Good afternoon and welcome to Highbury for our Blue Square Bet Premier game against Luton Town.

I would like to extend a particular welcome to Luton's players, officials and supporters and I hope they had a trouble free journey up the M1 and M6 to get to us on what is their first visit to Fleetwood.

Today is another momentous day for our club after having played former Football League clubs Rushden & Diamonds and Mansfield Town in our opening two league games, we face our sternest test so far against one of our only two teams to have taken maximum points so far. It is still hard to believe that we are entertaining such high profile teams like Luton here at Highbury but as Mansfield Town found to their cost on Tuesday night, we are in this division on merit and we are capable of beating the very best teams.

really although had Mansfield scored from the penalty spot early in the 2nd half we may not have been quite so comfortable after the break. Danny Hurst made his second penalty save in two games however and from there, we never really looked in too much trouble.

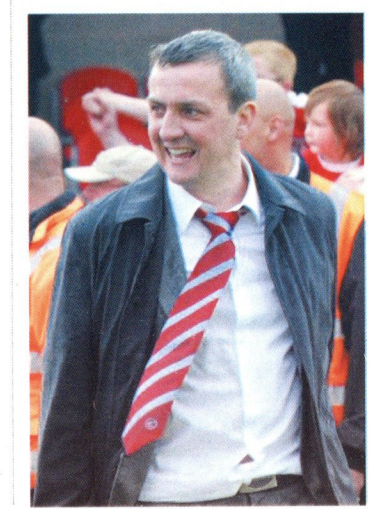

What is even more encouraging is that we have made such a strong start even without key players such as Alan Wright, Sean Clancy, Junior Brown and Jamie Mullen, all of whom have been unavailable so far due to injury. The benefit to the squad of us going full time this season is, I believe, already apparent and the improvement in players who were playing part time last season is clear to see. The new players that have joined the club have all settled in well and have improved our squad. Whilst things have gone well so far though, we are under no illusions as to how tough this league will be, starting today.

Following today's game, we hit the road with visits to two clubs that are more familiar to us. We travel to Gateshead this coming Tuesday and to Southport next Saturday. Both of these teams have also made good starts to the season and we expect equally difficult games against both. Supporters' coaches are running to both games and, as always, the costs

are subsidised by the club to encourage as many supporters to travel to support the team as possible. Full details can be found elsewhere in this programme and tickets are available today from the club shop in Jim's Bar. Our next home game after today is on Bank Holiday Monday, the 30th August when we welcome York City in what is yet another watering fixture.

Thank you as always for your fantastic support and another bumper Highbury crowd is likely today. Make some serious noise as you always do and enjoy the game (and hopefully the result!).

GOOD AFTERNOON AND WELCOME BACK TO HIGHBURY STADIUM FOR OUR SECOND HOME GAME INSIDE A WEEK. I'D LIKE TO EXTEND A WARM HAND TO RICHARD MONEY, HIS PLAYERS AND STAFF AND WISH THEM ALL A SAFE JOURNEY HOME.

Richard brings his side a early leaders in the table following a couple of tidy results in the last week. We stand close behind but this is far too early to judge how teams are shaping up. I feel a much better indicator comes around the 9 or 10 game mark.

Saying that, I'm pleased with the start we have made and Tuesday evening showed what we have in store for our campaign this season. Our intention was to do well in our first home game of the and we certainly did that in a first half when our performance was nothing but devastating.

•Micky Mellon at Nene Park

"one player capturing three goals inside two games and another making a second consecutive penalty save speaks volumes for the quality in our squad"

I don't like singling out players but one player capturing three goals inside two games and another making a second consecutive penalty save speaks volumes for the quality in our squad.

Back to today and Tuesday's result must be firmly left behind. Luton have scored five goals in their opening two games and we will need to be alert across the park to counter their threat.

That points towards a good game of football for what will be another good attendance. Luton will bring a few supporters but I am in no doubt the Cod Army will continue their superb support just like in the midweek game.

Enjoy the game, Micky

LUTON TOWN

GOALKEEPERS

MARK TYLER

Hugely experienced goalkeeper who signed a two-year contract at Kenilworth Road in June 2009 to become Mick Harford's fifth signing of the summer following his release from Peterborough United.

Mark made 483 appearances in 15 years at London Road and was rewarded for his loyalty with a testimonial against Liverpool in 2007. After falling down the pecking order at Posh he found first team opportunities hard to come by and in 2008/09 he was loaned out to League 2 Bury where he made 11 appearances for the Shakers.

A former England Youth international, Tyler was handed the number one shirt by the Hatters boss who admitted he'd failed in an attempt to sign the stopper the previous summer.

KEVIN PILKINGTON

Vastly experienced goalkeeper who joined the Hatters in May 2010 after his release from Notts County. Pilkington began his career with Manchester United playing six times in the Premier League under Sir Alex Ferguson.

During his six years at Old Trafford Pilkington enjoyed loan spells at Rochdale, Rotherham and Celtic before a two-year stay at Port Vale. After 23 league appearances for the Valiants, he was on the move once more, with Aberystwyth Town and Wigan Athletic his next two ports of call.

However, he found stability at his next club, Mansfield, joining the Stags in 2000 and went onto feature 167 times in league action over the next five years.

In 2005 the Hitchin-born stopper made the short hop down the M1 to sign for Notts County and another five year stay resulted in him making 141 appearances at Meadow Lane. However, Notts began flashing the cash at the start of the 2009/10

campaign with goalkeeper Kasper Schmeichel one of many high-profile arrivals.

Frozen out of the County team, and with Mark Tyler injured, Pilkington joined the Hatters on-loan in November and went onto make 11 appearance between the sticks whilst at Kenilworth Road before injury curtailed his stay.

But when the Magpies released him in the summer of 2010, Money was quick to snap up the veteran permanently, giving the Town the choice of two excellent goalkeepers.

DEFENDERS

GEORGE PILKINGTON

Highly experienced defender who joined the club on a free transfer in August 2008. Having began his career as an Everton trainee, Pilkington joined Port Vale in June 2003, after a loan spell at Exeter City. Having started 223 league games for the Valiants, the highly-regarded defender has been named Player of the Year twice.

Injury frustrated the centre-half in his first season at Kenilworth Road in 2008/09 but he still managed to pick-up a Johnstone's Paint Trophy winners' medal.

Pilkington hit the headlines for his goalscoring exploits in the Town's first season in the Conference, twice scoring braces in early season victories over Mansfield and Crawley.

His impeccable form on the pitch led to him winning a string of end-of-season awards and underlined his loyalty to the Hatters by signing a new contract at the end of the campaign.

DAN GLEESON

Tall and athletic defender, primarily a right-back, Gleeson signed for the Hatters in the summer of 2010 from his home town club Cambridge United.

A product of the U's academy, Gleeson made his debut at 18 and soon became a regular at the Abbey Stadium making 61 league appearances before Notts County snapped up his signature in 2006. Gleeson only lasted a season at Meadow Lane, featuring 17 times before he was back at the Abbey, firstly on-loan before resigning permanently in 2007.

Recognised as one of the best right-backs outside the Football League, Gleeson's performances have seen him rewarded with seven England C caps.

LEWIS EMANUEL

Emanuel arrived at Kenilworth Road in the summer of 2006 after deciding to leave his home town club Bradford City, the place where the defender started his career. Lewis is a pacey full-back but can also play on the left side of midfield, a position where he started on his league debut for the club.

Lewis made over 150 appearances for Bradford in six-years at the club, scoring four goals. In his first season at Kenilworth Road he made 40 appearances, scoring twice. Lewis signed a new contract in July 2009.

ED ASAFU-ADJAYE

Capable of playing in any position across defence, Asafu-Adjaye has made significant progress through the Club's youth set-up.

After a loan spell with non-league side Walton & Hersham, he made the breakthrough into the first team under former boss Mike Newell, when the Club was stretched to the limits through injury and suspension. Although the youngster was an unused sub for three matches, Youth Coach Marvin Johnson gave Ed a glowing reference to incoming boss Kevin Blackwell, who gave him a one-year contract.

However with first team opportunities limited, Ed went on-loan to Salisbury City where he earned rave reviews and when Mick Harford arrived as Manager at Kenilworth Road one of the first things he did was recall the young defender.

Making his full debut in March 2008 at Kenilworth Road against Crewe Alexandra he has gone from strength to strength and was part of the Town team that won the Johnstone's Paint Trophy at Wembley in 2009.

SHANE BLACKETT

Luton-born Shane became Mick Harford's sixth summer signing of 2009 after penning a two-year contract at Kenilworth Road. Equally adept at centre-back or at left-back, Shane began his career with Dunstable Town before a switch to Arlesey Town in 2003.

His form with the United Counties side alerted the attentions of Dagenham & Redbridge who signed the 6ft 3in defender in May 2004.

He made 83 appearances during his time at Victoria Road and helped the Daggers win the Conference title and earn promotion to the Football League in 2006/07.

His reputation as a pacey defender alerted the attention of Peterborough who snapped him up with Dagenham team-mate Craig Mackail-Smith in January 2007. He went on to make 38 appearances during his time at London Road.

FREDDIE MURRAY

Left-footed versatile defender who joined the Hatters on a six-month loan deal from Blue Square Premier side Grays Athletic in August 2009 and the deal was made permanent in January 2010.

Murray only signed for the Essex club in August before making his debut for the Town in the 4-1 victory over Mansfield Town just hours after putting pen to paper.

Previously with Northampton Town, Stevenage Borough and Cambridge United the Irishman began his career as a trainee with Blackburn Rovers.

ALAN WHITE

Vastly experienced centre half who resigned for the Hatters in the summer of 2009, nine years after leaving Kenilworth Road.

Darlington-born Alan started his career with Middlesbrough making his debut in a 3-3 draw with Liverpool in 1996.

However, with first team opportunities limited at the Riverside, Alan jumped at the chance to sign for the Hatters in September 1997 for £40,000.

After 98 appearances in Luton colours, Alan left Kenilworth Road in 2000, joining Colchester United on a free transfer.

Four years at Layer Road came and went before he enjoyed spells at Leyton Orient, Notts County and Boston United.

He signed for home-town team Darlington at the start of the 2007/08 season and went onto make 85 appearances before joining the Hatters for the second time in the summer of 2009.

White made 22 appearances in 2009/10 before re-joining Darlington on-loan for the remainder of the campaign.

TAYLOR NATHANIEL

Versatile young defender who signed a professional contract with the Hatters in June 2010 after impressing in the club's Under-18s.

Capable of playing on either flank in defence or midfield, Nathaniel made his first senior appearance for the Town when coming off the bench in a 3-0 victory over Grays Athletic, in the FA Cup in October 2009, making an instant impact when setting up the third goal.

MIDFIELDERS

JAKE HOWELLS

The young winger, who can also play at left-back, came through the ranks at Kenilworth Road and made his first team debut as a second half substitute in May 2008. He made his full debut in the Hatters colours away at Bradford City in October 2008.

After making 36 appearances for the Hatters in the 2008/09 he was rewarded for his efforts with a professional contract in May.

In his first season as a pro, Howells made huge strides with impressive performances on the left-side of midfield, ending the 2009/10 campaign with six goals, including his first senior goal in the incredible 4-3 win over Cambridge in September.

GODFREY POKU

Tenacious defensive midfielder who signed together with JJ O'Donnell from Blue Square South outfit St Albans City in January 2010 on an 18-month contract.

A tough-tackling and no-nonsense midfielder, the Town beat off competition from several Football League clubs for his signature. He featured and impressed in the Hatters' reserves in 2009/10 and was an unused substitutes in the Blue Square Premier but, prior to the start of the 2010/11 campaign had yet to make his senior debut.

JJ O'DONNELL

Tricky winger who joined the Town with St Albans team-mate Godfrey Poku in January 2010. Also capable of playing in attack the youngster featured for the Hatters' reserve and youth teams during 2009/10.

KEITH KEANE

Having made his debut as a 16-year-old in November 2003, Keith Keane went on to enjoy an extended run in the side from February onwards whilst Kevin Foley was out injured. Such was the contribution he made that the return of Foley didn't signal the end of his involvement at first-team level and he finished the season with 14 appearances under his belt, all this whilst still in the first year of his scholarship.

Another product of the youth system who regularly appeared for the Republic of Ireland at schoolboy level. He joined the Hatters at the age of nine having been scouted in local football, and made a rapid progression through the club's centre of excellence and youth teams, demonstrating enough potential to convince Mike Newell to give him his first taste of senior action.

Keith has featured most prominently on the right of midfield, bursting forward to great effect to provide many goals for himself and his team-mates.

Over the course of his career at Kenilworth Road Keane has proved to be one of the, if not the most, versatile players to pull on a Luton shirt.

Capable of playing right the way across the back four or in midfield the only positions he's not featured for the Town (yet) are in goal and up-front. Out of contract at the end of the 2009/10 campaign the winner of the Hatters' Goal of the Season award delighted everyone at Kenilworth Road by penning a two-year deal to keep him at the club until 2012.

CLAUDE GNAKPA

A defender capable of playing centre back or full back, who joined on a free transfer in August 2008.

Having plied his trade across Europe with Montpellier HSC, Racing de Santander, Deportivo Alaves and FC Vaduz of Liechtenstein, Claude moved to Swindon Town for a brief spell. He was then off again in July 2007 to Peterborough United and was a regular in the League 2 promotion winning side, starting 25 league games.

A favourite with the Kenilworth Road crowd the Frenchman scored the Hatters' winning goal in the Johnstone's Paint Trophy final against Scunthorpe United in April 2009. He continued in fine style down the right-hand side of midfield in 2009/10 finishing with nine goals including a remarkable second-half hat-trick in a 6-1 win at Ebbsfleet in March 2010.

ADAM NEWTON

Ascot-born Adam became Mick Harford's second summer signing of 2009 after agreeing a two-year contract at Kenilworth Road following his release from Brentford. Predominantly used as a right winger, the pacey wide man is equally as comfortable at right-back. Adam started his career at West Ham United, coming through the Hammers' respected Academy only made three substitute

appearances during his time at Upton Park before signing for Peterborough United in May 2002. The former England Under 21 international went onto make a name for himself with the Posh making 249 appearances in six years at London Road going onto win promotion at the end of the 2007/08 campaign. After leaving Peterborough at the end of the 2007/08 season, Adam was snapped by Andy Scott and Brentford where he helped the Bees to the League 2 title. A St Kitts and Nevis international, he has spent time on-loan at Portsmouth, Notts County and Leyton Orient.

KEVIN NICHOLLS

Kevin Nicholls needs no introduction to most Hatters fans. The hard-working midfielder enjoyed six successful seasons at Kenilworth Road between 2001 and 2006, Captaining the side to the League 1 title in the 2004/05 season. Nicholls began his career at Charlton Athletic, before moving to Wigan Athletic in 1999, where he made 28 appearances in two years. He moved to Luton in 2001, and in the next six seasons went on to appear 175 times, scoring 30 goals. Following Luton's successful first-season in The Championship and the spirited FA-Cup performances,

Nicholls was a player very much in demand. He moved to Leeds United for £700,000 in July 2006 and was made club captain by then boss Dennis Wise. However, his very public fall-out with Wise saw him fall down the pecking order at Elland Road, and the following summer he moved to Preston North End for a fee of £750,000. His time at Preston began encouragingly, however a change in the management team saw his first-team opportunities limited. Kevin was delighted to re-sign for Luton, signing a three-year deal in August 2008 and being named as Club Captain.

ANDY DRURY

A highly-rated box-to-box player who is capable of playing in any position across the midfield or in attack, Drury signed for the Hatters in the summer of 2010 from Conference Champions Stevenage. He started his career at Sittingbourne as a youngster before making the short hop to sign for Gravesend and Northfleet (now Ebbsfleet United) in 2003. Three successful years at Stonebridge Road followed before Lewes secured his signature in 2006 helping the Rooks lift the Conference South title in 2007/08. His performances at the Dripping Pan alerted the attentions of several clubs and Boro boss Graham Westley was quickest to move in the summer of 2008 to take him to Hertfordshire. The driving force behind Stevenage's Play-Off campaign in 2008/09 that also saw the club win the FA Trophy, Drury scored six times but was the creator of many more. It was a similarly successful season for the midfielder in 2009/10 earning rave reviews at Broadhall Way with his creative and industrious performances, dangerous set pieces and eye goal that cumulated in a super strike in the FA Trophy final against Barrow that Boro went onto lose.

ADAM WATKINS

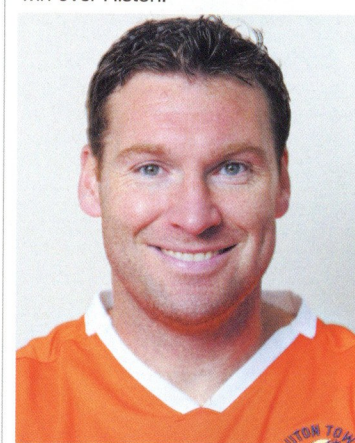

Young midfielder, capable of playing in attack, who signed professional forms at Kenilworth Road in June 2010. A self-confessed Hatters fan, he made his first team bow in a 1-0 defeat at Southampton in the FA Cup third round in January 2010. He spent the tail end of the 2009/10 campaign on-loan at Arlesey Town.

FORWARDS

TOM CRADDOCK

Originally a defender, Tom developed into a promising forward who did well at youth and reserve team levels with Middlesbrough. He was the eighth member of Boro's 2004 FA Youth Cup-winning side to progress to first team level, following James Morrison, Tony McMahon, Andrew Taylor, David Wheeler, Matthew Bates, Adam Johnson and Jason Kennedy. He joined the Hatters on-loan from the Riverside in October 2008 and scored twice on his debut in a 2-2 draw with Grimsby Town. Two further goals

followed in the games against Bury and Chesterfield and once his loan expired Mick Harford moved quickly to snap up the striker on a permanent basis. An £80,000 bid was accepted by Middlesbrough and Tom signed a two-and-a-half year contract in January 2009. In his first season in non-league football Tom dazzled in front of goal hitting 24 goals in the Blue Square Premier, taking his total to 36 goals in Luton colours. He hit his first senior hat-trick in a 6-3 win over Histon.

KEVIN GALLEN

A Shepherds Bush native, Gallen established himself as something of a legend at QPR. He notched up over 400 appearances and hit 97 goals for the R's in two spells spanning nearly 14 years. Gallen joined Huddersfield 2000 and after 10 goals in 30 starts for the Terriers, Gallen moved across Yorkshire to join Barnsley the following summer, but the call of West London saw him return to QPR within a few months. He then scored nine goals in 16 league starts for MK Dons before joining Luton on loan. After a successful loan spell Gallen joined permanently in January 2009. The striker enjoyed a prolific season in non-league football with his football know-how often too good for opposition defences. He struck-up a partnership with Tom Craddock and finished the campaign with 21 goals in all competitions.

MATTHEW BARNES-HOMER

Prolific striker who joined the Hatters initially on a month's loan from Kidderminster Harriers before agreeing

a two-and-a-half year contract to move permanently when the transfer window re-opened on 1st January 2010. The powerful forward followed up his 21 goals in all competitions during 2008/09 with nine goals in 20 league appearances last term. Barnes-Homer also enjoyed a dream start to his international career when he netted the winner on his debut for England C in their 2-1 win over Poland in November. An energetic talent, the front man began his career as a trainee at Wolves before going on to lead something of a nomadic life prior to finding his feet at Kidderminster. After leaving Molineux he tried his luck in the United States before returning to England and, following success with a clutch of non-league sides, he was snapped by Wycombe Wanderers. He struggled to make an impression at Adam Park but, after being released at the end of the 2006/07 season, Harriers Manager Mark Yates beat off competition from a host of sides to capture his signature. His form in front of goal at Kidderminster had alerted the attentions of a number of Football League teams but Barnes-Homer was suitably impressed by the Hatters' vision and became Richard Money's first signing for the club.

DANNY CROW

A nippy poacher of a striker, Crow joined the Hatters from Cambridge United in May 2010 following the expiry of his contract at the Abbey Stadium. The front man started his career as a trainee with Norwich City and made his senior bow in the Premier League for the Canaries in December 2004. A loan spell at Northampton followed towards the end of the 2004/05 season before he was released by Norwich and signed for Peterborough in the summer of 2005, notching 17 goals in his debut season at London Road. Following a short loan spell at Notts County, Crow was released by Posh and was snapped up by Cambridge in September 2008. The energetic forward's strike-rate of 22 goals in 43 league starts won him many admirers and his 19 goals during 2009/10 saw him scoop the U's online Player of the Year award.

Strength and power are two aspects I concentrate on with our players.

Both are needed for acceleration, turning agility, making tackles (or surviving them!) and jumping to head the ball (often when up against an opponent with the same intention of winning the ball).

Strength is the ability to apply or withstand force using either all of your body or a particular area. One key area is improving leg strength as this often improves overall performance.

The development of strength relies on resistance training and involves exercising at various loads, modes, speeds, angles and frequencies. The combination of these variables dictates the outcome of the

resistance programme.

Strength is required for power production, stabilising a joint, supporting arms and legs (core stability), avoiding injury, and coping with contact. The resistance used during strength training can be your bodyweight, bodyweight plus a weighted vest, trailing parachute, medicine balls or an unstable surface such as a wobble board or swiss ball. The unstable surface creates resistance for the body to work against.

It is the application of speed that translates strength into power. Whatever the level of resistance, the aim is to move quickly with control and correct technique

Many aspects go into my work with the squad and many of these ideas can be translated for younger players in junior teams. It's always important to design a programme tailored to the target audience and run using correct equipment. FA-qualified coaches will have an understanding of these principles.

by Dave Salmon

I'm delighted that the new season is now well and truly underway. I don't know about you but it seems the summer gets shorter every year.

Good news of course if you're a football fan and find yourself being forced round the shops, or pretending to like cricket on weekends during the close season.

Today's opponents are quite rightly one of the favourites for promotion back to the Football League this year. Luton have some very good players, and they will need close attention. It's exactly this type of game that we should savour. To be playing such quality opposition in a competitive game, as their equals, is a good measure of just how far we've come as a club. And for this we should be very proud. It should be a great game today. I saw the Hatters twice last year and they looked very sharp, and it's no surprise they're odds on to make it into the promised land of league 2.

If you like a flutter – bookies are currently offering a best price of around 20/1 of the Cod Army celebrating the league title. Is this worth a pound? A good each way bet perhaps? Of course, it's far too early to tell. I always say you shouldn't look at the league table until at least 12 games in, so whatever the start we get, let's not either panic or get carried away. 46 games is a long slog of a season and there'll be

many ups and downs in the months ahead. Interestingly, our odds of promotion half to just 10/1, putting us among the favourites to go up.

Whatever the bookmakers are saying, the fact remains that there are plenty of very good teams in this division, and we will have to fight hard for every point. The Conference Premier is arguably as the strongest it's been for a good number of years, both in terms of big name clubs and lesser fancied clubs who have bought wisely in the summer and have good squads. I put Fleetwood in this second group. We are playing at the highest level of football we've ever been at, and have a stadium and facilities that some clubs, even in higher divisions, can only dream of. Let's enjoy what lies ahead in the coming months.

If you're interested in betting on the top goalscorer this year, then Crawley hitman Matt Tubbs is the hot favourite to hit the back of the net the most. Having seen him in action against Barrow last year I'm not surprised. As for our boys – Magno Viera and Gareth Seddon come in at best price 25/1, and Wayne Curtis 50/1. Interestingly, I can't find any odds for

Adam Warlow topping the scoring charts. Maybe we could take the bookies by surprise!

Don't forget, you can catch full coverage of all Fleetwood games on my show throughout the season. You won't miss a kick at home or on the road. Tune into The Goalzone on 96.9fm, Saturday's from 2 and Tuesday's from 7. Full previews and reaction to the action can also always be found on our website at www.thebay.co.uk. If ever you can't make the game, why not put the radio on while watching the excellent 'Codcast' online?

Enjoy the match, keep the faith,

Dave Salmon.

CLUBARCHIVE

Today's archive item is a lovely old photograph of a Fleetwood team line up taken towards the end of the 1931-32 season.

This was our first season back in the Lancashire Combination playing at the North Euston Ground and the players are proudly displaying the Lancashire Combination Cup which they had won on 3rd May 1932 by thrashing cup holders Darwen 5-0 in front of a crowd of 5,030. The result was a major shock as Darwen won the Combination title that season by 7 points (a big margin in the days of 2 points

for a win) and they had also reached the FA Cup 3rd Round before losing at Highbury against the mighty Arsenal.

The team line up shown is :
Back (l-r) : Harry Hastie (trainer), Jock Dorward, John Bamber, Phill Barraclough and Tom Crompton, Alf Almond.
Front (l-r) : Alan Hughes, Billy Benton, Tommy Ross, Jock Skeffington and Cyril Quinn.

Tommy Ross was prolific at that time and he scored 4 goals in the final. Billy Benton was the Fleetwood captain, having joined the club from Blackpool where he had played 353 league games for the Seasiders. Goalkeeper Phill Barraclough was the father of actor Roy Barraclough, who amongst his many TV roles was Coronation Street's Alec Gilroy for many years.

Fleetwood Town FC ANTI-DISCRIMINATION POLICY

12 August 2010

Discrimination is the belief that people are inferior because of age, disability, race, religion or belief, sex and sexuality and includes threatening, abusing or insulting a person because of their difference from you.

Fleetwood Town Football Club practises a zero tolerance policy towards discrimination and abuse, and we ask all supporters to join with us to promote awareness in an environment, where all individuals can feel comfortable.

So what can you do to help?

If you hear discriminatory or racist chanting which involves the repeated uttering of words, whether alone or with others (the police will often require evidence of the same words being repeated three times) or if you hear individuals or groups who repeatedly utter discriminatory or racist abuse then you should report it, either:

- a) To the nearest steward or club official
- b) To the nearest police officer or
- c) If neither are near enough and you have a mobile phone then ring 0800 16 99 414. Please note this number will connect you to the Kick It Out Help Line.

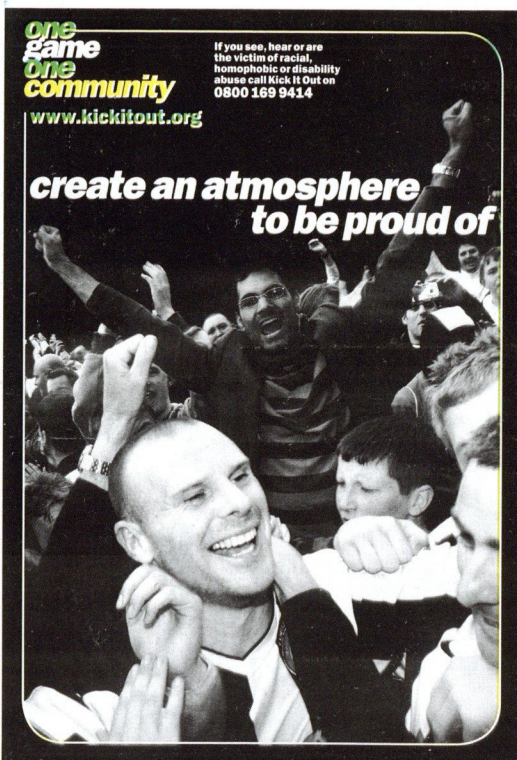

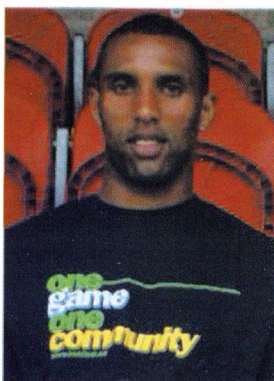

Consideration must then be given by the person (steward, club official or police to whom you have complained), as to what action is appropriate. It could be that:

1. The steward or club official reports the complaint to the supervisor for their attention
2. The offender's location or seat number is taken for further observation to be made
3. The offender is given advice or a warning
4. The offender is ejected and/or arrested by police, which may lead to prosecution and being banned from the club

Remember, we must have good evidence before the

latter is achievable. All reports of discriminatory or racist crime will be followed up by the police and/or club by the most appropriate method.

Discrimination has no place at Fleetwood Town Football Club.

FLEETWOOD TOWN YOUTH & RESERVE

Fleetwood youth squad moved into their second game of last weekend on the back of the 4-1 defeat to Motherwell.

The visitors this time were the established North East team Chester-Le-Street who travelled south to Thornton to play against a Fleetwood team made up mostly of the new crop of players.

The game kicked off at 2pm and after a structured team talk from Mark Bowley and a high tempo warm up the players started bright. The visitors tried to play football whenever they were given the opportunity, this was in brief spells as the Fleetwood players pressured play all over the pitch and when in possession allowed the ball to move freely and with purpose.

Fleetwood broke the deadlock with a positive piece of play down the left and when the ball was crossed into the box Josh Few found himself diving in at the back post and turning the ball into the net. The score line stayed the same to half time. The half time team talk was positive reflecting the play.

The visitors levelled the score line with a good piece of play but this only provided Fleetwood with the drive to press for more goals. Both teams played some good football but it was Fleetwood who were the more positive and with further goals from Josh Few from a

corner and a great strike from Gino King the score went to 3-1. The strike from King was his second of the game, with his first only being denied by a fantastic save from the visiting goal keeper.

The visitors reduced the score line only to see Henry Ogden score a fine individual first goal for him and the fourth goal for Fleetwood. The score line finished 4-2 and showed that the new intake of players have both the drive and determination to succeed. The

performance being a reflection of the pre-season coaching with the players using technical and tactical information gained in training and putting it into practise on the pitch.

Credit goes out to all the players and the coaching staff on the day for a fine display against a tough opposition. Performances from all the players over the last two fixtures are creating competition for places in the forthcoming reserve fixture, which is a good position to be in for the youth department.

The 2010-2011 blue square conference premier season is well underway and what a start it's been!

Tuesday night's home victory over Mansfield Town was simply a superb performance. Paul Linwood's goal line clearance in the opening 30 seconds and Danny Hurst's second penalty save in as many games were the only real chances Mansfield had. For Fleetwood, the clinical strike-force of Wayne Curtis and Magno Vieira was too much for the Stags.

The decision to go full time and have an extensive, full time pre-season regime is paying dividends. Fleetwood look match sharp from the off, they look super fit and are working together as a team. It sounds like a simple thing to achieve, but any manager will tell you differently! What a great sight too, to see Highbury packed

once again! You all came to see a good performance and the team delivered.

The highlight on Tuesday was Curtis's tracking back 40 yards and winning the ball deep inside his own half, then beautifully picking out Vieira with a 50 yard pass which the Brazilian chased, latched on to, and promptly curled into the top corner from the edge of the box. It was simply brilliant Fleetwood football! A repeat score-line today would be fantastic, but Luton Town, despite their recent troubles, are a big club with a strong squad. Micky knows how tough this game will be and so will the players. No doubt they'll be looking for the cod army to be that 12th man once again today!

Raddy made 100 league appearances for Luton between 1980 and 1984 scoring just 9 times. Probably the most famous goal in May 1983 which saved Luton Town from relegation from the top division, the goal coming just four minutes from time in the final league match of the season; the game was against Manchester City, who themselves were relegated as a result. This prompted a famous scene in which Luton manager David Pleat ran across the pitch at full-time, hopping and waving his arms wildly in celebration. Putting a club official, employee or volunteer under the spotlight

NAME: DAZ CLARK

ROLE: LEAD CLUB PHOTOGRAPHER

My volunteer role with the football club generally covers first team football and training.

It is essential we have a good stock of photographs for a wide range of publications and uses.

The club website, match day programme and in brochures are some of the regular places you find the photographs I take and the manager also uses them for training purposes.

My images also appear in the local and national press as well as national websites and football magazines.

Standing in the cold and wet is often made worthwhile when a good action shot is captured

or maybe even a goal or two. I use a Nikon D90 and several lens to capture the action. Being digital means I can snap away all game without worrying to reload film or anything. I usually provide the Codcast team with some half-time images for the online readers.

All in all, my role with the club is very rewarding. Being club photographer means I'm able to travel on the first team bus with their is space. It's always interesting to feel the atmosphere on the return journey as the result really does affect the general mood. There are plenty of interesting and funny stories, but discretion is also part of being part of the club.

SKIPPER'S LOG

David Mitchell speaks to the skipper after Tuesday evening's victory over Mansfield Town

Key to Fleetwood Town's early success in the Blue Square Bet Premier League has been the form shown by captain, Steve McNulty, at the heart of the defence.

He was quick to praise his team's opening victory over Mansfield:

'It was a great all-round performance from the lads from the first minute to the last. I thought we were exceptional in our first league game at home and the fans were great.'

McNulty is enjoying watching the developing partnership up front between Brazilian, Magno Vieira, and ex-Morecambe striker, Wayne Curtis:

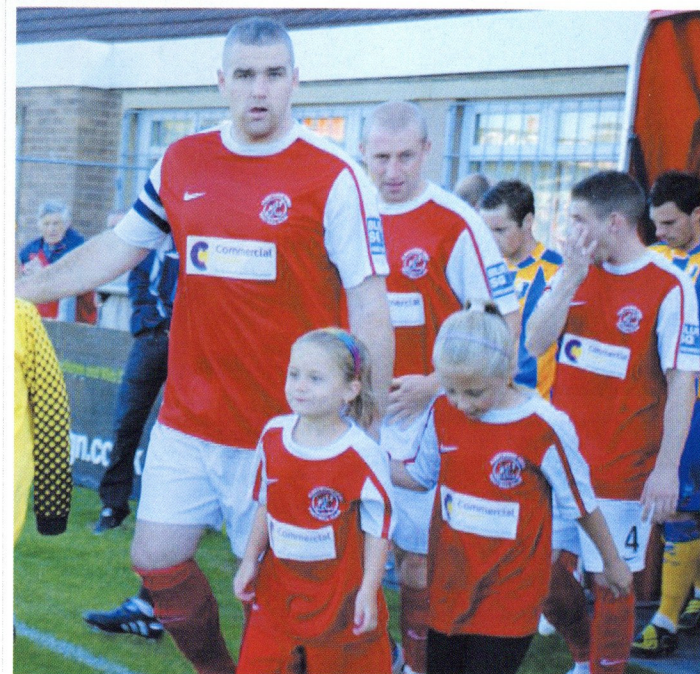

'There were two great finishes from Magno with Wayne a bit more on the physical side. He took his goal well, getting across the defender for a great finish with his head. I think the two of them are going to cause any defence problems this season.' The skipper was disappointed to surrender victory at such a late stage on Saturday:

'It was a body blow and when we came off it felt like a defeat. We had defended

really well for 90 minutes and it was just a moment's lack of concentration. Tonight I thought the whole back four had great games and Danny (Hurst) saved us again with the penalty. I also thought the midfield and attacking players got back and did their work in defence.'

McNulty strongly believes that

the pre-season work is already paying dividends: 'We're showing our fitness throughout the games. I thought Rushden were flagging by the end on Saturday. Austria has made a massive difference to our preparation and although pre-season has been tough the lads are looking strong and will benefit but it will take five or six games to get full match fitness. Every game will be a big one, especially at home, but we've nothing to fear if we apply ourselves properly.'

PAST PROGRAMMES

A look back today to season 1969-70 and to two away programmes featuring games from the two main FA competitions from that season.

Firstly, on 13th December 1969 we travelled to Queensgate to play Bridlington Trinity AFC in the 3rd Qualifying Round of the FA Trophy. This was one of the two clubs playing in Bridlington at that time, Trinity and Town both competing in the Yorkshire League. This was also Fleetwood's first ever game in the FA Trophy in what was the first season the Trophy had been competed for.

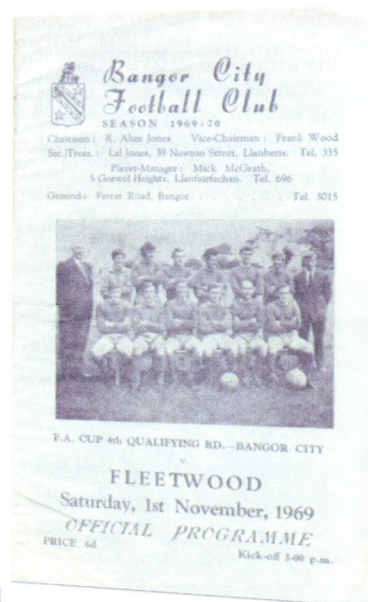

A large 4 page programme was issued in black and white with no cover price. It was nothing special like most issues of that time containing team line ups, brief club notes and the home teams fixtures that season (together with copious amounts of advertising). The Fleetwood line up listed was **Cooper, Moran, Cooke, Andrew, Fish, Armstrong, Iveson, McNicholas, Magill, Wilder and Haddock**. It wasn't an auspicious start for Fleetwood in this new competition against opponents from a lower league as we lost 2-1. As for Bridlington Trinity, they no longer exist having folded in 1990 although Bridlington Town still exist today playing in the

Northern Counties East League.

Fleetwood enjoyed a much better time of it in the 1969-70 FA Cup however. After coming through three earlier qualifying round games away at Clitheroe (5-1) and at home to Netherfield (3-0) and Lancaster City (3-1), we were drawn away to fellow Northern

Premier League side Bangor City in the 4th Qualifying Round on 1st November 1969. The prize of a place in the 1st Round proper awaited the winners. The Farrar Road side produced a decent 16 page programme for this important game priced at 6d which included extensive club notes, pen pictures of the

Fleetwood players and the team line ups in the centre pages.

The Fleetwood line up shown was : **Cooper, Andrew, Cooke, Wilder, Morley, Fish, Armstrong, Byrne, Ollerton, Hallam and Tinney. Sub : Singleton**. A 2-1 victory for the home side ended Fleetwood's FA Cup dreams however for another season although Bangor reached the 2nd Round proper before succumbing to York City in a replayed game. Bangor play today in the Welsh Premier League having left the English non-league pyramid in season 1991-92.

TEAMWEAR

Tailored by Umbro

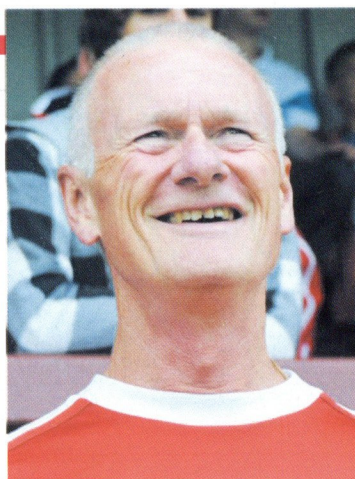

The ground will be bursting at the seams this afternoon as we welcome our table topping visitors from Kenilworth Road.

Had the new stand been ready I am sure that we would have filled that too but we will just have to be patient and hope that everything is in place for next season. The Hatters have been up and down the leagues like a fiddler's elbow over the years and finally came to grief after "financial irregularities" in 2008/2009 saw them docked far too many points to recover from. This is therefore their second year in the Conference as they failed in the play offs at the first time of asking being beaten 1-0 by York City home and away in the semi - finals. They must be hot favourites to make it this time round so I am quite sure we will have a job on our hands this afternoon.

These historic tables make quite interesting reading from just six short seasons ago when there were five leagues (NPL1, NPLP, BSN, BSP, FL 2) separating our two teams. We both won our respective titles and promotion at the end of the season but as Fleetwood's meteoric rise was beginning to gather pace the sun was rapidly setting over Luton Town and the long slide down the football pyramid began.

Six years ago this afternoon we drew 1-1 at home to Skelmersdale United in NWCFL Div 1 in front of 194 fans. Stuart Beech scored our goal. The following Tuesday we beat Atherton Laburnum Rovers away 4-1 before a crowd of 104 with two goals from Alex Porter and one each from Lee Catlow and Phil Thompson. Four days later we beat Tadcaster Albion 5-2 away in the FA Cup extra preliminary round with a grand attendance of 81. Our goals came from Gary Mc Gonnell, Ricky Singleton, Lee Catlow, Alex Porter and an own goal.

Luton had a very different week starting at home with a 1-0 win against Torquay United with a crowd of 6,664. Steve Howard was the marksman. The following Tuesday they travelled to second division side Swansea where they lost 2-0 in the LDV Trophy first round to two 90th minute goals. 3,559 fans looked on. Seven days later they were on the Fylde Coast at Bloomfield Road where they won 3-1 despite being a goal down in four minutes from Scott Taylor. Ahmet Brkovic (2) and Steve Howard were the second half goal scorers. The attendance that day was 5,793. So 16,016 football fans

watched Luton Town that week while we managed just 379! How times have changed, for us anyway!

Tuesday's magnificent win over Mansfield marked yet another milestone in our history as they are the highest placed team that we have ever beaten. A win today would see that record rapidly eclipsed but we must not get ahead of ourselves although it feels very nice to be third in the table so early on. Luton have won both their games fairly comfortably and will fancy themselves today. The first half was a joy to watch with our new signings blending in well and when Danny Hurst saved yet another penalty in the second half there was only going to be one winner as Mansfield's dangerous looking attacks were constantly snuffed out by a stalwart defence led by captain "Beast" Steve Mc Nulty. Magno Vieira scored his third goal in two games which is exactly what he was brought in for. He got some great service from midfield and if he keeps that record up we will be flying!

We have two away games on the trot after today. Gateshead on Tuesday night, just what you don't need when you have work the following day, and Southport next Saturday which I will miss as I am being forced to attend a wedding. Believe me there is no escape from this one so I will just have to wait for the return fixture at Christmas to wish Mr Watson well! York City are the next exciting visitors to Highbury on August Bank Holiday Monday and I expect another bumper crowd to roar the team on with the Football League in our sights!

PAST TRIPS

BY ROB COBB

Continuing the A to Z of grounds where I have watched Fleetwood play over the years:

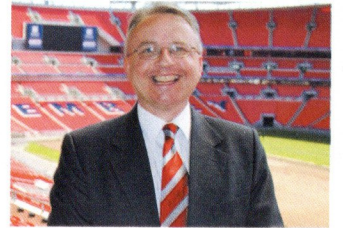

80. Northwich Victoria (2) - The Vics moved into their current ground Victoria Stadium in 2005 and we have only been there in a senior capacity on one occasion, Tuesday 15th December 2009 in Blue Square North. A first half hat trick from Sean Clancy killed the game off in front of 487 fans. A very impressive ground with a large lounge bar.

81. Ossett Albion - Town can record just one visit to Queens Terrace on the 8th April 2006 in Unibond Div 1. There was a strong swirling wind that made the game very difficult but we won 2-1 with goals from Stuart Beech and Richie Allen. 186 hardy souls attended the game. I seem to remember that the facilities were at the cricket club just up the road.

LEAVING PORT

by Derick Thomas

BERWICK-UPON-COD

Regular visitors to the club website will have been puzzled last week as to why the usual flow of stories and reports had suddenly dried up. That was all down to the club communications manager taking a last minute family break in the delightful surrounds of Northumberland.

Armed with laptop and Internet dongle, the intention was to place leisurely updates on the club website and keep track of the events surrounding out two home games against Mansfield Town and Luton Town.

Unfortunately, mobile Internet access did not stretch to the rural setting of Northumberland's rugged North Sea coastline.

But thanks to a trip to picturesque Berwick-upon-Tweed I came across one of the travelling Cod Army's firm favourites. Up stepped the Leaping Salmon and the web-saving offer of free wireless access and the familiar Wetherspoon's menu.

I've become a regular at the Salmon over the last few days thanks to a very understanding wife. Just one more visit to the bar and I'll probably be on first name terms with the bar staff.

Anyway, back to the football and I can safely report the website has now enjoyed a bit of attention and this match day programme has been put together in record time.

It's now back to holiday mode and, on my way out of Berwick, a drive past the ground of the only English club playing in the Scottish league system.

It will be hard for Fleetwood Town not to go into today's game full of confidence.

The comprehensive 3-0 win over Mansfield on Tuesday night was a fantastic all round performance from the Cod Army against one of the teams tipped for promotion.

Micky Mellon has described the first half performance as "devastating" and it's hard to disagree with him.

He told us after the game how hard he had worked to bring Magno Viera to the club and that effort is paying dividends. The striker was outstanding and along side Wayne Curtis they look a threat to any defence in the division. The midfield looked strong and the defence, led by Steve McNulty, kept the visitors at bay. Even Danny Hurst got his moment of glory saving another penalty, but I'm sure he won't want to make a habit of facing them.

We couldn't have asked for a bigger set of

games to start the season and that continues with the visit of Luton Town.

Its been easy to have a lot of sympathy for the plight of Luton over the past four or five years, but I'm sure that wont be an issue today as Fleetwood look to get three points.

The financial problems the Hatters have faced over the past few years has contributed to them dropping out of the Football League, but they've shown just what a force they are in this division with many backing them to win the title this season.

They finished second last time out and with two wins already this season they've shown what a strong side they are.

It should prove to be one of the Cod Army's toughest games of the year.

LATEST NEWS

Young left back Adam Sumner, who rose from the youth ranks in the summer to win a professional contract, having successfully captained the U18 squad to Lancashire FA Cup victory last term, has gone on loan to Unibond Premier outfit Northwich Victoria to gain further valuable experience.

Striker Nick Rogan is also expected to join up with Unibond North, Chester City this weekend, for an initial month's loan, as the competition for places up front increases here at Highbury.
