STEVE EVANS THE GAFFER

Tonight, as champions of this season's Blue Square Bet Premier, we entertain Luton Town. Our opponents are the team that I personally thought last July would be our only rival for the league title and nothing that happened throughout the season made me feel any differently. They are a talented squad.

The players assembled here have been relentless all season and they have driven each other on to face every challenge that came in front of us. This squad of players are a fantastic group to work with, the team spirit is awesome and I am proud to work with so many talented lads.

Gary Brabin has replaced Richard Money as Luton manager over the last couple of weeks and he will be desperate to ensure they ultimately win the end of season play-offs and join us in the npower Football League, but I do not have to tell him that his competitors will also be fired up.

I see the final four play-off teams being tonight's opponents, Wimbledon, Fleetwood and Wrexham but I would think that both Kidderminster Harriers and York City will take it all to the last day of the season. From my point of view may the best team win.

I offer an extended welcome to Luton Town managing director Gary Sweet, a man who in my opinion does an outstanding job. May I extend that welcome to their supporters who have been brilliant all season. They certainly know how to get behind their team. Our visitors tonight are the one big giant in The Blue Square Bet premier, they have a very talented squad of players and after tonight I wish them every success as they head to the play-

offs. As a football club they deserve and need League football.

The season for us has been extraordinary - the excitement of a fantastic FA Cup run and of course being crowned champions of The Blue Square Bet premier is the best prize of all. The Football Conference is a wonderful competition, led by a first-class chairman in Brian Lee. Any team that finishes at the summit deserves the rewards that come with being promoted to the npower Football League.

This season has had a number of highs and I will share them all with you at the end of the season because just in case anyone forgets we still have a number of points to play for before then and hopefully a couple of very impressive records can be set.

Firstly, I would like us to continue with our superb unbeaten record which now goes back to the second Saturday in October if we discount our loss to Manchester United. Secondly, the lads here deserve to set records and our sights are very focused on the record points total for any title winners of the Conference premier.

Our captain and leader, Pablo Mills, will not be on the pitch this evening through injury but he will be the man who picks up The Blue Square Bet premier trophy after tonight's match. Much has been written and said about

a number of our players since last July but for me Pablo Mills have been magnificent all season and he deserves to hold our trophy aloft to you. Please make sure you give the players the reception their performances have deserved and let's all ensure it is a night to remember.

After tonight we are on our travels again when we head north to face Southport. They will provide us with another tough away match but we will go there full of confidence and in good shape to deal with them. Before then please note our reserves are in action tomorrow here at home to Gillingham, the match kicks off at 2pm and I would expect Paul Raynor will have a number of experienced first-team players involved.

Tonight should provide us with a wonderful game of football. Our players are this season's league champions, now let them hear it! Thanks for the most wonderful support, on behalf of everyone here at the football club.

“THE SEASON FOR US HAS BEEN EXTRAORDINARY - THE EXCITEMENT OF A FANTASTIC FA CUP RUN AND OF COURSE BEING CROWNED CHAMPIONS OF THE BLUE SQUARE BET PREMIER IS THE BEST PRIZE OF ALL.”

1.30PM

The Reds' squad arrive from their overnight hotel to be greeted by a few fans who have already made it to the Lamb from Crawley.

2.00PM

Boss Steve Evans announces three changes to the side which drew at York with David Hunt, Josh Simpson and Matt Tubbs restored to the starting line-up.

2.20PM

The away end is already filling up nicely and the 700 or so Crawley fans are already in good voice. They clearly sense there's going to be a party!

2.45PM

Plenty of media interest too on a potentially historic day for Reds. Most of the national press are in attendance including The Sun's Paul Jiggins, who followed our cup run earlier in the season.

2.55PM

As the teams come out chief scout John Evans' places bottles of water along the far touchline to assist the players. As ever, our preparations for a game are meticulous.

3.00PM

We're underway with Reds kicking down the considerable slope in the first half.

3.06PM

Early chance for Charlie Wassmer inside the six-yard box but he fails to keep his shot on target. Reds are starting to dominate possession and test Tamworth's defence.

3.26PM

GOAL! No more than Reds deserve. Craig McAllister is denied by a goal-line clearance but seconds later Willie Gibson crosses from the left and Matt Tubbs finds space to head into the top corner.

Clockwise from below: We are going up! Dean Howell, Scott Shearer and Sergio Torres salute the fans • Never forgotten. Silpa Winfield, Steve Evans and Sue Carter • Thanks for your support. Sergio and the fans • Get shorty! Glenn Wilson gets as closer to Tubbs than most defenders this season! • Champagne celebrations as Ben Smith sprays the boss - and the rest of the squad

3.32PM

Having just inadvertently blocked a goal-bound header from Wassmer, Tubbs drives a shot just wide of the far post. It's all Crawley now.

3.44PM

Rare chance for Tamworth but Danny Thomas's header bounces down off the rock-hard pitch and over the bar.

3.45PM

Half-time

4.05PM

The increasingly influential Josh Simpson's volley is beaten out by Liam Mitchell.

4.15PM

GOAL! 2-0 now as Tubbs scores his 36th of the season from the spot after Simpson is tripped by Tom Marshall. "We are the champions" sing the masses behind the goal.

4.34PM

Tubbs latches onto a pass from substitute Richard Brodie but fires over with only the keeper to beat.

4.40PM

GOAL! 3-0 and Reds know they are heading into the Football League as Wassmer gets on the head of Simpson's cross and sends a thumping header into the top corner.

4.51PM

Full time and the celebrations begin in earnest. It promises to be a long night!

Keeping you healthy for the game.

THE SKIPPER PABLO MILLS

Like all the players in the dressing room I came to Crawley Town on the back of the Gaffer's dream that we would win the Blue Square Bet premier and it is fair to say the lads have done it in some style with five league matches left to play.

The scenes at Tamworth on Saturday will remain with me forever! The lads produced another quality performance and we all know we could have won the match by seven or eight but we will take a 3-0 victory in any match. It was great to see our goal machine, Matt Tubbs, get another two goals and young Charlie Wassmer score with a brilliant header to seal the points that ultimately gave us the league championship.

Our celebrations continued long into the night and those stories will remain in the locker but it was fantastic to be out in Crawley and mix with our supporters who have been brilliant all season. What a night!

As I said earlier I came to this football club with the sole aim that we get promoted this season and we have done it. I was very privileged that the Gaffer shared with me last summer the players he wanted to sign and I knew then if we got most of them at Crawley Town we could have a special team. To be fair the Gaffer got most of the men he went for and the league title is ours.

I understand we will get presented with our trophy after the match this evening and the celebrations will be one for us all to share. These nights don't happen too often for any footballer. It has been said many times we have a fantastic team spirit and it is certainly the best I have been involved in - a special team with a special togetherness.

Many people are already wondering how we will get on in npower League Two and that is a very sensible question but for me there is no doubt we will do very well given the squad we have. We all know the Gaffer will make a few quality signings. He seems to find quality players, it must be more than luck! For now let's enjoy being promoted, let's set some new records that are there for a long time although tonight will be a big test.

May I finish by thanking you for the most wonderful support this season. Having experience of The Football League, I can tell you it will be fantastic!

ALAN WILLIAMS MOVING ON UP

SO, where were you when you knew Crawley Town were in the Football League next season?

If you were at Tamworth on Saturday I hope you enjoyed the day. The backing we received from the 700 or so Reds' fans that made the journey was superb and celebrations at the end will provide unforgettable memories for all of us.

It is great to get the job done with five games to go and a testament to the skills and commitment of the players and, of course, our magnificent management team. Together they have made ours – and your – dreams come true.

When we launched 'Project Promotion' last July there were plenty of skeptics and others willing us to fall flat on their faces. Well, after an unbeaten league run of 26 games and an FA Cup journey in the fifth round, no one can dispute that we are deserved and proud champions.

The big bonus of getting promoted with three weeks of the season

remaining is the extra time it gives us to prepare for our entry to the Football League.

There is a lot of work to do but compared to 12 months ago the infrastructure of the club is unrecognisable and we will be working hard between now and the start of next season to make sure everything is in place. We have made remarkable progress as a club in the last year but there is a lot more to do and our aim is to be the best we can in everything we do – on and off the field.

We are working on various initiatives at the moment involving the stadium itself in partnership with Crawley Borough Council and as soon as we have some news we will announce it, hopefully before the end of the season.

By the end of the season our average gates will probably have gone by more than 150% compared to a year ago. As

Susan Carter remarked on Saturday, we took as many fans to Tamworth as attended a lot of home games last season.

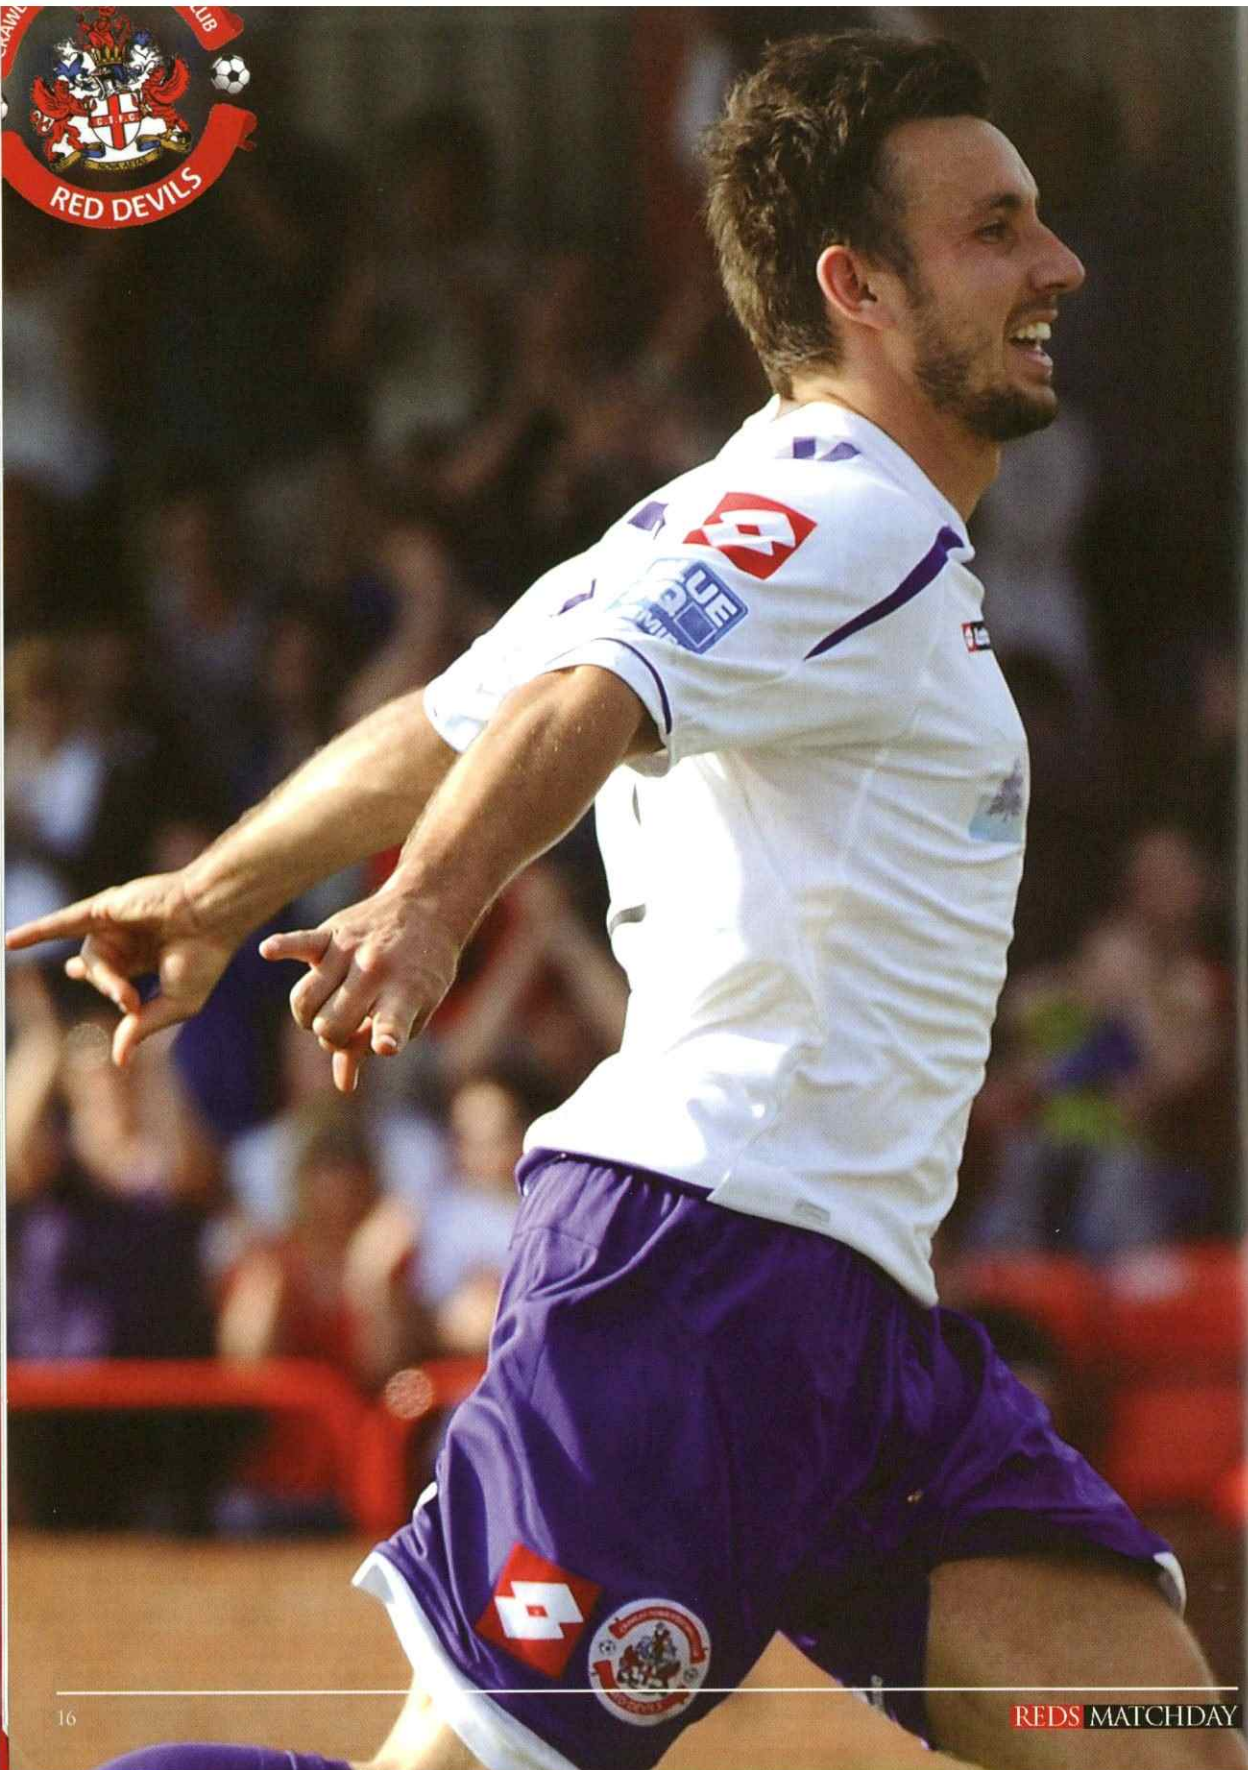

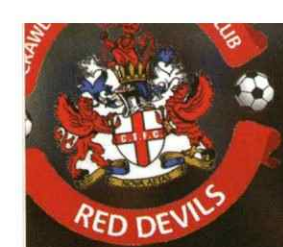

Building our existing fan base is absolutely crucial to our long-term objectives for the club and, once again, we are working on several initiatives which we will unveil in the next few weeks as we prepare for the Football League.

These are exciting times for the club and we are geared up to meet the challenges which lie ahead over the next few weeks and months. We are on an exciting journey and believe me it is not over yet!

In the meantime please enjoy what is going to be a special night at the Broadfield as we are presented with the Blue Square Bet premier trophy after tonight's game.

Best wishes,

Alan

THE GOAL MACHINE

40 goals is Tubbsy's target

HOT-SHOT Matt Tubbs has another target in sight to put the seal on a fantastic season for the striker and Reds.

Tubbsy made it 36 for the season on Saturday when his two goals at Tamworth helped secure promotion to the Football League.

But before testing himself against the best in League Two, Matt wants to finish the season with 40 goals.

Saturday's second half penalty was his 33rd in the league which equaled the club record held by Terry Robbins, who scored 33 in the 1985-86 Southern League campaign.

Matt said: "We have five games to go and 40 is my target which would top an unbelievable season."

The 26-year-old enjoyed a brief taste of League football earlier in his career with Bournemouth and admitted he cannot wait to prove himself every week on the bigger stage as Reds start preparing for their step up.

"Things didn't work out with Bournemouth but I am with Crawley now and we're looking forward to showing the football world what we can do," he said.

"It has been a fantastic season – I don't think too many clubs have had one like it.

"Everything has gone for us. We had a fantastic FA Cup run and in the league things have gone for us like when we slipped up Luton and AFC Wimbledon did as well.

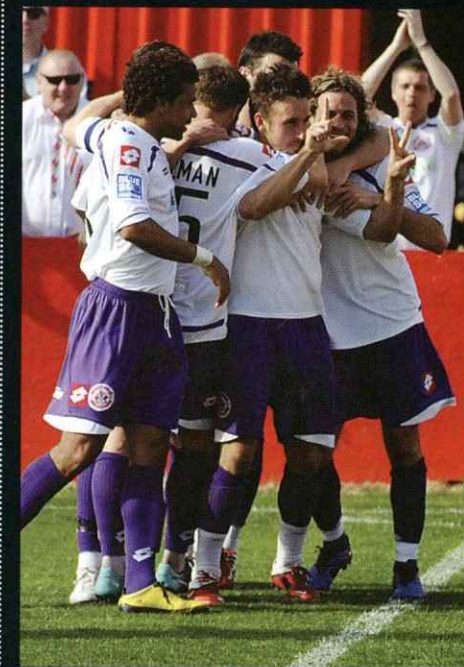

"But the players and staff have been magnificent. From the start of the season we have had this really strong desire amongst everyone to get into the Football League and we've achieved it.

"That's why I signed. When the gaffer outlined his plans in the summer I knew this was the right club for me."

Matt pinpointed the 3-2 win over Wrexham in February, a week before Reds played Manchester United at Old Trafford in the FA Cup, as the moment he felt they would go up.

"Everyone has their memories of the season but that day was the turning point for me," he said.

"We were 2-0 down at half-time and the gaffer threw the kitchen sink at us at half-time and in the second half we scored three goals and played like champions.

"On the coach going to the game on Saturday we said as a group of players that we didn't need a team talk from the manager to motivate us.

"We knew what we had to do and we did it, we dominated the game and it was fantastic that so many of our fans were there to see it. I am so pleased for all our fans, they have been right behind us in every game and it makes such a difference as players to be playing in front of vociferous crowds every week."

FANZONE REDS FAITHFUL

WELCOME
April 1988. Luton Town beat Arsenal in the League Cup final with a last-minute winner from Brian Stein.

Crawley Town are on their way to finishing sixth in the Beazer Homes Premier Division, 24 points behind the leaders, Aylesbury United. Yet here we are today, close to promotion (as I'm writing this before the Tamworth game we may even have secured it already) and favourites to win. Is it just me that finds this a little surreal? Oh, and just to add to the surreal quality of the occasion we have Brian Stein's brother keeping our team fit!

As a child, I had great affection for Luton. Why? Two words: Eric and Morecambe! Looking at their forum recently, it's good to see that a large number of their fans are keeping his legacy alive. What a bunch of comedians. All they need now is a centre forward with short fat hairy legs (unfortunately he went to Wimbledon.....!)

Seriously, Luton Town are, from a Conference perspective anyway, a big club fallen upon hard times and trying to climb back to where they belong. They were a league club for 89 years. Their fans have unfortunately had to get used to financial problems and points deductions and we know exactly how that feels, so it isn't difficult to sympathise. So, best of luck Luton (apart from today), have a safe journey home, and perhaps we might see you next season. It would be nice to have an away trip that didn't take an entire day and cost a king's ransom.

HAPPY BIRTHDAY
This issue sees a very short Junior Reds section. Only one Junior Red has a birthday between today and our next home game against Rushden & Diamonds on Good Friday. So many happy returns to **George Parr** of Southgate, who will be 15 on Saturday, April 16.
George, thanks for all your support. What to give you as a present? I know, how about promotion? Will that do?

CRAWLEY TOWN AND ME
Supporting the club is a big part of our lives. This series, written by our supporters, is designed to share that experience - the joys (and occasional pain) which goes hand in hand with following our team.

It is to tell us how CTFC became important to them, what has kept them here in the intervening years and, perhaps, how they think we could improve the matchday experience.

This week *Crawley Town and Me* features the experiences of **Sam Jordan**, a native of Luton where he spent the first five years of his life before becoming a committed Reds' fan for the vast majority of his 23 years. Sam manages a major retail store in Sussex.

MY LOVE affair with Crawley Town started when the club moved to the Broadfield Stadium in 1997. Being nine at the time I nagged my Dad to take me along to a game and it just snowballed from there. Before the days of 'Junior Reds' I remember having a West Stand season ticket with my Dad that only cost me £25. During my childhood I was mascot when Mark Hawthorne was captain and was a ball boy when Nigel Clough used to visit with Burton Albion before they moved to the Unibond League (so they had more chance of promotion).

Becoming a teenager meant I could go to more games and finally my parents let me attend away games after I had experienced Tiverton in the FA Cup (they had to say yes to stop me nagging them).

I had a paper round and would spend all my money on watching Crawley home and away, sometimes getting the train to the likes of Altrincham on my own just so I could see my beloved Reds.

Before becoming a retail manager I was virtually an 'ever present' home and away as we battled for promotion out of the Southern League and in our early seasons in the Conference. Away days such as Carlisle, Hereford and Exeter in our early days in the Conference remain my fondest memories but not as fond as two of the best days of my life.....

On Saturday April 10th 2004 we beat rivals Dover Athletic at home to set up the best league away trip so far at Welling on a sunny Easter Monday. My Dad, brother and I were amongst the 500 Reds fans that witnessed 'Francis Vines Barmy Army' clinch promotion to the promised land that was the Football Conference. With tears of joy running down my face I couldn't wait for away-days to the likes of York, Dagenham & Redbridge, Aldershot and Stevenage Borough.

Becoming a manager in retail had meant that I lost my Saturdays following the club all over the country for the last three or four seasons. But fortunately for me my career has taken me onto working nights which means I have been able to see nearly every game this season and what a season to be involved with.

On Sunday January 30 I was still buzzing from seeing us win at Torquay United when I sat down to watch the draw for the fifth round of the FA Cup with Crawley Town still in the hat. When Reading were pulled out I turned to my

● Sam Jordan, and around 9,000 other Reds' fans, enjoyed a day to remember at Old Trafford. Picture: James Boardman

girlfriend and started shouting 'We've drawn a Prem team, we've drawn a Prem team' (as only Manchester United, Fulham, Wigan, Bolton and ourselves were left). I couldn't handle the tension and when Manchester United were drawn at home I moved to the edge of my seat. When that number one ball followed I jumped up and down in my living room before hugging my girlfriend, phoning my brother and mum while wiping away the tears of joy.

I couldn't believe that as a Crawley Town supporter I would be watching my team walk out at Old Trafford. The weeks before the game were surreal. The same people who had ridiculed me at school for supporting Crawley were queuing up for tickets on a cold Sunday morning to be part of the day that was 'Manchester United away' (pictured above).

Unfortunately my Dad couldn't make the game due to illness but I made sure my mum and girlfriend were there. Like my

dad they have supported my obsession (or addiction if you listen to my mum) with Crawley Town since the very beginning. We had a fabulous day out. It's one that I will never forget and the fact we could have actually got a result against the biggest club in the world is incredible.

There is one thing I am sure of though. When we win the Blue Square Premier title this season, wherever we win it (because we will win it), that day will eclipse every other day that I have supported my beloved Crawley Town.

Come on u Reds.

● Thanks Sam, that was marvellous. The CTFC and Me section for the rest of the season is now full, but if any of you would like to be involved next season, let me know now. Contact me at lochislair@btinternet.com or via 07860478050. Or, if you're using the forum, send me a PM - I'm the only lochislair you'll find!

REDS IN THE COMMUNITY

Aaaaaahhhh! That is my primal scream in celebration of Reds being crowned Blue Square Premier champions on Saturday afternoon in Tamworth!

I'm also hoping that there will be similar excitement coming from many of our new supporters who have been attending games since the turn of the year thanks to the growth of the club's community programme. The increased number of after-schools clubs, curriculum-based lessons and team training will be stretching outside the borough of Crawley after the Easter period with both Fairway Infant School in Copthorne and Warninglid Primary School in Haywards Heath joining our ever expanding group of partner schools. It appears that good news travels fast and we look forward to providing both with after-school club experiences that

will live in the memory of each child that takes part for a long time.

EASTER HOLIDAY SOCCER SCHOOLS

Is your child football mad? Does your child want to take part in an activity where he or she has a chance to interact with friends old and new? Does your child want to become the next Matt Tubbs? If the answer is yes to any of these questions then our Easter Holiday Soccer School is for them. Working with our FA qualified coaches, the course will offer children the chance to work on their technical skills in a fun-filled environment. We believe that children progress best and enjoy themselves more when they have a ball at their feet and they are active and that is what we aim to provide. No line drills, no 10-mile runs without a ball and no being explanations of the benefits of 4-3-3 over 3-

5-2 with a man in the hole! On top of expert, age-appropriate coaching there will be activity breaks, tournaments, the chance to take a penalty at Reggie the Red Devil and the opportunity to meet some of the first team players. This is surely an experience not to be missed!

The Soccer School is taking place at Hazelwick School in Three Bridges and will run from April 19-21. It is open to all children aged 5-12, with the half-day course running from 9.30 – 12.30 for £25 and the full-day course running from 9.30-3 for £40. Individual day prices are available and the registration form can be found in the page opposite.

THANKS FROM SILPA WINFIELD

MAY I offer my sincere thanks on behalf of myself and all of Bruce's family for the lovely messages of support we have received over the past three weeks.

To know that the family of Crawley Town FC is thinking of us at this time is a wonderful comfort. I have had so many letters that it would be impossible to reply personally, but they all mean so much.

Bruce's dream was to see Crawley Town in the Football League and he was no doubt watching over us all on Saturday and enjoying the fantastic achievement of the players and staff.

Best wishes, Silpa

THANK YOU, ADRIAN QUARRY

WE WOULD like to extend an especially warm welcome to Adrian Quarry.

TONIGHT'S MASCOT

OUR mascot tonight is 7-year-old Luca Canonici, who attends St Francis of Assisi RC school in the town.

It has been a hard year for Luca who is currently undergoing treatment for leukemia at East Surrey Hospital, where he met some of the players when they visited the children's ward last month.

Luca's mum Francesca said: "Luca's love for football has helped and he even plays football in his hospital room. Being the mascot means a lot to Luca and will give him and us special memories."

As well as football, Luca loves basketball. As well as Reds, he supports Chelsea and Roma because he loves Totti. He attends games with his dad, uncle and cousin.

We welcome Luca and his family to the Broadfield tonight and hope he enjoys a great night.

CHARLIE IS OUR DARLING

THE Premier League scouts flocked to the Broadfield for our last home game against Darlington to run the rule over their highly-rated 20-year-old defender Dan Burn.

And he did a good job. After all, not many opposition centre-halves have managed to keep Matt Tubbs off the scoresheet this season.

But those scouts would have no doubt written another name in their notebooks after Charlie Wassmer produced another superb performance in only his fifth start for Reds since he joined from Hayes & Yeading at the start of the month.

It was hard not to make comparisons between the two.

Both Wassmer and Burn use their height and physical presence well, defending and attacking set-pieces, but Charlie definitely has the edge when it comes to starting attacks from the back with careful distribution, something Steve Evans encourages his defenders to do.

Charlie sees the move from Hayes, where he had played all his football since he was in their under-10s, to the Broadfield as the next step on the ladder. His boss is convinced the 21-year-old "will make a lot of money for this club one day" given the quality and consistency of his performances so far but in the meantime Charlie is happy to learn his trade alongside Pablo Mills and Kyle McFadzean who, it must be remembered, has only slightly more experience than Charlie at this level.

Charlie said: "When I came to the club I knew I would play a part but perhaps not as much as I thought.

"We have three other quality centre-halves here and I have huge respect for them. I just want to keep playing my football and enjoy every game I play.

"I am learning so much and hopefully I will keep doing that and keep progressing. Pablo has played at a much higher level and I have learned bundles in the two games I have played with him and the same goes with Kyle, since Pablo got injured."

Charlie admits that Hayes' result is the first he looks for after a game. It is hardly surprising he has a strong affinity for the club given how much football he played there but he is thrilled at how well the move to the Broadfield has worked out.

"It is crazy how football changes. I was at the bottom of the league with Hayes and I hope they stay up but I think coming to Crawley is the right decision. I set my standards high and want to keep improving.

"Hayes were full-time like we are but I think I have improved more since I came here. "It is the same level but I'm with better players and feel sharper and fitter.

I have played less than 30 games at this level so I need more to gain experience but I keep learning from Pablo and Kyle, Steve Evans and Paul, Raynor.

"They are always telling me things which can make me better and it is working. I feel my form is good and we're winning and keeping clean sheets. Long may it continue."

IN OPPOSITION... LUTON TOWN

With their large, passionate fan base and bearing in mind that it is only five years since they were in the Championship, it must still seem slightly strange to your average fan of English football to find Luton Town in the Blue Square Bet premier.

Relegated two years ago, their first attempt at returning to the Football League ended in a play-off semi-final defeat to a York City side inspired by our own Richard Brodie.

Nonetheless, the Hatters were installed as favourites to go up at the start of this season and despite the odd setback, which included Reds' come-from-behind 2-1 win at Kenilworth Road in October, they seemed to be on course.

After losing 3-1 at home to League One Charlton in an FA Cup replay in November, they embarked on a run of one defeat in 16 games either side of New Year.

They enjoyed an unbeaten January and only conceded two goals that month to establish themselves with Reds and AFC Wimbledon in a three-way battle for the sole automatic promotion spot.

But on transfer deadline day they sold influential midfielder Andy Drury for £150,000 to Championship side Ipswich Town and many Hatters' fans believe the club's subsequent dip in form can be traced back to the departure of one of their most influential players.

They enjoyed a good FA Trophy run with wins over Welling, Uxbridge, Gloucester City and Guiseley – whom Reds had knocked out of the FA Cup – but in the two-legged semi-final against Mansfield their hopes evaporated.

The Stags won the first leg 1-0 but when much-travelled striker Lloyd Owusu levelled the tie 50 seconds after half-time in the second leg at Kenilworth Road the Hatters looked to be heading for Wembley for the

first time since they won the Football League Trophy in 2009, their last season before dropping into the Conference.

But it all went horribly wrong.

Claude Gnapke and Alex Lawless were both sent off and Luton had to battle into extra time with nine men. Just when it looked as if they had got through to penalties a foul by Luke Graham enabled Louis Briscoe to make it 1-1 from the spot and it was Mansfield who were heading to Wembley instead.

It was undoubtedly a heavy blow to morale and less than a fortnight later, following a 2-1 league defeat at struggling Southport, manager Richard Money left the club by mutual consent, having been in charge since October 2009.

Managing director Gary Sweet said: "It was very sad but the interesting thing is that Richard came to us and effectively wanted to give us an option. Richard made the decision with one sole objective and that is to get Luton promoted."

Money said: "It is with a heavy heart that I pass on the baton so close to the end of the season."

Gary Brabin, who had joined Luton as Money's coach after guiding Cambridge United to the play-offs two years ago, picked up the baton and was promoted until the end of the current campaign, when his contract was due to expire.

Brabin immediately pledged to adopt a more attacking style although a goalless draw against Barrow was hardly the start he envisaged. Ten days ago Brabin looked to have earned his first three points when they led 3-2 at Kidderminster going into stoppage time only for Harriers to draw level.

Then a week ago they conceded a stoppage-time equaliser again, scored by ex-Red Danny Mills which earned Kettering a 2-2 draw.

On Saturday Brabin enjoyed his first win, a 6-0 hammering of Southport.

WE'VE MET BEFORE

Reds have had the better of our three games against Luton in the Conference with two wins, including a memorable come-from-behind 2-1 triumph at Kenilworth Road in October.

September 1 2009

Luton Town 3 Crawley Town 0

Attendance: 6389

On the day Jamie Cook was sold to former club Oxford United, injury-hit Reds gave debits to three loan players. Kieran Djilali had joined from Crystal Palace while Preston had loaned Dominic Collins and Adam Barton.

February 27 2010

Crawley Town 2 Luton Town 1

Attendance: 2118

Revenge for Reds as two goals from Ben Smith, including a winner three minutes from time, dented Luton's hopes of automatic promotion.

October 5, 2011

Luton Town 1 Crawley Town 2

Attendance: 6895

Reds produced arguably their best result as a Conference club, coming from behind to win 2-1 at Kenilworth Road thanks to goals in the last ten minutes from Richard Brodie and Craig McAllister.

Adam Drury had given Luton the lead with their first shot on target – a 63rd minute penalty – but Brodie turned the ball in from close range to equalise before McAllister pounced in injury time with a composed finish over the keeper after Dannie Bulman had slipped a pass into his path.

EWAN DUNLOP'S COMMERCIAL NEWS

Good evening everyone and welcome to the Broadfield Stadium, home of League Two football!

It's been tense, it's been emotional and it's been a long time coming. But on Saturday all those who travelled to Tamworth got to experience an amazing piece of history as Crawley Town FC became a Football League club.

As well as a promotion in football terms, this also puts Crawley Town well and truly into the next division in terms of commercial opportunities. Media coverage next year is going to go through the roof thanks to highlights packages on BBC and Sky Sports' coverage of the Football League.

As I've been saying all year, there is no better time to advertise your business with Crawley Town and if you're interested in our sponsorship packages for next season which include match sponsorships, pitch-side hoardings and programme advertising to name a few make sure you get in touch with me. Here's who is taking advantage of sponsorship opportunities this evening.

MATCH SPONSORS

For big occasions you need big-match sponsors and for Crawley Town FC they don't come much bigger than the ever loyal Pacific IFA. Crawley Town FC are on an unbeaten league run of 25 league games and have won all matches that Pacific IFA has sponsored. I know we all hope this run will continue not only tonight, but well into next season!

They tell us: Pacific IFA Ltd is proud to support a number of Charities who provide incredible care and support to the young, the sick and the visually impaired. All these Charities rely on voluntary contributions to fund the invaluable care and support which is tirelessly provided day-in and day-out.

We are pleased to announce a new Charity program which enables you to directly support these worthwhile causes. Simply refer a family member, a friend or work colleague to us for a financial review meeting which will be funded by Pacific IFA and is provided without obligation.

Once the review is completed, we will donate £25.00 to one of our supported charities. You can refer as many people to us as you wish, and you decide which charity the money goes to. Alternatively, if you prefer, we

can send you the £25.00 to donate as you please.

50 MILES FOR CHESTNUT TREE HOUSE

As you will all know Crawley Town FC's principal charity this year is Chestnut Tree House children's hospice. In order to raise some extra funds for this amazing cause I have decided to run in this years Lakeland 50 race in July on their behalf.

The Lakeland 50 is one of the greatest ultra running challenges in Europe, perhaps the world. At 50 miles it's almost double marathon distance, it's on rough terrain and there's approximately 3,100m of ascent to deal with (the equivalent of climbing Ben Nevis twice) during the route through the valleys, trails and fells of the Lake District.

If you would like to sponsor me and make a real difference to children's lives in Sussex please visit www.justgiving.com/run50 or catch me this evening.

On behalf of all at Crawley Town FC I thank you for coming along tonight and I hope this will be another evening that will live in your memory for a long time. Have a wonderful night, make plenty of noise and drive home carefully.

Thank you!
Come on you Reds!

CRAWLEY TOWN 1 SMITH 67 DARLINGTON 0

D: Saturday, April 2, 2011 **V:** The Broadfield Stadium
C: Blue Square Bet Premier **K.O.:** 7.45pm **A:** 3,554 **R:** R. Whitton

Crawley Town: Shearer, Hunt, Howell, McFadzean, Wassmer, Simpson, Bulman, Smith (Cook 83), Torres, McAllister (Brodie 69), Tubbs. *Unused subs:* Wilson, Gibson, Jordan.

Darlington: Russell, Arnison, Brown, Burn, Miller, Taylor, Smith (sub: McReady 80), Terry (Smith 72), Bridge-Wilkinson, Hatch, Campbell (Modest 30). *Unused Subs:* Senior, Louis-Hamilton

BEN SMITH has made a happy habit of starting the month with a goal. For the third month in the last four he found the target with a shot from 20 yards midway through the second half to secure another crucial three points in the battle for promotion.

Having been athletically denied by Darlo keeper Sam Russell in the third minute, Smith scored his sixth goal of the season when his low shot went in off the inside of the post.

Reds should have been in front by then having created some good openings against a rugged Darlington side, who defended solidly but created little going forward.

After the deadlock had been broken Matt Tubbs was denied by the woodwork when his angled drive hit the post.

Scott Shearer was rarely troubled, although he did produce a point-blank stop to keep out Liam Hatch's effort with David Hunt completing an important clearance with sub Michael Smith about to pounce.

MOMENT OF THE MATCH

It needed a piece of skill to unlock Darlington's defence and Smith provided it with a sweet strike of his right foot.

MAN OF THE MATCH

Smudger got the sponsors' vote but Charlie Wassmer was again outstanding in the heart of a Reds' defence who just love keeping clean sheets. This was their 19th in the league this season.

VIEW FROM THE DUGOUT

Assistant manager Paul Raynor: "We never felt that they put us under too much pressure. Darlington came to frustrate and they made it difficult for us. We were waiting for that one bit of magic that would turn the tide and Ben Smith came up with it."

Gateshead: Deasy, Baxter, Liddle, Curtis (sub: Jones 69), Clark, Brittain, Turnbull, Gate, JMarwood, Shaw (Mulligan 90), Fisher (Offiong 68). *Unused Subs:* Ferrell, Pattison, Wishart

Crawley Town: Shearer, Wilson, Howell, Mills (sub: Demspster 45), Wassmer, Simpson, Smith (Rusk 85), Hunt, Torres, Tubbs (Cook 90+1), McAllister. *Unused subs:* Jordan, Gibson.

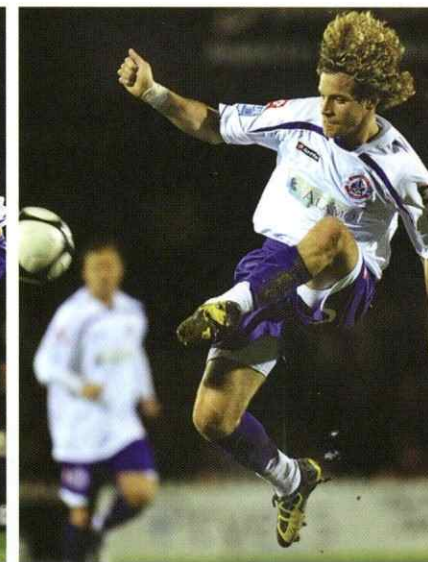

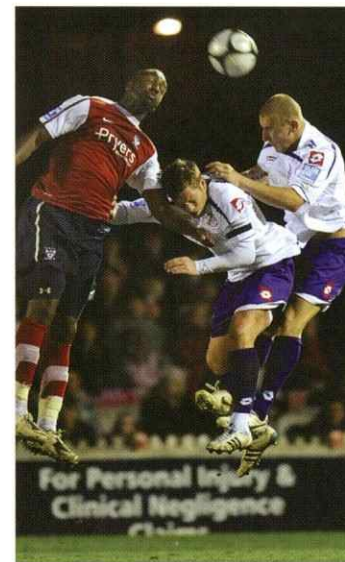

REDS took another step towards promotion with a hard-fought but deserved point against play-off chasing York.

Trailing to a 16th-minute goal from Jonathan Smith, Crawley struggled to find their usual fluency in the first half as the home side, backed by a vociferous crowd, got behind their team.

But the half-time break worked wonders and Reds were transformed in the second half.

They got their equaliser after 49 minutes when Sergio Torres' volley took a deflection to beat keeper Michael Rankine and after that it was the leaders who looked more likely to snatch a winner.

Clear-cut chances remained at a premium at either end, however, but it was still a decent point for Crawley and as they came off the pitch to hear that Kettering had snatched a late leveller at Luton through ex-Red Danny Mills their mood, and that of the travelling fans, improved even more.

MOMENT OF THE MATCH

Reds needed a spark of inspiration to get back into the game and Sergio Torres provided it. His volley may have gone in before it took a deflection but it gave Reds a foothold in the game.

MAN OF THE MATCH

Kyle McFadzean was immense at the heart of the back four, particularly in the second half. Several League scouts were in attendance to monitor Kyle and they would have been impressed with what they saw.

VIEW FROM THE DUGOUT

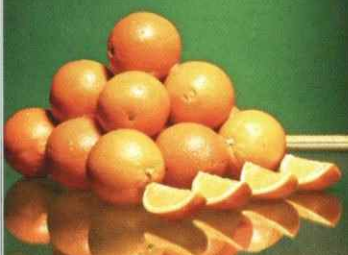

Steve Evans: "I smashed the walls apart at half-time, that is not the Crawley I know in the first half although the boys knew they were lacking and off the pace by a yard or two. We were found wanting in terms of commitment and passion but apart from the odd breakaway we absolutely dominated them in the second half."

YOUTH TEAM LATEST THE YOUNG ONES

Crawley Town 7-2 Havant & Waterlooville

Our under-19s briefly went top of Conference Youth South premier after a 7-2 win over Havant & Waterlooville at Three Bridges FC last Monday.

Cambridge United have since gone a point clear, but Reds do have a game in hand and Colin Jenkinson's boys also have a superior goal difference.

Three first-half goals all came from set-pieces as Charlie Dodd netted twice and Abu Suma slotted home from close range.

Two brilliant through balls by Tommy Brewer in the second half released Trevor McCreadie to score twice and they were followed by two goals of individual quality. The first from Dapo Kayode was a volley from 25 yards out and was followed by Ross McDonald's left-foot volley from the edge of the box.

Two sloppy goals were conceded towards the end as the Reds switched off but with four games to go the title is now in the grasp of Colin Jenkinson's side.

Crawley Town U-19s: Chester, Cooper (sub: Dowsett 82), Baker, Brewer, Dodd, McDonald, Kayode, Suma (Vinten 78), McCreadie, Miller, Eason (Maybury 88).
● Pictured are Gosling Matembele, Johnny Pitt and Dapo Kayode.

THE LAST WORD...
WITH VIC MARLEY

The fight for the league title is over and in truth it has been for a few weeks.

This time in the football calendar is normally considered to be the business end of the season. That we have accomplished our task with five games to play is a fitting testament to the efforts of Steve Evans, Paul Raynor and the players in what has proved to be an extraordinary last nine months in the history of our club.

Our last two games at York and Tamworth killed off any lingering doubts yielding us the four points that made us worthy champions. Our ruthless and relentless march towards the title finally ground down any hopes the opposition may have had that we would capitulate.

The emphatic victory at Tamworth sparked scenes of euphoria with the celebrations getting fully underway at the final whistle. Tears of joy were shed by many of the several hundred supporters who had journeyed to Staffordshire to witness our elevation into the Football League for the first time. Our many thanks and appreciation goes to our hosts for their gracious hospitality on the day.

After the game the chairman of Tamworth and also the local constabulary made a special point of praising our supporters on their exemplary behaviour throughout the afternoon.

However, the Blue Square Bet Premier League is not all over with the play-off places still to be fought for and we have our part to play in determining the final positions at both ends of the table through to the end of the April.

Tonight brings the pre-season title favourites Luton Town to the Broadfield Stadium. They have consistently been tracking us and were seen by many as the only side capable of catching the Reds.

I would like to extend a warm Reds welcome to their supporters, players, staff

and directors who have made the trip to West Sussex from Bedfordshire today. They come to us on the back of a four-game unbeaten run since the appointment of Gary Brabin at the end of March. Having dispatched Southport last Saturday 6-0 we will have to be at our best. It should prove to be feast of football for the fans with arguably the best two teams in the division meeting face to face in front of the Premier Sports TV cameras tonight.

We are delighted to have with us this evening Brian Lee, Chairman of the Football Conference, together with representatives of league sponsors Blue Square for what I am sure will be a memorable occasion culminating with the

presentation of the Championship Trophy. After this evening's match we will have four games left in which we intend to see out in the same manner and style that the team have displayed throughout the campaign.

We look forward to seeing you all again on Good Friday at our next home game here against Rushden & Diamonds kick off 3pm.

As always we will need your vociferous backing tonight in helping the team to produce performances worthy of your expectations.

Enjoy the game

Vic
