message from the manager...

Writing this post Bath City and before the trip to Cambridge because of print deadlines is not easy, especially as this is such a massive game. But whatever the result on Saturday, my thoughts are going to be the same. We have started the season off very well. I know some may think that strange after one win, one draw, two defeats and however Saturday ended but you have to look at how we got here, what we are competing against and where we are going.

It is only two and a half months since Tristan and myself were appointed to take this club into the new season. At that time we knew what we were taking on and were very excited by the challenge - and that certainly hasn't changed. We knew the budget and how that compared to this division and many below, but were confident that we could assemble a decent squad to compete in this division this year - and that certainly hasn't changed. What has changed is much of the personnel. Not necessarily by our own choosing, but we do have almost a new set of faces, all learning more and more each day about each other and the way they all play. That will take time, but already I think we look more of a team than some of the other more established sides we have played. That gives me great confidence, so that hasn't changed either.

Not only are those players having to get to know one another quickly, they are having to do so on limited resources. Believe me nobody is here for the pay packet, they are all here because they want to play for this club, the way it should be. Limited resources means time as well. We are operating on a part-time basis, so contact time with each other is very limited. Last week we had a game on Tuesday, so trained together on Thursday night, then a game on Saturday. That's very hard, on us as coaching staff, who want to work on so much to help develop players. It is also hard on the players who therefore have to be very self-disciplined and very committed in their own time. They have to remain focused, fit and work on elements of their own game away from the immediate supervision of the coaching team. For many that's very different to what they are used to. We also have a very young side and to operate the way we do, they have to show tremendous maturity and commitment to their desire to be footballers. From what I have seen already this season, I am very proud of the way they are going about that. But everybody here is still learning, and we need that desire, passion and commitment to developing ourselves, personally and a team, to continue.

So, this evening we entertain Luton Town. A big name, but nothing to be feared. We are more than capable of beating any team in this division and higher, and simply because a club has a long history and a large following does not make them different once they get on the field. I welcome their management team, players, staff and fans as usual but can't promise that this will be their most enjoyable trip. This is Kingfield, this is our home and this is where no club has yet come this season and won. Tonight we will be continuing that record.

news from around the club...

welcome to kingfield

A warm welcome to Kingfield for this evening's game against Luton Town.

This programme is going to press before the bank holiday weekend, and therefore the result from the Cambridge United game was not known, but hopefully the good performances in the last two games against Fleetwood and Bath City, which unfortunately only resulted in one point, will have stood the team well at The Abbey Stadium.

supporters' club raffle

The Supporters' Club advise that their raffle will be taking place tonight. Tickets will be available inside the main entrance for home fans, and outside the ground for away fans. Priced at just £1.00 for a strip of tickets, there will be five top quality prizes on offer at tonight's game. The winning tickets will be announced at half-time, and prizes can be collected from the Programme Hut at half-time or after tonight's game.

new home kit

The new home kit is available for purchase in the Supporters' Club hut, which can be found on the right behind the bar. So, avail yourself of this year's kit - available in all popular sizes. Also available are various souvenir items.

supporters club coach

There is a planned coach for the Sunday afternoon visit of Tamworth to Kingfield - Please see page 30 for full details.

half price offer continues

Half price admission to 2011/12 season ticket holders of any Barclays Premier, npower League or Blue Square Bet League side, with the exception of the given days opposition.

This offer is available only on production of your season ticket at the turnstiles.

This offer is available for Blue Square Bet Premier fixtures ONLY. It will also be available for Woking FC supporters who may wish to watch United when Woking are away from home.

further new signings

Nas Bashir has further strengthened the United squad with the additions of midfielder Harrison Bayley and defender Curtis Ujah.

Harrison has made two substitute appearances for

United, and Curtis made his debut in the 1-0 away defeat at fancied Fleetwood Town. Unfortunately, Curtis picked up an injury in that game, which meant he had to sit out of the 1-1 midweek home draw against Bath City, last Tuesday.

Full details of our signings will be covered in the Squad Update of this programme.

introduction to the new squad

◀ 7 - louie soares

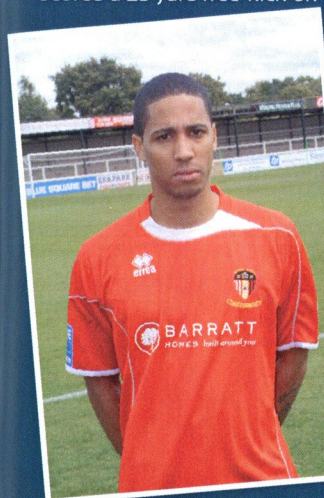

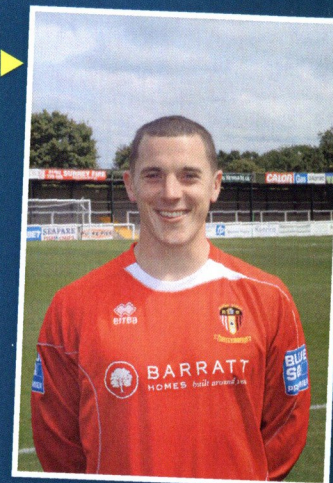

26 year old Reading born midfielder who arrived at Hayes & Yeading in August 2011 having played 32 games in the npower League for Southend United last season. Began his career with Reading without making an appearance and was loaned out to Tamworth before making a single appearance for Bristol Rovers in 2005. A spell at Barnet followed before he settled with Aldershot Town.

In 2010 he left the Shots to join Southend United, going on to make 32 appearances before being released in the summer, subsequently joining Hayes & Yeading.

8 - ryan crockford ▶

24 year old hard working central midfielder player who started out in the Academy at Reading and made 6 appearances for Aldershot Town during a 2006 loan spell.

Joined Hayes & Yeading during the summer of 2011 from Hungerford Town to become Nas Bashir's first signing as United manager and scored a 25 yard free-kick on his debut against Alfreton Town.

◀ 9 - pierre joseph-dubois

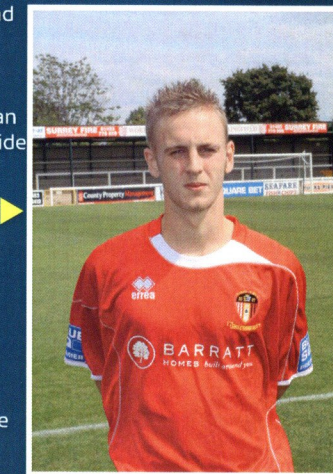

23 year old French striker who spent the pre-season 2010/11 with Hayes & Yeading before returning to Weymouth for whom he had played during the previous two seasons. Having left the Terras in September 2010, Pierre did eventually sign on at Church Road in March 2011 for the final run in to the season as Garry Haylock enhanced his squad for the important run in.

Re-signed for new boss Nas Bashir at the start of the new campaign, can play either through the middle or wide on either flank.

10 - luke williams ▶

A much sought after skilful young midfielder who has a real eye for goal, Luke joined Hayes & Yeading in July 2011 from Hellenic Premier Division side Binfield.

Luke was signed by Binfield in January 2011 having netted 13 times in 16 games for Woodley Town and has already caught the eye with his battling qualities during pre-season thus earning himself a shot at Blue Square Bet Premier Football with United.

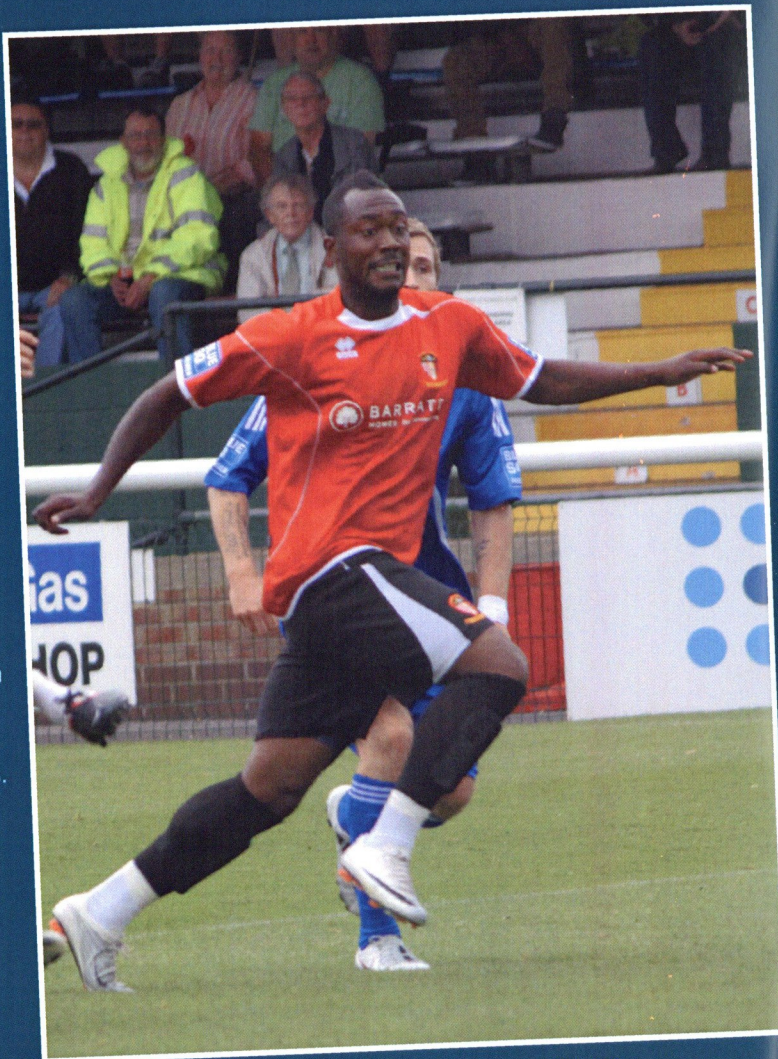

Tim Fuell caught up with leading scorer Richard Pacquette, after a goalscoring performance at home to Bath City last week.

A couple of weeks now into the new season and a couple of goals already for yourself. Are you enjoying it so far. Definitely, we are playing some good football already and we can only get better as we gel together and get to know one another better. It is a new team but I think we are all enjoying it, apart from the results

You mention results, tonight the opposition are Luton Town and the bookies certainly make them favourites. Is the team confident coming into this one. Yes of course. I know I am really looking forward to it. It will be a good test for us and hopefully we can

play as well as we did against Fleetwood and get some points. We can beat anyone in this league, we just have to play well as a team and individuals.

14 richard pacquette

You seem to have a great track record of scoring against lots of teams in this division. Is Luton one of them? No, I don't think I've scored against them before, but I have played some really good games against them though. Hopefully this will be another one of my good games and hopefully my scoring record will change and this will be the time I score against them.ve a few this season.

You mentioned Fleetwood earlier. You stepped up and took that first half penalty on Saturday only to see it saved. Have you taken soem stick in the dressing room for that?

Of course, it was a long journey home and we had some banter on the coach but that's football. Even the best players in the world miss penalties from time to time you just have to get on with it, bounce back and put it to the back of your mind. I got a goal against Bath in the next game and that's what football is all about, you can't let it affect your confidence it is just one of those things.

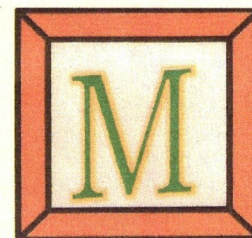

And one final question then, Barbara Bond's post-match spaghetti. Is it any good? Yeh, it's alright, but there is always room for improvement (Chuckle).

Given that this is a Bank Holiday fixture on a late summer evening, and probably our highest crowd of the season, its likely that many of you will descend on Woking town centre and indulge in a beverage or two. I also suspect that for many of you an evening sampling the best bars and nightlife Woking has to offer is a new experience. So where should you go?

I confess I don't know my way around Woking city centre yet, so I can't actually advise you on the best places to visit. However, if you're drinking near the footpath between the north-west end of Commercial Way and Church Street East do not be afraid. There isn't really an alien invasion advancing from Horsell Common. Its simply a sculpture of the Martian Fighting Machine.

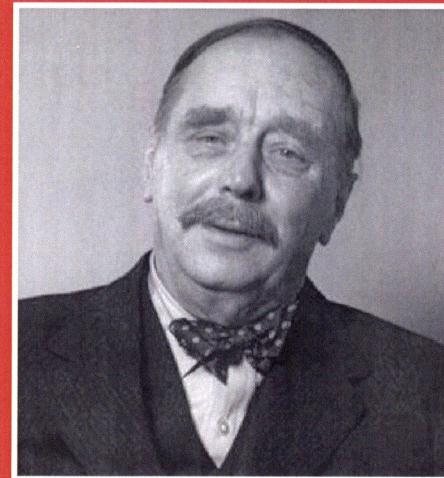

The model of the of Woking Martian was created in 1998 by artist Michael Condron, and celebrates the centenary of HG Wells classic novel The War of the Worlds. It stands seven metres (23 feet) high and is based on a scene from the book that takes place close to Woking Railway Station. In fact the sculpture comprises three parts, the fighting machine (left), the Martian cylinder (below) and the bacteria, which are portrayed as mosaics.

The War of the Worlds is set in Woking simply because that is where HG Wells was living when he first had the idea for the book. He'd moved to 143 Maybury Road Woking in 1895 when he married his second wife, and former student, Catherine Robbins. This was the same year in which his classic science fiction novel The Time Machine was published. In 1901 he wrote the best-seller An Experiment in Prophecy, anticipating what the world would be like in the year 2000. He correctly noted that cars and trains would move populations from cities to suburbs, and predicted invention of aeroplanes, but couldn't envisage how submarines would do anything but

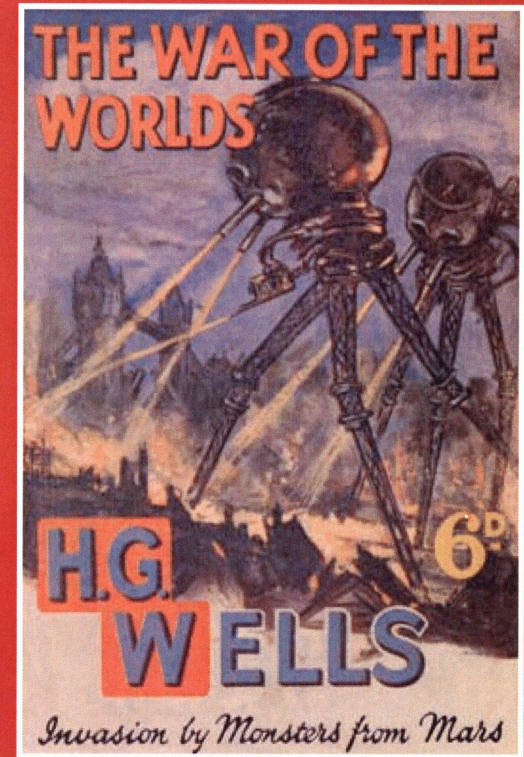

suffocate their crew. In Woking Herbert George Wells (below) spent most of his mornings walking or cycling in the surrounding countryside, then writing in the afternoon. On one of these walks his brother speculated on what it might be like if aliens were to suddenly appear on the scene and start attacking Woking's inhabitants.

Much of The War of the Worlds takes place around Woking and nearby suburbs. The initial landing site of the Martian invasion force, Horsell Common, was an open area close to Wells' home. In the introduction to the Atlantic edition of the novel, he wrote of his pleasure in riding a bicycle around the area, and imagining the Martian heat-ray or the red weed destroying the cottages and houses he saw. While writing the novel, Wells apparently enjoyed shocking his friends by revealing details of the story, and how it was bringing total destruction to parts of the Surrey landscape that were so familiar to them.

In the 1890s many novels were serialised in magazines or newspapers with each episode ending in some kind of cliff-hanger to entice the reader to buy the next installment. The War of the Worlds was no exception and for the princely sum of £200 was published in the monthly Pearson's Magazine from April to December 1897. Incidentally in February 1922 Pearson's Magazine's became the first British periodical to publish a crossword puzzle.

Since its full publication in 1898, The War of the Worlds has never been out of print. It has also spawned numerous film, TV and radio adaptations. So next time you have an idea for a novel whilst walking in Woking, stick with it.

the conference years - enfield, later to be 1893...

Enfield 1893, Essex Senior League reigning champions, are what has become of the once great Enfield; non league giants for many years, blighted by financial complications in recent years, and our third champion. The list of trophies accumulated by Enfield is extensive, and includes two Alliance Premier League (now Conference) titles, the latter being achieved in 1986. As fans of a certain age may also be able to guess, Enfield's most success came in the Isthmian Premier Division, which they won an incredible 8 times in 27 seasons between 1967 and 1994. Indeed, it was Hayes FC who so narrowly denied them a 9th in 1996 by the merest of margins. Enfield were also runners-up a further 7 times in that period. Add to the list of honours two FA Trophy titles, both in the 80's, four amateur cup finals (two of which were won) and you get some sense of how the man who makes trophy cabinets in Enfield may have been a busy man. They won numerous other minor cups.

Enfield 1893, as previously mentioned, are carrying a familiar tag as reigning champions this season, but it is another familiar issue which has prevented their rise to the Isthmian League this Summer; ground regulations. Luck has never been on their side, seemingly compounded by the knowledge that their last non league top tier title came in the final season whereby clubs required election to the Football League, and for a club with so much history in non league, it must seem a deep regret they never got their moment in the Football League. But in 1995 they were denied promotion to the Conference as concerns began to grow over their financial affairs. Four years later they would be forced to sell

their Southbury Road home, and a sad day for all fans of "The E's" signalled a demise that would last a further 8 years before finally liquidation in 2007. But the new Enfield 1893 have that familiar winning feeling again after 17 years, and we may just be seeing one of non league's greats at the top again one day.

In the wider Conference, there was an impressive third place for Wealdstone, 1982 champions Runcorn slipped to 4th, and initial champions Altrincham again achieved only midtable mediocrity.

Originally brought to the club as Chief Scout at the time Richard Money was appointed manager in October 2009, Brabin was reassigned in the new role as assistant manager in the summer of 2010. Following the departure of Richard Money in March 2011, Brabin took control of the Hatters until the end of the 2010/11 season. After playing over 275 times in League football as a tough-tackling

midfielder, Brabin moved into management firstly with Southport - guiding them to the Conference North Play-offs - before moving south to manage Cambridge United in 2008. In his first - and eventually only - season at the Abbey Stadium he guided the U's to the Blue Square Premier Play-off final after finishing runners-up to champions Burton Albion, but lost to Torquay United at Wembley. Despite that set-back Brabin was awarded the BSP Manager of the Year award before behind the scenes differences at the Abbey led to him leaving the club in July 2009 before arriving at Kenilworth Road.

Centre-back Beckwith became the Hatters' second signing of the summer of 2011 following his release from League 2 side Northampton Town. The 27-year-old, who signed a two-year deal at Kenilworth Road, was a key member of the Cobblers' squad in 2010/11 which reached the fourth round of the League Cup following wins over Brighton, Reading and Liverpool.

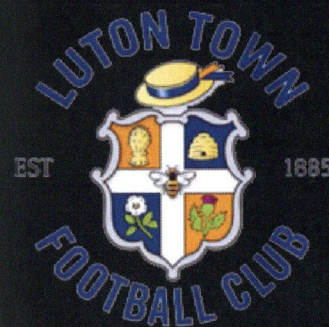

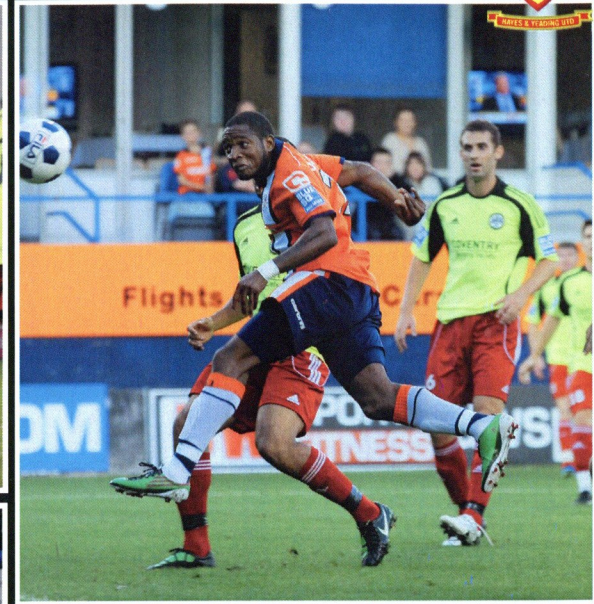

Capable of playing in any position across defence, Asafu-Adjaye has made significant progress through the Club's youth set-up. Making his full debut in March 2008 at Kenilworth Road against Crewe Alexandra he has gone from strength to strength and was part of the Town team that won the Johnstone's Paint Trophy at Wembley in 2009.

luton town - star graduate

Football historian LEIGH EDWARDS profiles one of Luton Town's finest-ever players

Powerful midfielder Bruce Rioch was capped 24 times by Scotland after leaving Luton Town.

Born in Aldershot, Bruce was raised in Luton and became an apprentice at Kenilworth Road. Rioch turned professional in September 1964 and made his League debut in Luton's 1-0 defeat at home to Southend United two months later. His first League goal came in the Hatters' 3-2 defeat at Bradford City in December 1965 and he soon attracted interest from bigger clubs with his pace, power and fierce shooting. He also had great competitiveness and a ruthless streak.

Bruce was Luton's leading marksman in 1966-67 and again in 1967-68 when he missed just two matches as the Hatters stormed to the Fourth Division title. Rioch was also an important figure as Luton narrowly failed to win promotion again in 1968-69, netting 47 goals in 149 League games before moving to Aston Villa for a then club record £100,000 in July 1969. His younger brother Neil, an England Youth international, followed him from Luton to Villa shortly afterwards.

Bruce played for Villa in the 1971 League Cup final and starred in their 1971-72 Third Division title triumph. Moving to Derby County for £200,000 in February 1974, he took over from the injured Henry Newton and helped Dave Mackay's side to finish third in the top-flight that season. Rioch was ever-present and leading marksman with 15 League goals in 1974-75 when Derby won the League Championship for the second time in four seasons.

Towards the end of that title campaign, he scored one of his most memorable goals with a surging run from near the half-way line against Newcastle United at

St James' Park. The following season, he hit a thunderous free-kick in the FA Cup sixth round win at home to Newcastle, then scored four goals in Derby's remarkable 8-2 First Division victory over Spurs in October 1976.

Rioch could play for Scotland through parental qualification and made his international debut in their 1-0 victory over Portugal at Hampden Park in May 1975. He scored his first international goal to clinch Scotland's 2-2 draw with Wales four days later and went on to become the first English-born player ever to captain Scotland, leading them in the 1978 World Cup finals in Argentina.

Sold to Everton for £180,000 in December 1976, Rioch returned to Derby a mere 11 months later but fell out with Tommy Docherty and Colin Addison and had loan spells at Birmingham City and Sheffield United. After that he played for Seattle Sounders, becoming Torquay United's player-coach in October 1980 and later their player-manager. He then took charge of Middlesbrough, managing them from the Third Division to First in consecutive seasons.

After a spell as Millwall's manager, he became Bolton Wanderers' boss in May 1992 and plotted two promotion successes, also leading them to the 1995 League Cup final. He spent a year as Arsenal's manager before the appointment of Arsene Wenger, signing Dennis Bergkamp and David Platt, then managed Norwich City, Wigan Athletic and Danish side Aalborg.

August closes with one of the "glamour fixtures" of the season. This time 20 years ago, Luton were members of the last season's "proper" First Division before the arrival of the Premiership totally screwed up football. Having just missed out in the play-off final last season, Luton will no doubt be determined to make sure that their third season at this level is their final one.

It will also be the first time this season that we will see a segregated Kingfield. I know a good number of Luton fans enjoyed visiting the shop at Hayes, but obviously what we are offering here at the moment is somewhat more limited. However, a couple of fresh copies of the 1959 F.A. Cup Final programme found their way back into stock over the summer, and there are also a few Luton-related odds and ends in our Pre-1960 folder which has also made the trip with us. Please ask one of the stewards to escort you round if you want to pay us a quick visit. Our temporary base for this season (and by that I mean what we are offering in terms of a shop) is just about taking shape. I have to admit that I didn't miss the usual summer routine of spending about three or four Saturdays sorting the programme stock out from top to bottom, that 'little' job will no doubt take place next spring when I'll be fitting out our new permanent home. While in the past I have very much appreciated supporters dropping bundles of old programmes etc into us, I'm sure you'll understand that it may not be as practical to take donations in for the time being. That's not to say I wouldn't be interested in any old items you may want to dispose of, but would be grateful if you could let me know what's

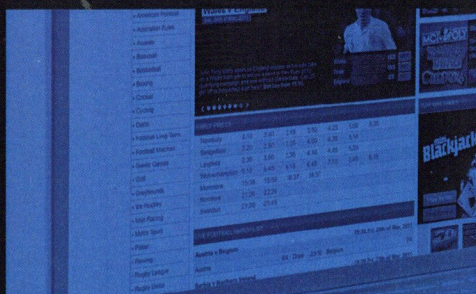

involved first (for instance, don't need any of our home programmes from the last few years dropping back in . Gateshead on April 19th excepted of course!) As well as club souvenirs and a limited selection of mainly Big Match programmes, I have gradually been able to bring a few other bits and pieces down since the season started. I did have a little run of finding both the ever collectable Rothmans and Non League Directories at the car boots over the summer, and the stock of these that we have are now available here priced at £5 each. The selection of old football related board games have made the journey too. We can offer 'France 98 World Cup' and Arsenal editions of Monopoly, a handful of 'Match of the Day' football trivia board games, plus of course a couple of Subbuteo sets too. I didn't actually realise until earlier in the year that they stopped making Subbuteo about ten years ago, so the number of sets and accessories in good condition that will be available to collectors in the coming years will no doubt sharply decrease.

At the Church Road farewell game, we took in a small stock of a recently fresh publication. Gordon Bartlett had key ties with both the old clubs. Personally, I can remember working with him at the old Ealing Sports Centre shop in the summer of 1986, not long after he had taken Southall to the F.A. Vase Final before joining Hounslow. "Off the Bench" documents his quarter century in non-league management. £14.99 will get you one of our remaining copies (all of which Gordon signed), it's sure to be a great read and in particularly full of great memories for the former Yeading fans at the Club. Get behind your side and enjoy the game.

Brief History

Grimsby Town were formed back in 1878, and they moved into their current ground Blundell park in 1899. The Mariners as they are also known as, had previously played at Clee Park and Abbey Park before the move. Their original colours were blue and white hoops, but this was changed to chocolate and blue quartered shirts in 1884. Today though, they wear black and white stripes with a red outline. In 1888 the club first played league football, joining the newly-formed 'Combination'. This league soon collapsed though, and the following year the clubs application to join the Football League was refused. However, in 1892 they entered the Football League, when it was expanded to two divisions. Their first game was a 2-1 victory over Northwich Victoria. One famous man to manage the club was Bill Shankley, before he then went on to Liverpool. At the end of the 70's the club won back to back promotions, which sent them into the old second division. Relegation from the Football League in 2010 made them the fourth club to compete in all top five divisions of English football.

By Road

Take the M25 before joining up with the M1 at Junction 21. Keep on the M1 until you reach Junction 32, when you will then need to join up with the M18 towards Doncaster/Hull. At Junction 5, exit onto the M180 towards Grimsby and then stay on that road. When the road changes from the M180 to the A180, you just need to keep following it all the way into Grimsby. The ground is located to the left of this road (take Neville St), just past the McDonalds which will appear to your left. There is only side street parking available.

By Rail

First get a train from King's Cross to Doncaster. When you arrive at Doncaster you will then need to take another train to Grimsby. Once you reach Grimsby Town Rail Station you will then need to walk to Old Market Place road, which is just to the north of the station, and catch the 9A bus towards North Sea Lane, Pleasure Island. Get off at Cleethorpes, Imperial Avenue just by McDonalds.

What To Expect

Both Grimsby and United finished mid-table last season, although Grimsby have made a poor start this year under the management of Rob Scott and Paul Hurst. The Mariners failed to score in their opening 3 games, so United will be hoping to add to their woes. Although, after a great opening day home win United have struggled to continue that great form on the road. Both teams then will be looking at this fixture as a match they can get 3 points from, but more importantly, a match they don't want to lose.

03 Sam Argent comes to the rescue as a corner is flicked on to Fleetwood's Jamie McGuire who sees his effort cleared off the line by the United defender with the follow up just clearing the crossbar

29 United go close as Richard Pacquette collects a deep corner on the left and feeds Luke Williams, his far post cross is met by Mark Bentley who sees his header come back off the face of the post before being cleared

35 Superb distribution by Steve Arnold finds Pierre Joseph-Dubois, he holds off a challenge from Paul Edwards before threading the ball to Luke Williams just inside the area, his quick feet draw a trip from McGuire and a penalty is awarded. Pacquette steps up only for his kick to be pushed away by Fleetwood keeper Scott Davies

76 United look to be caught on the break as Alex-Ray Harvey races away on the left before finding Richard Brodie who is denied a shot on goal by a superb recovery tackle from Jamie Hand. Seconds later Sam Argent is again on hand to keep the scoresheet blank as he blocks a Magno Vieira header right on the far post.

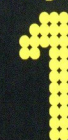

85 GOAL 1-0
A quick throw-in finds its way to Jamie Milligan who makes space for himself before firing a 20 yard shot that flies like an arrow into the top corner of Steve Arnold's goal giving the stopper no chance.

90+3 Luke Williams' deep free-kick is met by Nathan Elder, only for his header from the most acute of angles to go over off the top of the crossbar.

I hope we get a visit from the Late Goal Fairy soon, my SatNav is fed up with my language in the car on the way home. Due to the Bank Holiday print deadline these notes were written upon arriving home last Tuesday, another trip filled with a little despondency but hopes for a brighter future.

So what happened in Blue Square Bet Premierland last Tuesday? First, a big thank you from **Barrow** to ourselves for softening up **Fleetwood Town** for them.

Town went down 4-0 thanks to an Andy Cook hat-trick. It was the first time they had conceded this term. The opener

came on ten minutes, Paul Edwards challenged Andy Cook unfairly and gave away a free kick. Andy Ferrell crossed and Andy Cook found the back of the net with a goal from inside the box low into the middle of the goal. In the 36th minute Paul Rutherford had an effort at goal from the edge of the area that missed to the right of the target but an own goal is scored by Paul Edwards. Within two minutes Jack Mackreth crossed for Andy Cook to net with a headed goal from inside the penalty box. The final goal came in the 81st minute, another cross, this time from Paul Smith, and another headed goal by Cook.

As of last Tuesday **Gateshead** still top the table, on goal difference with **Wrexham**. Nibbling their ankles one point behind come **York City**. Avenging their 5-1 defeat at

Haig Avenue last season **The Hed** won 3-1 at **Southport**, two goals in the last 15 minutes making the result safe. **Tony Gray** had put the **Sandgrounders** ahead on fifteen but **Moore** equalised two minutes later, followed by **Turnbull** and a **Jon Shaw** penalty in the second period.

Braintree continued their good form by winning away at **Forest Green Rovers** 2-0. The match was sewn up with a goal on 90+4 minutes by **Andy Yiadom** (sounds familiar).

Over 3,300 fans saw **Wrexham's** comfortable 3-0 victory over **Tamworth**, but

after a headed first half own goal by **Callum Reynolds** they had to wait until late in the game to sew the match up. **Jamie Tolley** lashed home on 78 and substitute **Adrian Cieslewicz** curled the ball into the bottom corner of the net four minutes later.

York City were the night's big scorers, travelling to **Kettering Town** and giving them a 5-1 thumping. After closing the first half at 4-1, thanks to **Boucaud**, **Adriano Moke** and a brace from **Walker**, the visitors then had to wait until 90+4 (sounds familiar) to go nap with a goal by **Pilkington**.

Elliott Buchanan scored early on again for **Newport County** but they were held by a stubborn **Ebbsfleet United** 1-1. **Fleet** netted the equaliser in the 90+4 minute (sounds familiar). It was one of five 1-1 scorelines last Tuesday.

Darlington will be disappointed that couldn't take the spoils at home against **Alfreton Town**. A **Jarman** penalty gave **Town** their first point of the season.

Another 1-1 stalemate at **Kidderminster Harriers**, who scored two minutes from time to salvage a point against **Stockport County**.

Grimsby Town finally got on track after their dismal start to the season. They put their mauling at **Braintree** behind them to overcome visitors **Cambridge United** 2-1 with strikes from **Thompson** and **Rob Duffy**.

Similar scoreline at **AFC Telford United** where they entertained **Lincoln City**. All three goals came in the last fifteen minutes, a brace for **Kyle Perry** sealed the game for the **Imps** before **Mills** scored in stoppage time (sounds familiar).

Finally our visitors tonight, **Luton Town** shared a point-a-piece when they travelled to **Mansfield Town**.

Will Antwi rescued the contest for the **Hatters** twelve minutes from time with a fine header from **Jake Howells'** free rick, equalising **Mark Green's** stunning opener for the **Stags**. in front of just over 2,500 fans.

06 Hayes & Yeading almost take an early lead at Kingfield, as Louie Soares gets his head to a Luke Williams corner only for Gary Mills to head off the line with the Bath City keeper beaten

45+1 GOAL 1-0

Jamie Hand wins the ball 30 yards from the Bath City, goal with fellow midfielder Ryan Crockford taking it on and hitting a superb 30 yard dipping shot that beats keeper Glyn Garner and comes back off the underside of the bar, Richard Pacquette is first to react to the loose ball, rolling home his second of the season

54 Loane goalkeeper Steve Arnold keeps United in front twice in a matter of seconds. Seconds after coming on for Bath City, Scott Murray races into the area, with Arnold touching his effort wide. The resultant corner is played long and returned goalwards by Lewis Hogg forcing Arnold to tip the ball over his crossbar

82 Arnold again comes to the rescue, once again denying Bath substitute Murray who sees his shot towards the far corner touched wide by the fingertips of the diving United stopper

90+3 GOAL 1-1

Murray is not to be denied though as he breaks the home sides resistance deep into stoppage time, curling a low shot into the far corner past Arnold's despairing dive

90+5 At the final whistle it is Bath City who go away happiest after a sneaking a late stoppage time equaliser, but United remain undefeated at Kingfield.
