitment levels are there for all to see, the lads, week in week out, are putting in a fantastic shift and at the moment their performances deserve more than the two points we have tallied.

Against Bradford we dominated the first 45 minutes and deserved our two goal lead at the interval. After the break we gave away an early goal from a set piece, which is always disappointing, and this gave Bradford the impetus to go for it. They pushed us back and we defended too deep at times, but credit to the lads they kept going and got what we all thought was a fantastic late winning goal.

On Tuesday we travelled to Bournemouth where Kevin Nicholls made a welcome return start for us, alongside Mark Bower who we signed on loan from Bradford. I thought they both acquitted themselves very well and gave us the experience and solidity that we have been missing in these important areas of the pitch.

Hopefully, today, we will have Tom Craddock involved since joining us from Middlesbrough. Tom has

signed on a two year contract – a deal we have been working on for a long while and we are delighted to have secured Tom. I would like to wish him all the very best in what I hope is a long distinguished and happy career at Luton Town.

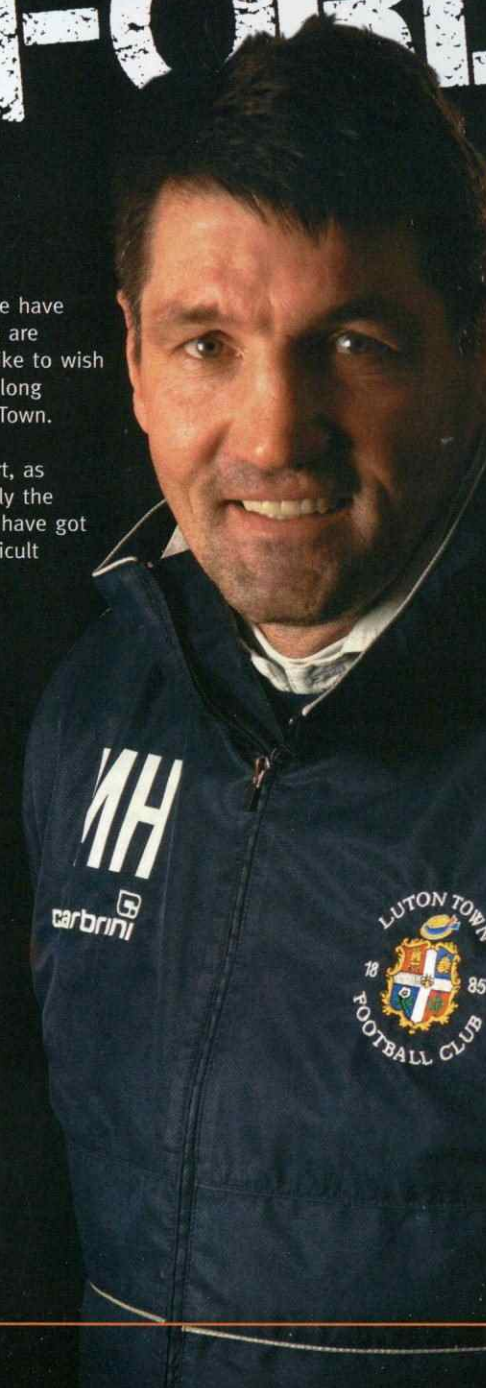

Again thanks for your tremendous support, as always it gives me, the staff and especially the players tremendous comfort the way you have got behind the team, week after week, in difficult circumstances.

Enjoy the game,

Keep the Faith,
Mick.

■ We hope to have Tom Craddock available for selection today after signing a permanent deal

Welcome to Kenilworth Road for today's game with Bury.

We have spoken many times about the excellent support that we have received both at home and on our travels and we are immensely proud of the effort and expense everyone has gone to in supporting the team in this very important season. There is no doubt that we have some of the best fans in the country especially bearing in mind the turmoil at the club over recent years, and the position we currently find ourselves in.

This emotion was no more evident than at our last home match against Bradford. In a really tight game that was full

of excitement, the support you gave ensured the players gave everything possible until the final whistle. However, it is a shame to report that the actions of a mindless few ruined the day.

It is *completely unacceptable* for any visitor to Kenilworth Road to encroach on the pitch or to throw things at officials, players or management. We at LTFC2020 are hugely disappointed that the massive efforts we have made to rebuild the reputation of our great club, taking long hours and Herculean effort, have been diminished due to the actions of a very small number of supporters. We must seek these people out, we will use

all powers available to us to identify them and we will take swift and appropriate actions available to us to ensure that this never happens again. We will fully cooperate with the FA and the Police in their investigations, to ensure that the club and the majority of our supporters are not unfairly punished once again for the actions of the few.

We cannot tolerate such behaviour and as such, we will use every method at our disposal to identify, prosecute and exclude the culprits and anyone who aided them.

When we started this journey, it was to restore pride in Luton Town by both supporters and governing bodies, so much so that we often used the term "Beacon Club". We wanted to show the world of football that no matter what sanctions we were given for the actions of past management (none of which are now at the club), we would hold our heads high, we would operate professionally and we would play the game in the only way Luton Town knows. We wanted to show other clubs that our business model is not only good for future financial stability, but that it also ensures supporter and community involvement, pride in our youngsters, and a restoration of the good name Luton Town once had.

Despite all of the efforts of the staff, players and management of the club, a handful of supporters may have damaged everything we have done to date. The pictures beamed across the nation affect not just

fromtheboardroom

CLUB DIRECTOR STEPHEN BROWNE ISSUES A MESSAGE TO THE LUTON SUPPORTERS

the club's reputation, but also those of our honest and well behaved supporters, our sponsors, to whom we are eternally grateful for sticking with us during difficult times, and our investors.

The actions of a foolish minority could have a severe effect on our club and will destroy the improvements we have made to date in repairing our reputation. It impacts the policing and stewarding costs, as is the case for today's match, and the fragile financial stability of the club. It also leaves us exposed to further financial and sporting punishments by the footballing authorities. The repercussions of which could be extensive. Such penalties could be the difference between being able to sign a player or not.

We at LTFC2020 will start the rebuilding work all over again in recognition of the fact that by far the majority of the crowd, whilst hugely disappointed with the result, acted as responsible adults. It

is hugely demoralising to see the successful work we have done to date potentially wiped out in a matter of minutes.

We are determined to make Kenilworth Road a good place to be; a place to bring family and friends, a place to be proud and hold our heads up high. It has witnessed wonderful events and we all

want it to witness more. We know emotions are high – they certainly are with us too. You kick every ball and so do we. But all our emotion should be solely focussed on positive support for the team.

Enjoy the game, support the team.

Stephen

KEVIN NICHOLLS CAPTAIN

After picking up two points from the last two games, all the lads are disappointed because we could have had six.

Against Bradford I thought the lads were fantastic in the first half. Obviously after being 2-0 up the second half was a bit disappointing.

But, like I said to the press, Bradford played better than us in the second half, but we got the lead again with two minutes left and then it's taken out of hands because it was never a penalty.

I guess that is the way it is when you are down at the bottom of the table: we just don't seem to be getting the luck. We got a big enough penalty at the start of the season with the 30 point deduction but in the last few games we think decisions have cost us even more.

The lads earned another draw at Bournemouth but when you think we have lost only once in 12 games, it is disheartening when we look at the league table.

I don't want to put pressure on us but we've got 19 league games left so we just need to start winning games. But despite the disappointment it was a good team performance on Tuesday, I think we did everything bar pick up the three points.

I thought Sam Parkin was immense: he worked his socks off up front on his own and Mark Bower did well too. It's not easy coming in late but he gave a good account of himself.

Considering we didn't win I still think we put in a good shift. But we'll have to keep going starting with today's match with Bury. It's the first of two big home games on the bounce and it will be tough but we're confident.

I would like to say a massive thanks to you, the supporters, for your passion and enthusiasm in recent weeks and over the course of the season.

You've been unbelievable and been with us all the way, through thick and thin. Please continue to back us. Last Saturday was an amazing atmosphere. I hadn't heard it that loud at Kenilworth Road for a long time.

Get behind the lads and together we'll make it happen.

Nico.

ALL THE LATEST FROM AROUND KENILWORTH ROAD

■ Asa Hall nets the third goal in our dramatic game with Bradford last week

NEWS

Saturday 24th January

The Hatters share the points and six goals with Bradford City in an incredible game at Kenilworth Road.

After leading 2-0 at half time with goals from Asa Hall and Sunday Wasiu, the Bantams hit back with two goals in the first 12 minutes in the second half to equalise. The Town then thought they'd won it when Hall headed Kevin Nicholls' free-kick in injury time but, in a dramatic and controversial twist at the end,

referee Trevor Kettle awarded the visitors a penalty which Barry Conlon rolled home in the seventh minute of added time.

In the Puma Youth Alliance, the Hatters' Under 18s' game with Peterborough was postponed due to a water-logged pitch.

Tuesday 27th January

In a bottom versus second-bottom clash at Dean Court, the Town take an 11th minute lead against Bouremouth

through Danny Hollands' own goal.

However, 16 minutes later the same player scored at the right end flashing a drive past Conrad Logan to give the Cheries a share of the spoils.

You ask people about the town of Luton, and most people will talk about Luton's local businesses such as hat making, Vauxhall, Electrolux, The Airport and of course Luton Town FC. One of the cornerstones of Luton Town FC 2020 Ltd's business plan was to return the Football Club back to the heart of the local community, therefore we are 100% committed to using local companies and suppliers, especially in the current financial climate.

When LTFC 2020 Ltd were in the process of taking over the club we were inundated with offers of help and services from a variety of individuals and companies, we put this information into a database and we are now in a position where we want to expand this resource. The biggest untapped resource in terms of skills and services is you, the fans, and we want to draw upon your services as much as possible

Managing Director, Gary Sweet, said: "It's very important to us not only as a Football Club, but also as a business that we connect with the local community in a much more proactive way. We want, wherever possible, to deal with local companies and Luton fans when we buy our products and services. It works two ways, we want to give back to the local business community but we also know that we might get a better deal for the Football Club if we deal with supporters of the club."

No matter how big or small your company or offer of help is, we want to hear about it. From decorators to IT specialists and office supplies to tax advisors the club wants to hear from you. Please contact us on with details of yourself, your company, the product or service you can offer and some contact details and we will put you on our local supplier database.

17 The number of previous league meetings between the two teams at Kenilworth Road. Luton have won 11, drawn four and lost just twice. The Hatters have scored 32 goals and conceded 16.

1 The only player to have been transferred in either direction between the clubs is Samuel Davies who made his debut in 1897 after his move south. Davies went on to make 28 appearances in Luton's first season in the Football League. Davies scored twice, his first coming against Tottenham Hotspur in a 4-3 win in an FA Cup qualifying round match, and the other from the penalty spot in a 6-0 league victory at home to Grimsby.

1937 The year in which the sides first met in league action and the visitors won 1-0 on October 2. Although Luton were to get revenge in the return tie winning 4-3, courtesy of a hat-trick from Joe Payne, and one from Billy Redfern.

17864 Redfern scored again the following season with Eddie Connolly also scoring a 2-1 win.

Connolly returned to Kenilworth Road from West Brom in 1946 and on September 14th he scored in front of the largest

attendance for this fixture, 17864. Hugh Billington wrapped up the points with Luton's second.

6 The most number of goals in this fixture came in March 1951 when Luton won 4-2. Bernard Moore scored twice, with Charlie Watkins and Pat McAuley also netting. This was McAuley's only goal for Luton, in his eight appearances, after signing from Celtic.

1 The only penalty to be converted by Luton in this fixture came on 1st September 1954. Bert Mitchell scored from the spot, with further goals from Gordon Turner and Jimmy Adam in a 3-2 win.

4 The biggest margin of victory is by four goals, and this came in the 1961/62 season. Gordon Turner was on the scoresheet once more, netting twice, a feat repeated by Alec Ashworth in a 4-0 win.

4633 The lowest attendance for this fixture, back on 4th September 1999, only 4633 fans saw the sides share the points in a 1-1 draw.

Andrew Fotiadis opened the scoring but Bury soon equalised through Lee Richardson, his only goal for the club during a one-month loan spell.

bury

WELCOME TO THIS AFTERNOON'S VISITORS

CURRENT FORM: L W D W W

Bury arrive at Kenilworth Road on the back of a four-match unbeaten run which has propelled the Shakers back amongst League 2's top three and leaves them four points behind leaders Wycombe.

In fact, their last defeat came at the hands of the Chairboys, in January, but since then they have won three and drawn one of the following four games with all three victories coming in front of the Gigg Lane faithful.

A 1-0 home win over Barnet was followed by a goalless draw against Exeter at St James Park.

And two straight wins on home soil against promotion rivals Aldershot and Bradford has given the Shakers a great chance of holding on to an automatic promotion place.

Today's visitors have only conceded once during their unbeaten sequence and will be looking for their sixth win on their travels at Kenilworth Road this afternoon.

PREVIOUS MEETINGS:

Luton wins: 18 Bury wins: 12 Draws: 8

When it comes to head to head meetings Luton hold a slender lead, having won 18 of the ties, going back to the first meeting between the two sides back in an FA Cup tie in 1923.

However, the win over Bury at Gigg Lane earlier this season was the first time the Hatters had beaten the Shakers since a 3-2 League Cup win in 1973 at Kenilworth Road.

The Town's biggest win over today's visitors was a 4-0 victory at Kenilworth Road in 1961.

Bury have beaten the Hatters three times by three goals, all of which occurred in a three-year period, with victories in 1947 (3-0), 1949 (5-2) and 1950 (4-1), all at Gigg Lane.

LAST FIVE SEASONS IN FOCUS:

This season is the Shakers' eighth in League Two after their relegation from the old Second Division in 2001.

Since then Bury have quietly gone about their business over the past five seasons, only managing a best of 12th place in 2004.

Between 2005 and 2007 the Shakers finished in the lower reaches of League 2 and survived relegation to the Conference in 2006 by just three points.

Later in 2006 the Bury had the misfortune of being the first professional club to be thrown out of the FA Cup after they fielded an ineligible player in their second round replay match with Chester.

Last season, under the guidance of Alan Knill the Shakers steadied the ship with a 13th place and the former Rotherham Manager has carried on where he left off, steering his side towards automatic promotion.

Last time at Kenilworth Road:
Luton Town 1-2 Bury 24th April 2001.

The Hatters were struggling at the bottom of the old Division 2 the last time Bury visited Kenilworth Road in April 2001.

Liam George fired the Town ahead in the seventh minute but the visitors hit back to equalise two minutes later through Chris Swailes.

Swailes' namesake Danny was sent off six minutes before the break, for the Shakers, but Colin Cramb earned the visitors all three points with a goal a

minute from time to all but relegate Joe Kinnear's men.

Luton: Ovendale, Shepherd, Boyce, Watts, Dryden, Taylor, Mansell (sub Douglas), McLaren, Spring, George, Howard.
Unused subs: Stein, Locke, Stirling, Ward.

Bury: Kenny, Armstrong, C. Swailes, D. Swailes, Billy, Hill, Daws, Jarrett, Reid, Newby, Cramb (sub Forrest).
Unused subs: Littlejohn, Halford, Martin, Connell.

Attendance: 4,902

the manager: alan knill

Alan Knill was appointed as Bury's 35th manager on Monday 4th February 2008 with the former Welsh international leaving Saltergate where he had been assistant manager to Lee Richardson at Chesterfield.

Knill was returning to familiar surroundings at Gigg Lane where he first arrived as a player in 1989.

Bury paid a then record transfer fee of £95,000 to Swansea to secure his

registration. Alan went onto make 144 league appearances for the Shakers before signing for Scunthorpe United after a loan spell at Cardiff City.

He began his managerial career with Rotherham following the sacking of Ronnie Moore. He was at the club as a youth coach but stepped into the breach to make a valiant effort to keep Rotherham in the Championship and he was eventually endorsed as manager in December 2005.

star man: andy bishop

The striker signed at the end of the 2005/06 season from York City. Andy quickly adapted to league football and has continued with his goal scoring skills whilst with Bury.

Bishop has finished the last two seasons as the club's leading scorer with over 20 goals to his credit. He started his career with Walsall, but he failed to break into the first team at the Bescot Stadium he was loaned out to Kidderminster Harriers, Rochdale and Yeovil over two seasons. Andy was eventually released from Walsall and signed for York. Another 34 goals came his way at KitKat Crescent before Bury pounced for his signature. Bishop has recently put an end to speculation linking him with a move away from the Shakers by signing an extension to his current contract to keep him at Gigg Lane until the end of the 2011/12 season.

GOALKEEPERS

WAYNE BROWN

Wayne Brown signed for the Shakers during the summer after rejecting a new deal offered to him by Hereford United for personal reasons. Last season brought nothing but success for Wayne with Hereford promoted, the Southampton-born stopper kept 21 clean sheets. Wayne was also crowned as the Bulls' player of the season and his move to Gigg Lane surprised many.

MARK TYLER

Peterborough's longest-serving player found first team opportunities at London Road limited during the 2007/08 campaign and ended the season on-loan at Championship side Hull City although a back injury meant he couldn't fully challenge the first-choice shot-stopper at the KC Stadium. Tyler was transfer listed during the summer and was linked with a number of sides, but started the new League 1 season at Peterborough United. He joined Bury at the beginning of January as cover for the injured Wayne Brown.

DEFENDERS

DAVID BUCHANAN

A product of the Shakers youth system, Buchanan joined the Shakers in 2003 as part of the youth team and completed his two-year scholarship with ease. In April 2005 he was given his chance within the Shakers first team after rave reviews from his performances for the reserve side. Known to have scored the odd spectacular goal or two for the second string, David has yet to find the back of the net for the first team. David is a regular for the Northern Ireland U21 side, earning himself 13 caps and two goals.

RYAN CRESSWELL

Rotherham-born Ryan joined the Shakers on a two-year contract during the summer on a free transfer from Sheffield United. Ryan

bury

WELCOME TO THIS AFTERNOON'S VISITORS

had been due to join Hungarian side Ferencváros on a season long loan, but a move to Gigg Lane was a better option for him. A tall powerful central defender, he has gained league experience after coming through the academy system at Bramall Lane.

BEN FUTCHER

Ben Futchter is the latest in a line of 'Futchers' that have played professional football. Son of Paul Futchter, Nephew of Ron Futchter and cousin of Charlton's Danny Murphy. Ben started his career at Oldham Athletic but quickly joined local non-league side Stalybridge. He also enjoyed spells with Doncaster Rovers, Lincoln City, Boston United, Grimsby Town and Peterborough United before he joined Bury in the summer of 2007.

STEVE HASLAM

Started his career with Sheffield Wednesday in 1998 as a trainee and went onto make 115 appearances for the Owls over the next six seasons, including 23 games in the Premiership.

Aged just 19, his debut against Liverpool could be described as a game to forget as the Reds hit seven goals in the game. Released in 2004, Steve chose to join Halifax Town and soon became a first team regular for the Shaymen. Signed for Bury for the start of the 2006/07 season after initially agreeing to a new deal at the Shay, but a return to league football was simply too good to turn down.

PAUL SCOTT

Current player of the season, for the second year running, after another very successful season for the Huddersfield-born defender/midfielder. 'Scotty' joined Bury before the 2004/05 season after successfully applying for a trial at Gigg Lane. Initially offered a short term deal with Bury, the contract was soon extended into a full two year deal. Now one of the club's longest serving players and one of the first names on the team sheet.

EFE TOBORE SODJE

Efe Sodje arrived at Gigg Lane in

EFE SODJE

February 2008, initially on loan from Gillingham. Following his release from Gillingham, Efe signed a two year contract in July with the Shakers as player-coach. A vastly experienced centre-half that began his league career with Stevenage Borough before moving to Macclesfield Town where he wrote himself into the Silkmen's history books by scoring their very first league goal. As well as playing for Luton he has also enjoyed spells with Crewe Alexandra, Huddersfield Town, Yeovil, Southend and eventually Gillingham.

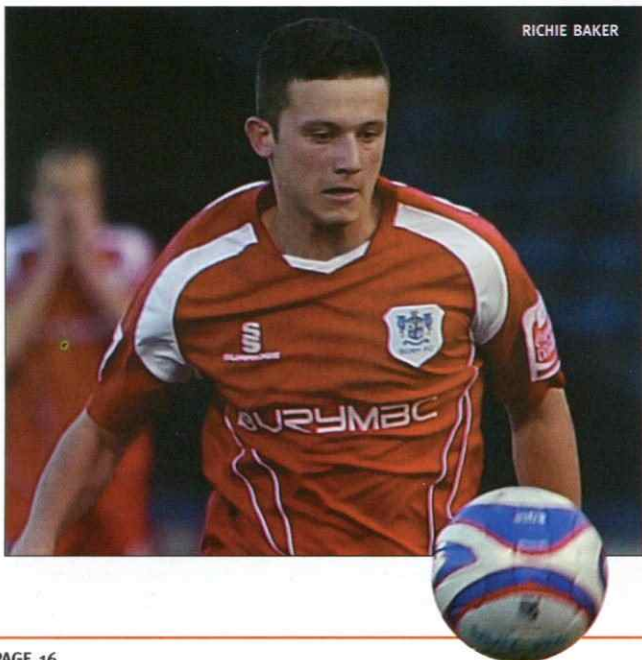

MIDFIELDERS

RICHIE BAKER

Joined the Shakers in July 2006 after his surprise release from Preston North End's youth system and their loss was the Shakers gain. Pace and ability on the ball are just two of Richie's strong points and he has proved to be a valuable asset to the club.

BRIAN BARRY-MURPHY

Cork born Brian signed for the Shakers in the summer of 2004 after being released by Sheffield Wednesday. Barry-Murphy started his career but

made just six appearances for the Lilywhites. Two loan moves to Southend and Hartlepool soon followed before he joined Sheffield Wednesday in October 2002 on a free transfer. Accurate from corners and deadly with free kicks, he has the ability to stun crowds from distance.

ELLIOTT BENNETT

Elliott is a fast, tricky and skilful player that is currently on loan from Wolverhampton Wanderers. A product of the youth system at Molineux he made his senior debut in a Carling Cup win over Bradford City in August 2007. A loan move to Crewe Alexandra soon followed but it was another loan spell that really pushed his career when he joined Bury last season. He finished his three-month spell last season with a goal against Macclesfield Town and will be keen to add to his tally for the club whilst at Gigg Lane

STEPHEN DAWSON

A former Irish U21 midfielder player, Stephen signed for the Shakers during the closed season after rejecting a new deal from relegated Mansfield Town. He began his career at Leicester City, though despite captaining the Foxes

reserve side, found first team opportunities hard to come by at the Walkers Stadium. Stephen made the decision to drop down the leagues and joined the Stags.

MICHAEL JONES

A product of the youth system at Tranmere Rovers, Birkenhead born Jones came through the ranks at Prenton Park and was handed a full debut in the final game of the 2005/06 season. Released at the end of last season, Michael successfully completed a pre-season trial period at Gigg Lane and has recently signed a two-year extension to his contract.

STRIKERS

GLYNN HURST

A much travelled and vastly experienced striker and goal scorer that arrived at Gigg Lane initially on loan in September 2006 from Shrewsbury Town. Born in Bamsley, Hurst started his career with his home town club and has had successful spells at Ayr, Stockport, Chesterfield and Notts County. His arrival at Gigg Lane sparked an upturn in the club's fortunes and he began to show Bury fans why his reputation was so high.

ANDY MORRELL

Andy's entry into football is perhaps one of the strangest after his break came from when he started talking to Sky Sports presenter Rob McCaffrey. Rob was helping to write the autobiography of Joey Jones, who was then Wrexham's first-team coach, and Rob arranged for him to have a trial at the club. After a week's trial he was kept on at Wrexham and he scored 34 league goals in 45 games in the 2002/03 season, making him top scorer in all four divisions that year. He moved to, Coventry City and then onto Blackpool before joining the Shakers on the opening day of the new season on a two-year contract.

LIFE: Be fit for it

andymorrell

Highly-rated striker Andy Bishop may have taken most of the headlines this season with his goalscoring exploits, but strike partner Andy Morrell has shone for the Shakers in their last two matches after netting the winning goals on both occasions.

Morrell described his relief at getting back amongst the goals for Bury, taking his tally to five for the campaign, following successive strikes against Aldershot Town and Bradford City:

"It plays on your mind a little bit and I feel like I can contribute without goals, but that's why I was brought here, so it's just nice to get back on the scoresheet and also to be the match winner in two games."

The Shakers now find themselves in third position in League 2 despite a poor run through October and November, a spell which nearly threatened to ruin the club's aim of promotion.

"We had a little bit of a dodgy October - we lost five on the spin at home but we were playing half decent in some of the games so it wasn't the end of the world.

"We just knew we had to raise our game an extra 10-15% and we'd be

back to winning games and that's what seems to have happened."

News that star man Andy Bishop has signed a new contract seems to have buoyed everyone around Gigg Lane, and Morrell, 34, spoke of his own delight that his team-mate had opted to carry on playing for the Shakers:

"It's huge for the club. The last three seasons he's scored 20+ goals, so that in anyone's team is a massive bonus. It shows the club's ambition for the rest

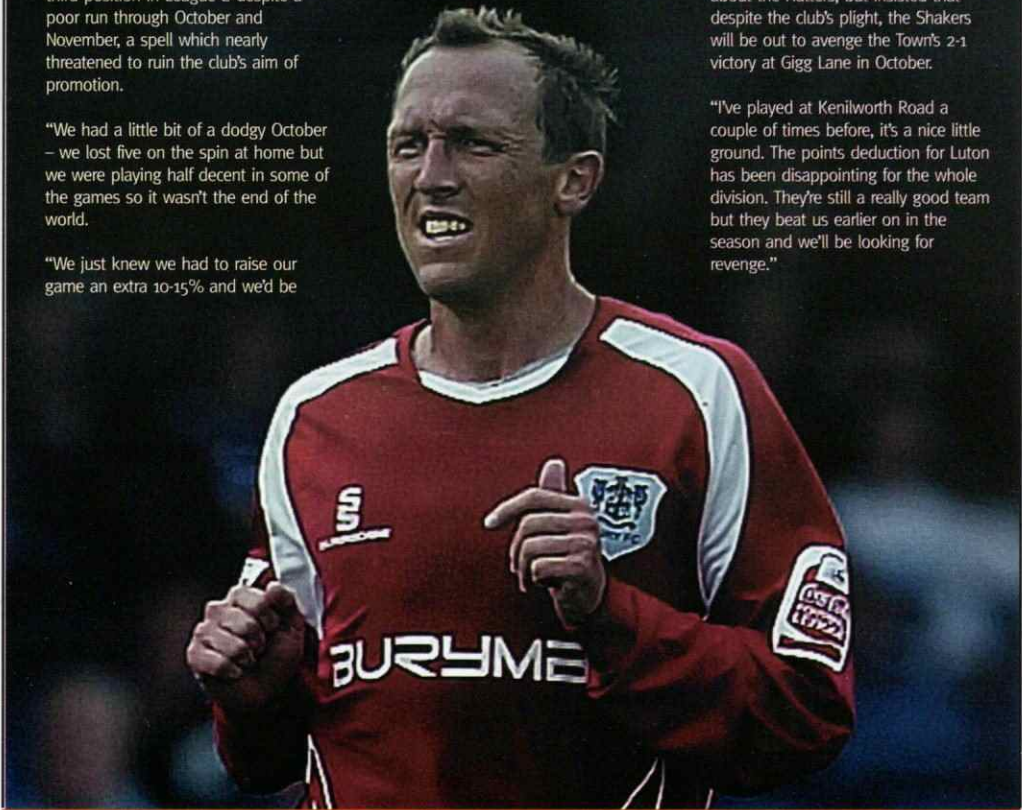

of the squad as well, so we're pleased he's staying."

Morrell has settled in Bury well since his move from Blackpool in August, describing his team-mates as a "good bunch", but admitted that the Shakers are feeling under increasing pressure in their bid to remain inside the top three:

"It's a bit ridiculous isn't it this year with how tight it is. We're just looking to take three points in as many games as we can."

The Bury striker also reserved a word about the Hatters, but insisted that despite the club's plight, the Shakers will be out to avenge the Town's 2-1 victory at Gigg Lane in October.

"I've played at Kenilworth Road a couple of times before, it's a nice little ground. The points deduction for Luton has been disappointing for the whole division. They're still a really good team but they beat us earlier on in the season and we'll be looking for revenge."

COMMERCIAL MATTERS

Good afternoon and welcome to another crucial Coca-Cola League 2 match against Bury.

I'd like to welcome and thank all supporters, sponsors and corporate guests here at Kenilworth Road today.

Since the turn of the year we have been busy organising a number of special events that we have lined-up between now and the end of the season.

The most popular has been our Evening with David Pleat which takes place at the Riverside in Luton on 12th February.

It promises to be a great night and tickets are almost sold out so please contact the Commercial Department at the club to book

your place or to find out further details.

For today's match with Bury I'd like to extend a warm welcome to our match and ball sponsors:

Match sponsor: Luton Outlaws

Luton Outlaws is a totally independent internet forum, paid for and run by supporters of Luton Town. Established in 2006, it is the most visited Luton Town internet forum and, along with

its predecessor, has proven to be a key rallying point for supporters. The board is designed for people over 18 years of age and the content can sometimes reflect this.

Ball sponsor: Robert Sergeant:

A third-generation Luton supporter, Robert is present at Kenilworth Road this afternoon with school friend and fellow Hatter Robert Atkinson and with some of his colleagues from Movianto UK Ltd.

He is hoping a trip to the home of the Hatters will educate his fellow employees on the world outside the glamour of the Premier League!

POST-MATCH VERDICT

Mick Harford: "We were the better team for the first 15-20 minutes but we conceded a stupid penalty and from that moment our defending got worse. We were all over the place at the back and with us pushing up in the second half we were always open to Darlington's counter-attacks."

Dave Penney: "I knew it would be an open game but I just didn't expect us to get five goals. Even at 4-1 they kept plugging away and we needed to get the fifth goal to finally kill them off. A lot of teams have come here and sat back and that is frustrating for us and for the fans."

ED ASAFU-ADJAYE

The Hatters may have suffered their heaviest defeat of the season away to Darlington, but the silver lining came in the form of Ed Asafu-Adjaye's return from injury.

The 20-year-old had been sidelined by a groin injury, picked up just before Christmas in the match against Morecambe but made his comeback in the 5-1 loss against the Quakers.

Asafu-Adjaye rued the Hatters' inability to defend a series of set-pieces in the first half, resulting in the Town conceding three goals in six minutes.

He said: "It was a crazy six minutes – those three goals changed the game.

"We had a bad 15 minute spell in the first half where we didn't mark up correctly from corners and set pieces and they hurt us."

In a bid to try and salvage something from the match, despite being 4-1 down at half-time, Mick Harford reverted to a more attacking formation and in doing so, switched Asafu-Adjaye to centre-back, a decision he was happy with and which seemed to ease the Quakers' onslaught on the Hatters' goal.

"We threw a couple more bodies forward because we needed to get some goals back," the young defender said.

"Michael Spillane went to right-back so he could go forward a bit more and I sat in the middle."

Although the goals eased up in the second half, the Quakers still found one more goal to rub salt into the Hatters' wounds, but despite the immediate post-match gloom in the dressing room, Asafu-Adjaye remained positive about the Town's forthcoming matches.

He said: "Obviously the lads are very down but it's only one game, before this we had a good run of eight unbeaten.

"The boss was saying you've got to cast this defeat to the back of your mind because it's only one game out of 46."

Under 18's Tour to Germany

On Thursday 15th January Luton Town's under 18's travelled to Karlsruhe, Germany to compete in the Linkerheim Euro Cup. The cup was to be contested over two days (Saturday 17th and Sunday 18th January) and the Luton boys began the weekend's action with an indoor training session on the Friday morning followed by an 11-a-side evening game hosted by local Bundesliga side Karlsruhe. Luton's boys competed well against quick, strong and technically skilled players, putting together some good passing and switching play well. Unfortunately Karlsruhe broke through Luton's back line with pace to score twice. Luton hit back after a great through ball from Mark Farthing put Scott Sinclair on a 1 v 1 with the goalkeeper who calmly chipped the ball into the net. Karlsruhe went on to win the game 3-1 after an encouraging performance from our boys.

Tournament Indoor 5-a-side

The Linkerheim Euro Cup began on the Saturday afternoon with an opening ceremony at the Realschulsportthalle, Linkerheim. Luton Town's group consisted of Rapid Vienna, Kaiserslautern, FC Basel, Hoffenheim and Hannover 96.

Luton started the tournament well but narrowly lost 2 - 1 to Rapid Vienna, who would later go on to be runners-up in the tournament. They had to learn a different style of football though, and after three games they started to compete better with teams and defend more efficiently. Luton went onto draw their last game 1 - 1 with Bundesliga side Hannover and

were unlucky not to win the game when Sam Barker's shot flew narrowly over the crossbar.

Luton's players can take away a lot of positives from the tournament and will be better players for the experience of playing in such a well organised, high-level and professional tournament.

Under 18 Team Sponsors

Please welcome six players who are signing new contracts with Luton Town today.

Firstly Matthew James, who is an Under 16 from Hornchurch in Essex. Matthew is a quick, powerful right sided player who joined Luton in March 2008.

Matthew has attracted a lot of interest from Championship clubs and we are delighted that he feels that Luton Town is the club to help him fulfil his potential. Today Matthew is signing his scholarship agreement to start in July.

Charlie Smith is a cultured left-footed Under 13 midfielder from Redbourne. He is equally comfortable playing the centre of midfield or on the left wing, and currently plays up a year in the Under 14 age group. Charlie has been at the club since the age of 8, and today signs a four-year contract.

Tommy Lee Stimpson is a left-footed striker from Milton Keynes

who joined Luton via the club's TIPS programme in 2007. Pacy and skilful, Tommy is a key member of our Under 12 squad, and has also played regularly in the Under 13 team. Tommy also signs a four year contract today.

Finally we have three Under 8's who are today signing their first ever contract with a professional club.

Jake Peck is a very technically gifted player from Dunstable who has trained with the Under 9 squad since last summer. Jake has great ability in attacking 1 versus 1

situations, and has a great range of tricks and skills. Francis Shilton is a pacy striker young player from Hitchin who has been training with the Under 9 squad since November. Francis joined Luton via the club's TIPS programme at the age of 5.

Archie Wilkinson is a great passer and also has a good first touch. Living in Letchworth, Archie has also been training with the Under 9 squad since November.

Please also welcome the Under 9 and 10/11 squads who recently competed in International tournaments in Germany. The Under 9's came runners-up losing to Nuremberg in the final of a tournament in Gladbeck. The Under 10/11 squad went one stage better, winning a tournament near Stuttgart after beating Freiburg in the Final.

Jamal Lewis was also voted as player of the tournament by the opposing teams coaches. Both teams will be presented with their trophies at half-time.

with a 15 point lead at the top of the table although the chasing pack do have games in hand.

A current 100% record with 106 goals scored and only 4 conceded further establishes this squads potential. We will certainly be looking to incorporate these players into our senior squads at an early stage as the home grown talent continues to flourish and reinforce our clubs potential to bring National League football to Luton Town at the earliest possible stage.

The First Team eventually managed to complete their long awaited Fourth Round FA Cup tie away to Blackburn Rovers.

The Town Ladies expended a huge effort in competing against their Premier League opponents eventually going down by a 3-0 scoreline.

Having won the award for the Performance of the Round in the previous tie a repeat performance against a team who are professional and containing several international players was always a huge ask.

All at the club are very proud of the spirited display from the first to the last whistle as our involvement in this year's competition ended.

With half the squad aged 17 and under the future for this squad appears very bright providing that they continue to show their thirst for learning the game and match their undoubted talent with the same level of application.

Tottenham Hotspur 0 Luton Town 5

Following a long break from competitive action our Under 15's visited their fellow unbeaten title challengers Tottenham Hotspur, in the shadows of White Hart Lane.

A close and hard fought encounter was anticipated but the Town's preparation for this fixture paid dividends as Spurs were completely over run in all areas and barely troubled the Luton goal throughout. The match was goalless after 15 minutes but that quickly changed, skipper Maisie Wyatt firing in a first time shot which the Spurs keeper could only parry but she then showed great awareness to follow up and net the rebound.

Katie Davis then added a second after rounding her marker and letting fly with a superb strike.

A shocked Spurs side were unable to handle the strong running Luton midfield and it was no surprise when Wyatt again found the net from the left hand side of the area to give us a 3-0 half time lead. Spurs rallied just after the interval but with no success and having weathered all the home side had to offer Katie Davis made it 4-0 with her second goal of the game on the hour.

The hardworking Jess McKay completed the rout to really round off another superb Town performance which now sees them

KEVIN WATSON

His playing career may be over, after injury limited his Hatters appearances to just four, but Kevin Watson is delighted to be now taking the first steps in a coaching career after being named as one of Mick Harford's two new First Team Coaches.

The 35-year-old was appointed, along with Alan Neilson, in assisting the Town boss and the former Colchester captain's enthusiasm was there for all to see after the duo oversaw their first match in charge of the reserves against Stevenage Borough at Kenilworth Road.

The Hackney-born midfielder, who racked up more than 460 league and cup appearances for nine different clubs, is now excited to be starting a new challenge in his life:

"I'm delighted because for the last few seasons I've been prone to a little bit of injury and this year was no different."

"Unfortunately for me the injury problems which have blighted me last season came around again.

"I had problems with my calf and then I injured my knee so my playing contract didn't get renewed."

With his five-month contract with the Hatters expiring at the beginning of January, it was then that Watson was first approached by Mick Harford.

And the former midfielder, who began his football career with Tottenham in 1992, before permanent spells with Swindon, Rotherham, Colchester and Reading, said that coaching was logically the next step after his playing days had come to an end:

"Six or seven years ago I would never have thought of it.

"However, I have been fortunate at the clubs I've been at in the past to have been able to captain the side so it's always been a trait in me.

"In the last three or four years, especially, it was something I definitely began to look at quite seriously.

"I thought now was the right time to jump to the 'other side' as it were."

And the new coach thanked manager Mick Harford for giving him his first break in football coaching; a new career which he hopes will ring him the same pleasure and success as his playing one:

"Mick's has been very good to me. He wanted me to help, and there was a post available which he pushed me to go for, so that's the way it came about really.

"I'm grateful to him for giving me my first opportunity in coaching."

With Alan Neilson completing the new-look management team, Watson explained how he sees his role and how the trio will operate. "I sat down with Mick and he said the three of us would muck in together."

"Obviously Mick's the head man but he said the three of us will sort things out between us and whatever the duties are we'll do it together.

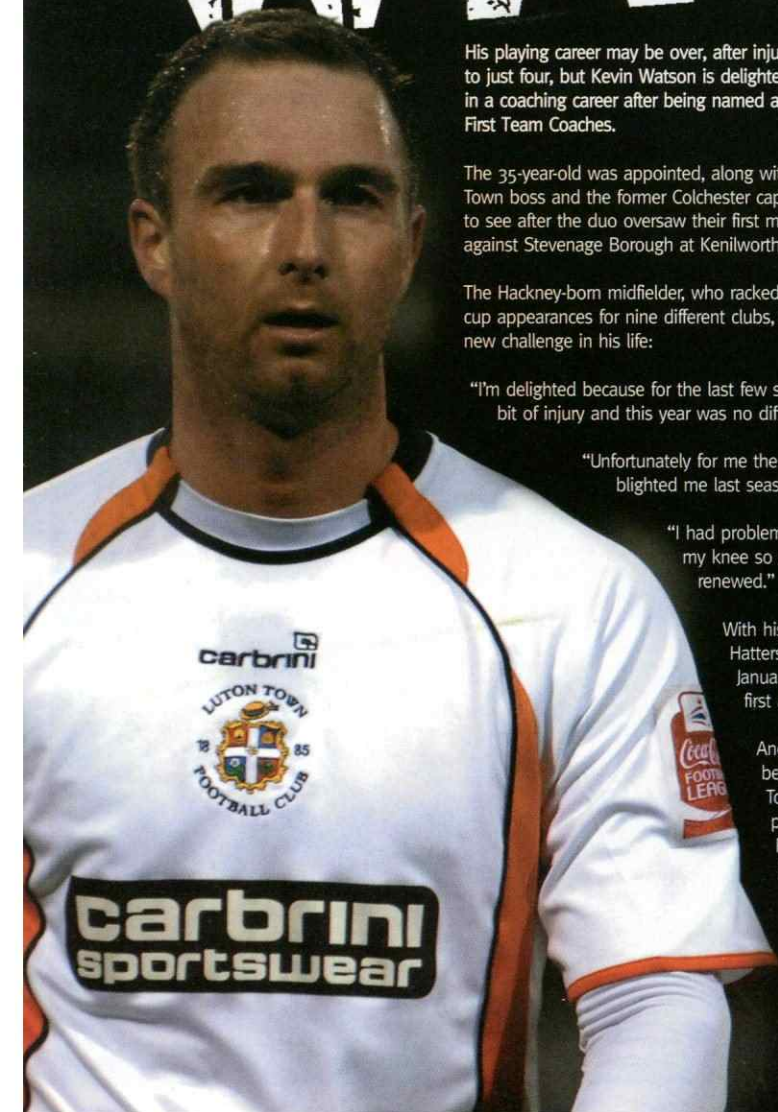

"He said one day you'll be doing

one thing and the next day you'll be doing something else, and that's good enough for me."

And Watson was pleased when the new partnership got off to the best possible start when the reserves triumphed 2-0 over Stevenage in their totesport.com Combination clash.

"It was a win and a clean sheet so I can't complain. I was delighted with some of the younger lads, Harry (Hogarth), Mark Farthing and Adam (Watkins) were excellent.

"All the players stuck to the tasks and jobs we gave them and played their part in a 2-0 win and a good performance."

Club Historian Roger Wash looks back at a Hatters win on this day in 1996

The summer of 1995 was filled with feverish activity at Kenilworth Road. Manager David Pleat had departed to take up the hot seat at Sheffield Wednesday with his place taken by Youth coach Terry Westley, who immediately had to oversee the transfers of David Preece to Derby under freedom of contract and Paul Telfer to Coventry for a tribunal set £1.15 million.

Given much of the Telfer money to spend, Westley set about bolstering the squad with the signings of Gavin Johnson, David Oldfield, Graham Alexander, Steve Davis, Bontcho Guentchev and Darren Patterson. Hardly a day went by without news of yet

John Taylor attempts to shoot from the edge of the area.

another imminent signing! Sadly, a 'three at the back' system initially employed by Westley failed to work and coupled with injuries to key players the Town managed only one win in the first nine games.

The signing of two Danes, Johnny Vilstrup and Vidar Riseth for a combined fee of £300,000 smacked of desperation and with neither helping to turn things around, the season got steadily worse and after a 0-4 thrashing at Portsmouth, just before Christmas, Westley left 'by mutual consent'.

A safe pair of hands was needed at the helm and the Hatters turned to ex-Charlton and Middlesbrough manager Lennie Lawrence, who saw his new players for the first time in a fighting 2-2 home draw with Huddersfield - which came after the Town were reduced to ten men following the dismissal of

Steve Davis. If Lawrence felt that his magic wand was being waved immediately he was in for a rude shock when, in his second game, he watched as the Hatters went down 1-7 at Grimsby in the FA Cup.

Lawrence knew that he had a decent spine in the side with Westley's last signing Ian Feuer in goal, Steve Davis at centre-half, Gary Waddock as a good holding midfielder and the quicksilver Dwight Marshall up front. All that was needed was self belief.

A week after the Grimsby debacle, the Town were up against a Southend side that had not lost in eight games and won convincingly 3-1.

They followed this up with a battling 1-0 win at Norwich and suddenly the clouds enveloping Kenilworth Road began to lift.

Ceri Hughes goes down under a strong challenge.

The game.

Luton Town 1 Sheffield Utd 0
 31st January 1996

If the Hatters were in a poor position then arguably the Blades were in even worse shape having gone ten League games without a win, although they had beaten Arsenal in the FA Cup in the middle of this run. The game had originally been set for New Year's Day but a heavy frost had meant a postponement. The re-arranged game was fixed for a Wednesday evening, which was not the usual mid-week choice for the Town, and on a bitterly cold night only 6,995 turned out for this important Division One fixture.

Darren Patterson made a rare appearance at full-back in place of the suspended Julian James and midfielder Ceri Hughes was back on the bench after a six week lay-off through injury. Sheffield United were much quicker off the blocks and took the game to the Town from the start, pumping ball after ball

Bontcho Guentchev's superb free-kick proved to be the winner

into the box. Recognising, after the Grimsby debacle, that the emphasis needed to be on not conceding goals, Lawrence had drilled his back four into a solid unit who now handled everything thrown at them with ease.

The balance of the team did not appear to be upset when both Marvin Johnson and Scott Oakes had to retire injured after 30 minutes and, in fact, the Town took the lead soon after.

United's defender David Tuttle fouled Tony Thorpe ten yards outside the box and Bontcho Guentchev bent a sublime free-kick around the wall and into the far corner of the net.

The Blades continued to dictate play but could not break down the stubborn Luton defence leaving new manager Howard Kendall to moan, "We dominated most of the game, but Luton sat back in numbers, and we found it difficult to create chances."

Lennie Lawrence was relieved to make it three wins in a row and lift the Town off the bottom. "It was not a classic by any stretch of the imagination, but it was a game we did not want to lose."

Claude Gnakpa. The Frenchman was back to his marauding best down the right-flank in a more advanced attacking position where he worried the Seagulls' defence.

POST-MATCH VERDICT

Mick Harford: "Overall it was a pleasing performance. After Saturday we asked for a response and we got it from them. We were fantastic. I will never think we are at Wembley yet and I will make the players aware we have a tough game at Kenilworth Road. But it would be a great achievement for us to make it to Wembley."

Dean White (Albion's Assistant Manager): "There's still everything to play for. The one positive thing to come out of it was the clean sheet. You couldn't fault the players' effort. It would have been nice to get a result here but we'll be going to Luton for a win there."

CLAUDE GNAKPA

Following a disappointing December for Claude Gnakpa, the Frenchman appeared to be back to his best in the goalless draw against Brighton & Hove Albion.

The 25-year-old spoke of his frustration at having to sit on the sidelines, his delight at getting back into the team and his hopes of emulating a certain sulky French striker.

"I can say that I'm very happy to come back because when you're used to playing football every week, you are very happy when you come back into the team," he said.

"When you're used to playing every week it's a bit difficult. But I have to be professional, work hard and try to do my job."

Gnakpa looked comfortable playing a more advanced role which has served the Hatters so well over the past couple of months and he admits that he has enjoyed playing a different type of game.

"I think the times I've played in this position I've done quite well so I'm very happy if the gaffer wants to use me in this position and I try to do my best for the team."

The Town put in one of their best defensive performances of the season at the Withdean to thwart the Seagulls' attack, and Gnakpa confirmed the Hatters' game plan was to shut-up shop on the night.

"The gaffer said to stay compact. We know we have another game at Luton, so we stayed compact, we defended very well and we tried to score a goal. I thought we played well."

The Frenchman openly admitted that he felt he had suffered a dip in form during the final weeks of last year, pinpointing the FA Cup game against Altrincham last November as the match which "cost" him and drained him physically. But now he feels in peak condition and nearing his best form again.

"I rested a lot and now I can say that I'm fit enough," he said.

"If the gaffer decides to put me there again, then perfect. If not I will be disappointed but that's football."

Now just one match away from a potential showpiece final, Gnakpa is optimistic about the second leg at Kenilworth Road, and is relishing the opportunity of playing at Wembley should the Hatters make it there.

He said: "We know the fans will be at the stadium to support us and they know that if we win we go to Wembley. It would be a great atmosphere at Wembley and it would be great for the team."

"I remember when France came to Wembley and played England and Anelka scored two goals so hopefully if we go to Wembley and I play I can do the same!"

AKANNI-SUNDAY WASIU

New loan signing Akanni-Sunday Wasiu believes his arrival at Kenilworth Road from Colchester United can help spark the Hatters' assault on League 2 survival.

The 24-year-old striker, who got off to the perfect start to his Town career by scoring on his home debut in the 3-3 draw with Bradford City last Saturday, hopes he can play a vital role in helping the Hatters overhaul their points deduction and avoid the drop.

"I know Luton are at the bottom of the table but that's not what I'm thinking about," said Sunday who made his first appearance in Luton colours in the 5-1 defeat at Darlington.

"I have come here to help the lads and the manager and to score a few goals so we can move up the league.

"A lot of players would not think about coming here because of the situation Luton are in at the bottom of the table.

"But I care about getting this club out of it."

Before the game with the Bradford, the Nigerian explained that he had already played twice at Kenilworth Road this season. And he said he could have almost joined the Hatters permanently in the summer before signing for the U's.

He said: "I played against Luton in the pre-season friendly when Colchester were looking at me, but they signed me first.

"In the cup [the Johnstone's Paint Trophy] game, Colchester lost 1-0 but they should have really won. We played some good football and were unlucky. But that's football."

After falling out of favour following the arrival of new manager Paul Lambert, Sunday found appearances hard to come by at the Colchester Community

Stadium which alerted Mick Harford of his availability again.

"I was not playing in the first 11 at Colchester," said the former St Albans City man.

"The manager that signed me, moved on and a new one came in.

"I knew that Mick Harford was still interested in me so I jumped at the chance to come here.

"I know by coming to Luton, that I will be able to get some games under my belt, give 100 per cent and help the team win games.

And for those Hatters fans who aren't familiar with the man who has piled his trade in Lithuania and Poland before coming to England, Sunday was quick to reveal his style of play.

"I like to play centre forward - down the middle," he said.

"I can drop deep into midfield and pick up the ball and run at players and I can hold the ball up quite well, too.

"If I am able to do that and get forward, I will score goals."

MAN OF THE MATCH
 Asa Hall

The midfielder was delighted to score two in a game for the first time in his career but his disappointment at the end was obvious for all to see following his all-action display.

POST-MATCH VERDICT

Mick Harford: "The referee gave a bizarre penalty which was never, ever a penalty. I feel sorry for the fans who pay money and watch an incompetent referee. I thought we scored what I thought was a deserved winner, but it wasn't to be."

Stuart McCall: "I thought we deserved to win the game. I am pleased to get a point in the end because they scored in the last minute. It was attack versus defence and Luton needed to win so it must have been a fantastic game to watch."

The home game with Bradford was certainly a case of two points dropped as a last gasp controversial penalty gave the Bantams a share of the spoils.

Trevor Kettle was the least popular man inside Kenilworth Road, following his decision to award the spot kick, in injury time, much to the surprise of everyone, including the player adjudged to have committed the foul Asa Hall.

"The ball has come long and their striker has took it at his feet, just touched it and he's gone down. There were quite a few bodies in there so how it could be given I just don't know.

"Big decisions change games and I think both teams had decisions go against us, you have just got to work with it though I suppose at the end of the day."

For Hall it was a day of hugely mixed emotions after the youngster bagged his first brace, the first to open the scoring after just four minutes:

"It's my first double in the league which is nice, but to be two up and then for them to get it back to 2-2 was harsh."

Hall then scored again in injury time, to send the fans wild but the joy proved to be short-lived:

"We're feeling the pressure every week. We're trying our hardest out there for everyone, the fans are just unbelievable and for them to equalise in the 90th minute was just devastating really.

"To go from the elation that we had and the noise in the ground, for the ref to do something like that is just unexplainable really."

Despite the disappointment of recent weeks, which also saw the Hatters drop points against Chester City after being 2-0 up, Hall is adamant that he and his team mates have still got plenty to offer:

"The dressing room is deflated but we know we have got to keep working and be strong for every-one and with the battle we have got on with the points we can't let our heads drop we have just got to keep going."

The 22-year-old has impressed since signing for the Hatters in July, following his release from Birmingham City, scoring five goals in just 17 league starts. Following his brace last week-end the youngster is setting his target's high, with one eye on Chris Martin's goalscoring tally:

"I'd like to be top goalscorer but I am not going to tell him."

A REVIEW OF EVENTS AROUND COCA-COLA LEAGUE TWO

DUO FEEL THE WRATH OF WRIGHT

Chester duo Lawrence Wilson and John Danby felt the full force of Mark Wright's tongue following Chester City's 3-0 defeat against fellow strugglers Port Vale.

Speaking after the game Wright said of Wilson, who was one of two players sent off:

"The challenge by Laurence Wilson was a disgrace.

"He's cost the boys the game after they've run around on a hard night on a big pitch. Laurence Wilson has cost us dearly. That boy has got so much talent in his locker and yet he doesn't always perform."

While goalkeeper John Danby was also singled out for criticism:

"John Danby could have come out and collected the ball for their first goal to make life a lot easier. You have to know the players that you play with.

"It annoyed me that he was off his goal line for the third goal because their player was shooting from the edge of the box. Why was he off his line?"

SHREWS WILL WAIT AND SEE OVER CONTRACTS

Shrewsbury Town have confirmed they have put off talks with players out-of-contract of contract in the summer, which is raising fears amongst the fans that they could lose some of their top stars.

The League 2 promotion chasers have announced that they will wait and see what the Football League plan to do as they ponder introducing new wage regulations for next season. The Shrews are one of the league's top payers and could find themselves unable to pay those kind of wages, the big concern now though is that they could lose some of their highly rated stars at the end of the season.

STIMSON SLAMS THE BOO BOYS

Gillingham boss Mark Stimson has hit out at the 'boo-boys' who rounded on his players following Tuesday's last gasp defeat at the hands of Lincoln City, urging them to stay away:

"Stay at home, watch EastEnders, have a row with the missus, watch the telly, but the players didn't deserve that," he told BBC Radio Kent.

"It's sad isn't it? I won't ever win them over but that's not a problem. I don't think even Sir Alex Ferguson will win 75,000 fans over. There'll always be the minority.

"Unfortunately where I sit there are a couple of guys who sit behind me and they keep on and on. Like I said, stay at home. They [the players] didn't deserve to be booed at the end. If they did I'd be the first to say 'boo them!'"

Despite the defeat the Gills remain in the Play-Off places!

HORSFIELD DEFIES THE ODDS TO BE BACK AMONGST THE GOALS

In the same game Geoff Horsfield put a year of hell firmly behind him as he scored his first goal since returning to the game with the Imps after being given the all clear from testicular cancer.

The former Birmingham and West Brom striker retired from the game when he was diagnosed in October but after a successful trial with Lincoln City he signed a deal until the end of the season. The 35-year-old scored with a long-range effort as the Imps came from a goal down to win 2-1 and he was delighted:

"It was one of my sweetest strikes," Horsfield told BBC Radio Lincolnshire.

"The goal came at the right time. If we can keep that winning mentality, we shouldn't be far off. I am tired after playing but the only way to get fit and to get stronger for games is to play as many minutes as you can and I've tried doing that."

ALL ABOUT ME & MY TEAM

My name is James Morgan and I have been watching Luton Town since I was four years of age. I'm a regular visitor to Kenilworth Road although I live in Letchworth. Most of the time I go to away games on the Bobbers. I always sit in main enclosure by the players' tunnel.

Although I can't remember a lot about my first set of years I still just about remember our Play-Off season when unfortunately we were defeated by Crewe Alexandra despite beating them 6-0 earlier in the season.

GOALKEEPER MARLON BERESFORD

During our League 1 champions season he was a solid, reliable and one of the most important players in our success. He was good in the air and a brilliant shot-stopper. Unfortunately an injury cost him dearly, and when Dean Brill took over, it signalled the end of Marlon's career.

LEFT BACK MATTHEW TAYLOR

Matty was the perfect left-back for me whether he was going forward for attacks or getting back to defend: he always did his job very well. He had a good left peg to put in those balls for Steve Howard to put in the opponents net and he linked up very well down the left with the skilful Jean Louis Valois.

CENTRE BACK CURTIS DAVIES

Curtis for me is probably one of the best young

players to come out of our club. He had the height, the strength and the pace. He had everything that is good in a centre back he even scored one of the goals at Wrexham to send us up as Champions. I for one was sad to see his departure from the Kenny to sign for West Brom.

CENTRE BACK STEVE FOSTER

Even though I'm sorry to say it, I was born a month after we lifted the Littlewoods Cup in 1988, I am still going to put Steve in my team for being our inspirational captain on that remarkable day. I've seen him play on old videos of Luton and he seemed to play very well with Mal Donaghy. Absolute Legend.

RIGHT BACK CLAUDE GNAKPA

Every time Claude gets forward he looks likely to score. He has a strong presence and gets the opponents running scared: with people calling him the tank I'm not surprised! Scored a cracking header against Darlington and scored the vital winner to put us a step closer to Wembley against Colchester.

LEFT WING JEAN LOUIS VALOIS

Made a great partnership with Matty Taylor and his debut against Torquay do I have to say anymore?!

CENTRE MIDFIELD KEVIN NICHOLLS

Kevin is another inspirational captain who can lead the team without any problems. He is the one player who can organise our great escape for our dark days here.

CENTRE MIDFIELD DAVE EDWARDS

Within the five or so months he was at Luton he showed his quality with both his attacking and defensive displays. The game against Liverpool proves it.

RIGHT WING CARLOS EDWARDS

Another pacy, tricky little winger who gave our Championship opponents a fright. His pace was frighteningly good, and with the ball at his feet he had great vision to pick out a pass. The goal I remember most by Carlos was his strike against Norwich against Robert Green from the halfway line.

STRIKER ROWAN VINE

When he first came to Luton it took him a little bit of time to find his feet, but he ended up as one of the best players in my time with his goals, assists and overall work-rate.

STRIKER STEVE HOWARD

A bargain £50,000 buy from Northampton Town. He played for Luton in each of all three divisions we played in and went onto score 100 goals for us. He helped Luton finish second in Division 3 and again top-scored the season we won the League 1 Championship.

He eventually went onto score in the Premier League with Derby, at – of all places – Old Trafford.

COCA-COLA LEAGUE TWO

Saturday 7th February 2009

Accrington Stanley

Kick off: 3.00pm Fraser Eagle Stadium

What's the ground like?

Known to many as the Crowd Ground, Stanley's stadium remains on the small side with a capacity of just over 5,000. It is set in a picturesque area, with views over fields and hills behind the Coppice Terrace at one end of the ground. The Main Stand, which at first glance looks like one stand, is actually comprised of two small stands. They sit on either side of the half way line, with an open gap between the two. Opposite is a very small covered terrace, which comprises of only three rows of terrace. At either end are fairly new sections of terracing, of which the home end is covered, while the opposite is open to the elements.

What's it like for away supporters?

Luton fans have been allocated the Coppice Terrace at one end of the ground, where around 1,500 supporters can be accommodated. Additionally Hatters fans can also

access part of the Whinney Hill terrace at one side of the pitch. This is useful in poor weather, as the Coppice Terrace is open to the elements. Otherwise in the Coppice Terrace the facilities are basic with some rather old toilets!

Food and drink

The usual football fayre of pies, hot dogs, burgers and range of hot and cold drinks are available from the kiosks.

As far as finding a pre-match pint is concerned, there is a Club Bar at the ground, however, this is for home fans only. The nearest pub is the Crown, which is just behind the ground on the main Whalley Road, which welcomes all supporters. A little further down Whalley Road (five minutes walk in the direction of the motorway), is the Greyhound pub.

How to get there by car.

M1, M6, M65. Leave the M6 at Junction 29 and take the M65 towards Blackburn. Continue past Blackburn towards Accrington and leave the M65 at Junction 7. Then take the left hand exit at the roundabout onto the A6185 towards Clitheroe (this is in the opposite direction to Accrington). At the first set of traffic lights turn right onto the A678, towards Padiham, and then at the next traffic lights, turn right onto the A680 towards Accrington. After about half a mile along the A680 you will pass the Crown pub on your left. Take the next left into Livingstone Road and then an immediate left for the Club car park.

Car parking

The club car park at the ground is of a reasonable size and is free, however as you would expect it fills up pretty quickly. Otherwise street parking is widely available.

Travel details:

Both the Bobbers Travel Club and the Luton Town Supporters Club are running coaches to Accrington.

The Bobbers leave Cranfield 8am at with pick-up points along the way before a 9am departure from Kenilworth Road. The fare is £23 for adults and £20 for juniors and seniors. For bookings telephone 01234 856542.

LTSC leave the Maple Road car park at 9am with a stop at Newport Pagnell service station 30 minutes later. The fare is £21 for adults and for £19 concessions. Under 7's can travel free when accompanied by a full paying adult. For bookings telephone 07960 567465.

FOR THE HATTERS AT THE KENNY

Tuesday 3rd February 2009

Grimsby Town

7:45pm Kenilworth Road

Tuesday will see the return of former Town manager Mike Newell to Kenilworth Road, as his Grimsby Town side take on the Hatters in a crucial relegation six-pointer.

After picking up just two points in their opening six matches in League 2, Alan Buckley was handed his P45, and Newell was handed the difficult job of trying to steer the Mariners away from the threat of relegation.

Even under the trusty leadership of the former Town manager, Grimsby continued in their struggle to pick up a win, until they faced Bury away in mid-November, a much needed 2-0 win remains their most emphatic scoreline so far during this campaign.

However, two more wins, the first against promotion chasing Shrewsbury Town in December and then even more impressively against league leaders' Wycombe Wanderers away at Adams Park just a fortnight ago, has brought a fresh wave of optimism over everyone associated at Blundell Park.

Last Saturday's 1-0 victory over Wycombe was the first time the Chairboys had suffered defeat on their home ground this season - a statistic sure to have the Hatters wary of their opponent's credentials, despite the fact Grimsby would have been bottom of the league had Rotherham United, Bournemouth and Town started the season on zero points.

The most recent meeting between the two sides came in October at Blundell Park when a brace from on-loan striker Tom Craddock earned the

Town an important point in Newell's third game in charge of the Mariners.

On the scoresheet that day for the home side was 18-year-old defender and Captain Ryan Bennett. His second half goal put the Mariners ahead for the second time in the match, and Bennett will be one-to-watch again this Tuesday with his impressive aerial prowess.

Although no player in the Mariners squad has managed to score over three goals this season, Adam Proudlock scored every one of his three goals during December after joining on-loan from Darlington. Proudlock put pen-to-paper on a permanent deal last month, and on his day, the 27-year-old is a handful

for any defence in the league.

Former Hull City striker Stuart Elliott is another player for the Hatters to be wary of after he signed a one month loan deal from Doncaster Rovers. He enjoyed several prolific seasons with the Tigers before their rise to the Premier League.

The two clubs have met 40 times in total, with the first meeting taking place in 1897 - that match resulting in a comprehensive 6-0 win for the Hatters.

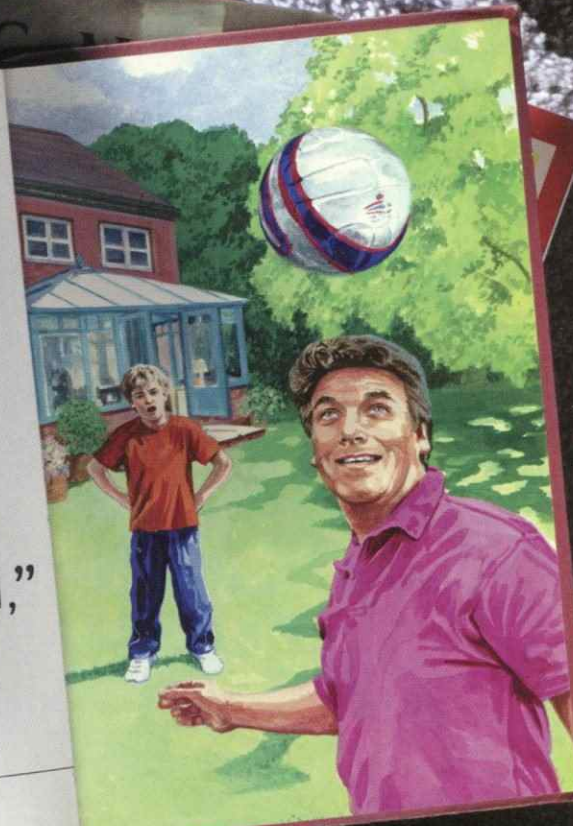

Overall, the Mariners have a slight edge with 15 wins to their name, Luton have won 12 times and the game has ended in stalemate on 13 separate occasions.
