## WELCOME TO PARK VIEW ROAD

Welcome back to Park View Road for a game that will undoubtedly see our biggest home crowd for many seasons.

When the fixture list was published, our opening three matches certainly caught the eye but after that it was the home match with Luton Town, a club playing in the top tier of English football just 22 years ago, that everyone looked for.

That day has come, Luton will be cheered on by around 2,000 supporters this afternoon and depending on results between the time of writing and this afternoon, today could be the day for The Hatters. Of course, if that day has already come and gone then our warmest congratulations to Luton and, if not, then hopefully we can delay the party until Monday!

It has been a magnificent season from Luton, any team that gets to 92 points has certainly proved their worth. We're not surprised, of course, as John Still is well known to many at Park View Road.

This is Luton's second visit to Park View Road this season. The teams already met in the FA Cup first round in November when the Wings ran out 2-1 winners courtesy of first-half goals from Joe Healy and Lee Clarke.

We made the trip to

Kenilworth Road two weeks later, losing 2-1 after two Andre Gray goals with Alex Dyer on target for the Wings. Fraser Franks was sent-off in stoppage time, and he is likely to line-up in Luton colours this afternoon.

Welcome back to Park View Road, Fraser, and thank you for your services to the club, both this season in helping to establish us at this level and last season in winning Conference South.

Much has been said about Fraser's departure from Park View Road, suffice to say 'Tis better to have loved and lost than never to have loved at all' and we wish Fraser all the best next season in the Football League.

Luton looked after us really well earlier in the season, so a warm welcome to their directors this afternoon.

After today we travel to Salisbury on Easter Monday, kick-off 3pm. The club has put on a free coach for supporters as a thank you for your excellent backing this season. Places are on a first come, first served basis so please visit the coach travel table by the tea bar to see if there are any spaces left. Don't forget our final home game is against Southport on April 26 with a 5.30pm kick-off.

Enjoy the game

**JAMIE'S  
NOTES**

**"It comes down to being ruthless at one end, and not making mistakes at the other, a point I've been making for a number of weeks lately"**

Welcome to John Still and everyone connected with Luton. Obviously Luton have had an excellent season. They may already be promoted by the time you read this but regardless, they've been the best club that we have played against this year. They have a good squad of players that have been consistent throughout the campaign. We're not going to roll over this afternoon and make it easy for them but they are worthy champions in my eyes. Obviously we lost Fraser Franks to Luton in the last transfer window. Fraser was excellent for us over the period of time that he was here, and his attitude was first-class. When we signed him two years ago, we felt that he could develop further with us and come on, that's how I sold coming to Welling to him. Now, he has gone to a big club that is going into the Football League and is working with an experienced manager in John who will help him further. I'm pleased to see him back here and to win a Conference South and Premier title medal in successive season is an

excellent achievement. Fraser was a young player who I think it is fair to say was at a bit of a crossroads when we signed him. He was in the AFC Wimbledon side, but then suffered from injuries and a loss of form. We felt that we had a good chance of promotion with him, and other good players in our squad last season, and so it proved. In our last home game against Hereford, I felt that we played pretty well and our passing was quite good. For me, it was the end product in both boxes that was the stumbling box. We had five really good chances - not just half-chances - and then we made one mistake and got punished. In fact, Lee Butcher only had one other save to make in the second half. It comes down to being ruthless at one end, and not making mistakes at the other, a point I've been making for a number of weeks lately. Against Kidderminster last Saturday, we did reasonably well for 65 minutes without creating lots ourselves. But we went away from home and looked pretty solid.

However, we let in a soft goal and there was only going to be one winner after that. They were in the driving seat for the last 10-15 minutes and a few of our players didn't work as hard as we did in the opening hour. We thought Lee Clarke and Basile Karagiannis were going to be fit at Kidderminster. Clarkey failed a fitness test on his groin and then Basile felt his groin again in the warm-up. Kurtis Guthrie will return to training after a back injury this week while Jake Gallagher has completed his recent suspension. We've also just had Jack Obersteller and Tom Bender back in the past couple of games as well which has been good for us. We've got two games to play in three days now so we'll look to rotate the squad as much as we can over the Easter period.

Enjoy the game

## CAPTAIN'S CORNER

Welcome back to Park View Road for the visit of Luton Town.

As I am sure has been mentioned elsewhere today, these are the sort of games that you want to be involved in as a player. Luton will be cheered on by a large number of away fans which will add to the atmosphere. We know that we need to be on top of our game to get something out of today and it would be nice if we can finish the season strongly in these last three matches.

Congratulations to Luton on their excellent season and welcome back to Park View

Road to Fraser Franks, a player who I taught everything he knows... We've already beaten Luton in the FA Cup here this season while many felt we were unfortunate not to get a point in the league fixture at Kenilworth Road when we created a number of chances but couldn't get ahead during the game. Our final away trip of the season is at Salisbury on Monday.

On behalf of the players I'd like to thank the fans who have travelled so many miles this season to watch us on the road, your support really does make a

difference to the team and is greatly appreciated. Finally, today is the chance to vote for your player of the year so please remember to get my name correct, that is Clarke with an E at the end, and I look forward to picking up the trophy next week!

Enjoy the game

# MATCH REPORT

Alfreton (1) 2      Welling (1) 2

## MATCH STATS

2	Shots on target	4
9	Shots off target	7
6	Corners	4
12	Fouls	13

## STORY OF THE DAY

Welling's hard-earned point at Alfreton meant they made mathematically sure they are safe from relegation with five games to go. The visitors took an early lead when Jamie Day's corner was headed past keeper Jon Worsnop by Quade Taylor. Alfreton equalised on 19 minutes when Michael Hoganson's corner was met by captain Nick Fenton. Welling were back in front early in the second half when Lafayette was fouled in the box before picking himself up to score from the penalty spot. But Alfreton levelled matters when Bradley Wood's shot was deflected in by John Akinde. The visitors had a let-off in stoppage time when Dan Bradley's efforts came back off the bar and bounced on the line before being claimed by Lee Butcher, with Alfreton claiming it had gone in.

## FINAL WORD

"It was a hard-fought game. When we went 2-1 up I thought we were going to see it out but they got a bit of a lucky goal. A point was not a bad result. It's been enjoyable, the aim was to stay up and we've done that with games to spare."

**DOIG'S DIARIES**

**Despite being deposed from his favourite terrace position Mark Doig is looking forward to enjoying the atmosphere in a packed PVR.**

Today we welcome all from Luton Town to Park View Road. The number of followers they are expected to bring means that Wings supporters who would normally be watching from the cricket ground side, or the road end, will need to find an alternative viewing area. Those in the stand have become used to it this season, as they have been moved for a few segregated games this season. It's the first time I can ever remember the road end being given to away supporters.

Hopefully, all those inconvenienced can enjoy the game from their alternative vantage points aware of how much the financial boost from the big crowd will help the club we support. There have been games segregated under instruction from the police force that probably didn't need to be but today's is certainly not one of them. Congratulations to the Hatters on a memorable season. After five years the return to the Football League, something for which they have been striving, looked to be

a certainty at the time of writing, despite their surprise defeat against Braintree Town last Saturday with the trophy ready to be awarded. When the prize is presented, Fraser Franks will receive his second championship medal in two years having been a Welling champion last year. It will be great to see him again and I hope he enjoys his return to Park View Road.

This is the point of the season, with safety guaranteed, that we have started looking at 2014-15 and what adventures await us. We will not have trips to Luton, Tamworth or Hyde, and whilst it would be inappropriate of me to say who I hope also leaves this league, I can consider who might be joining us. Torquay United are bottom of the second division, and even though they won at Bristol Rovers last Saturday, they still have a lot to do to escape relegation. That would be an away game that would appeal to many as a potential weekend. Rovers' defeat hasn't done them any favours and they are one of seven teams

who have not reached the 50 points mark often considered to be enough for safety. Could it be a Devon double with Exeter City just two points above the relegation zone? Eastleigh need four more points from four games to guarantee the Conference South title but who will join them through the play-offs is anyone's guess. Sutton United are the form team but Dover Athletic are also enjoying a good run and will have momentum with them should they have extra games to play. Concord Rangers are the surprise team but their defeat at Havant and Waterlooville last week may give them just too much to do to make it into the play-offs. In the North, the league title is still wide open. It would appear that AFC Telford or North Ferrisburgh United will claim the championship but Hednesford Town and Altrincham still have an outside chance. Boston United and Guiseley look the most likely to claim the other play-off place.

Come on you Wings!!

### STORY OF THE DAY

Welling's unusual dip in home form continued when they were beaten for the fifth time this calendar year on home soil. The Wings, who were unbeaten at home in winning the Conference South title, were undone by crisis club Hereford, who edged closer to safety thanks to Kingsley James' second-half strike.

Much of Welling's approach play, particularly in the first half, was pretty on the eye but they lacked a clinical finish when they needed it most. Tobi Sho-Silva and Toby Ajala both saw long-range efforts pushed away by keeper Daniel Lloyd-Weston, who was then beaten by Sho-Silva's header, only for a defender to clear the ball off the line. Leading scorer Ross Lafayette twice failed to head home from good crosses while Hereford were restricted to just long-range attempts until James stuck their winner.

### FINAL WORD

"We had enough chances to kill the game off. If we take them then we end up winning the game. I was fairly pleased with the way we played, just not the end product and at this level you get punished."

50 YEAR FOCUS

LEAGUE AND CUP DOUBLE WINNING SIDE FROM SEASON 1965/66

Welling United Supporters Association  
The Supporters' Voice

Good afternoon and welcome to everyone connected to Luton Town. Lunchtime kick-offs are unusual and normally shown on television but I think BT Sport may be missing an opportunity not airing this game.

Well done to Luton on achieving a return to the Football League, they have been dominant in the league campaign and thoroughly deserve to win the title.

It is a great pleasure to welcome back to Fraser Franks back to PVR, nearly a year to the day being a major influence in helping us to achieve the Conference South title.

It's been a busy couple of weeks with a really good draw at Alfreton, with the gaffer playing, it was also good to see Quade Taylor score his first goal in a Wings shirt. After this we welcomed Hereford and after a positive first half, Hereford hit us with a sucker punch in the second half, before we lost out at Kidderminster last weekend.

**Player of the year:** Vote today, this is open to all Welling supporters and will be taking place at the WUSA desk, located just outside the club shop, please pop by as this will only take a few seconds.

**Summer ground works:** We are planning a meeting shortly to look at a list of jobs that can be done

over the summer. WUSA are keen to work with the Football Club to help with various improvement projects. If you think you can help, please see us on the WUSA desk today or at the remaining home games or email me at the address below.

WUSA will also be looking to carry out a survey over the coming games to help find out what you think and would like to experience on matchdays at Park View Road. We are keen to share this information with the club so we can make sure we are listening to you the supporters.

**The WUSA AGM** will be held on Wednesday, June 25 at 7.30pm. This will either be at Park View Road or Bexleyheath Cricket Club. Please make every effort to attend. We will be holding a review of what WUSA have done this year, plans for next season, get input from members on new ideas and hold the elections for committee members.

**April Foolishness:** If you haven't been in the club shop lately, please take a visit with great deals on all branded 50th Anniversary products don't miss out - Dave and Gary will be delighted to serve you.

**End of season presentation:** This will now take place on Saturday, April 26, straight after the final home game against Southport, starting at

8.30pm.

This will be a packed evening, taking a look at the first season back in the Conference National. Player of the Year and Goal of the Season will be awarded. Hot food will be available where the bottle bar is, at a small price, After the awards, Terry will be providing Karaoke, a big thanks to him for doing this at no charge.

I am looking forward to Frosty coming up and singing the first song! If you ever need Karaoke, Terry is available and can be contacted on 07721 324818 or [tjskaraoke@hotmail.com](mailto:tjskaraoke@hotmail.com)

**May quiz night:** This will take place on Friday, May 2 in the Wings Bar from 7.30pm. Teams are made up of up to six people, with all newcomers welcome.

**Away Travel:** We have no plans to run a coach for the final away match of the season at Salisbury on Monday but as you have read elsewhere, the club is supplying a free coach to this game.

Dean Shulver has done an excellent job, both sourcing coach companies and then making sure they are filled up throughout the season so our thanks to him for this efforts in organising the travel this year.

# TODAY'S VISITORS

The Wings welcome the Hatters to Park View Road for the third time today after an FA Trophy loss and an FA Cup win for the Wings. The Wings have given good accounts of themselves in the games against the Hatters.

A narrow FA Trophy defeat, after a draw at Kenilworth Road plus a tremendous FA Cup win this season at Park View Road as goals from Clarke and Healy put the Wings two up before Paul Benson got what proved to be a consolation for Town certainly put the Wings in credit.

The Wings will feel unfortunate to have lost at Kenilworth Road in the league this season when Fraser Franks was sent off harshly. The Wings had more than matched the Hatters on their own patch during that game.

The Hatters have a good record in the FA Cup. They have reached the semi-final of the greatest cup competition in the world on three occasions, the last being only 20 years ago. Town had perhaps their greatest day 25 years ago when they beat Arsenal 3-2 in the League Cup final at Wembley in front of a staggering 95,000 people. Two late goals again saw

## LUTON TOWN

the Hatters prevail after the Gunners had come from behind to take control midway through the second half.

Luton's most recent successful period began in the early 1980s when the club won the Second Division and were promoted to the top flight. They remained there until they were relegated at the end of the 1991/92 campaign, just as the Premier League was formed.

Between 2007 and 2009, financial difficulties caused the club to fall from the second tier of English football to the fifth in successive seasons. The last of these relegations came during the 2008/09 season, when 30 points were docked from Luton's record for various financial irregularities. This ended the club's 89-year spell as a member of the Football League.

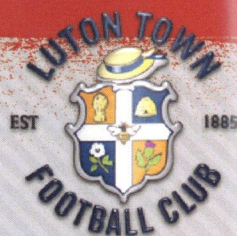

Since being in the Conference, Luton have unsuccessfully contested the promotion play-offs three times in four years while last season they won 1-0 at Premier League Norwich in the FA Cup fourth round. It was the first time a non-league team had beaten a side from England's top division since 1989.

The Hatters have been head and shoulders the

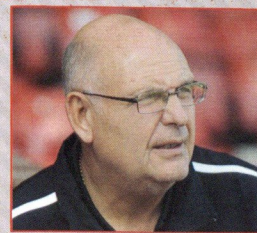

best team in this league this season and stand on the verge of winning the title (results may have gone their way midweek and they may be champions before we kick-off).

The Wings will be looking to spoil the party today and keep the Hatters' champagne in the chiller. With a huge away following here, there is sure to be a loud atmosphere and a big crowd to add another notable occasion to the list of games between the two clubs.

There are some past players who have featured for both clubs. Dean Standen was a prodigy in the Wings youth team and was snapped up by Luton, but then released by Joe Kinnear when not making the grade. At that same time in 2001-02, Keith Rowland made 12 appearances on loan for Luton and he would go on to play for the Wings in the twilight of his career. John Still will be aware of the task his side face today, at Park View Road having crossed swords with the Wings back in their last spell in the Conference and seeing his trophies put in a below-par performance this season here in the FA Cup. Today could be a historic day for Luton or a day to remember for Welling in front of their largest league crowd for many years.

### MANAGER

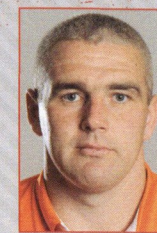

#### JOHN STILL

The 63-year-old joined the Hatters last March having enjoyed a hugely successful 10-year spell at Dagenham & Redbridge where he guided the Daggers to the Conference title as well as promotion to League 1. Knows the Wings only too well from previous battles and from his knowledge and experience of non-league football. The 63-year-old has previously managed Maidstone, Dartford, Peterborough and Barnet.

### Steve McNulty

McNulty scooped the awards at Luton this season, winning Player of the Year and Goal of the Season for a 30-yard volley. Led Fleetwood Town to Conference title success in 2011/12.

### Jake Howells

Howells is Luton's longest-serving player having made his debut as a 17-year-old on the final day of the 2007/08 season. Since then, the left-footer has been capped by Wales at under-21 level.

### Mark Tyler

The 36-year-old was one of the Hatters' first signings in their first season in the Conference in 2009, and the stopper has made more than 200 appearances between the sticks.

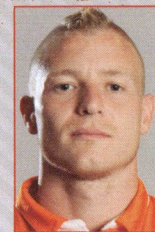

### Pelly Ruddock

Ex-Boreham Wood midfielder who was signed by West Ham after impressing for Wood. Never made the breakthrough and joined the Hatters on a two and a half year deal in January.

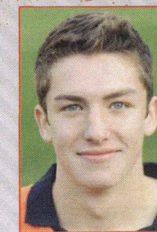

### Scott Griffiths

The 27-year-old diminutive defender signed in March 2013. Previously with Dagenham and Peterborough, he has had loan spells with Chesterfield, Crawley and Rotherham.

### Alex Lacey

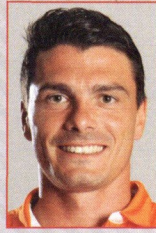

Made his debut at the age of 17 in the FA Trophy against Welling, earning the man-of-the-match award, and was on loan with Eastleigh last year. Signed a three-year deal to stay with Luton in 2012.

# Luton Town

## Ronnie Henry

Club captain and right-back in his second season with the club. Joined the Hatters last summer from Stevenage, who he helped win promotion from the Conference to League 1.

## Mark Cullen

Nimble and skillful forward who scored on his debut for Hull while with them in the Premier League. Able to conjure up things out of nothing and still only young. Also appeared at Stockport on loan.

## Alex Lawless

Influential and creative midfielder with over 100 appearances for the Hatters since signing from York City in 2010. He penned a new two-year contract last May, turning down contracts at two clubs in League 1.

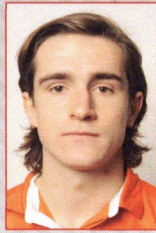

## Paul Benson

Experienced centre-forward signed on a season-long loan from Swindon in August 2013. Helped Dagenham & Redbridge to two promotions with John Still, scoring over 75 times in the process.

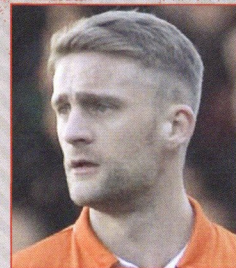

## Luke Rooney

Former Gillingham midfielder who went on to Swindon Town before playing minor football in Kent. Trained with the Wings and was on Jamie Day's radar until he moving to Maidstone and then Luton recently.

## PLAYER TO WATCH

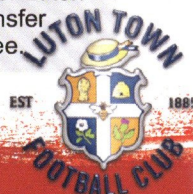

### FRASER FRANKS

England C international central defender who scored and captained the Three Lions on his debut against the Czech Republic under-21s at Kingfield. Spent his younger days at Brentford and Chelsea before moving onto AFC Wimbledon. Joined Welling United and won Conference South in his first season at Park View Road. Signed for Luton Town during the January transfer window for an undisclosed fee.

## Andre Gray

Forward who finished last season as the Hatters' leading scorer with 20 goals. The young England C striker has made a massive impact since signing from Hinckley in March 2012.

# COMING SOON

## Monday April 21 SALISBURY CITY (A) The Skriff Premier Kick-off 3pm

**Address:** The Raymond McEnhill Stadium, Partridge Way, Old Sarum, Salisbury, Wiltshire SP4 6PU

**Tickets:** Adult prices are £14, senior citizens £12 and £10 for students. Children aged 6 to 16 are £5 and under-6s are free when accompanied by an adult. There is a £2 stand transfer charge.

**Travel: By car:** Leave the M3 at junction 8 to join the A303. Leave the A303 at the Countess Roundabout/Amesbury Junction and carry on through the town onto the A345. Continue towards Salisbury, past the turn-off to Boscombe Down on the left, up the

hill and through the traffic lights at High Post (a hotel and nightclub are on your right) and carry on down to the Beehive junction roundabout. There is a large white sign, clearly marked 'football ground' in brown writing at the bottom. Turn left, through the first small roundabout and then left into Partridge Way.

**By train:** The station is nearly three miles from the ground, so a taxi or bus (from the bus station in Endless Street in the City Centre) will be needed.

**Getting to know you:** Salisbury are well known to the Wings after we pipped them to the Conference South title last season.

They issued a release last week saying that they needed a cash injection.

The statement said: "Salisbury continues to operate at a loss. Despite frequent and ongoing initiatives within the community, the gates this season average below 1,000. These crowds are simply too low to sustain a club at this level."

## Saturday April 26 SOUTHPORT (H) The Skriff Premier Kick-off 5.30pm

This game will not be segregated and admission is by pay on the day. Admission prices are £15 for adults, £9 for concessions (over-60s and under-16s), £10 for students on production of a valid student card and under-12s are free when accompanied by an adult. There is an additional £1 charge for seating.

There are limited spaces available in the Eric Brackstone Suite for this match. Contact Paul White at the club for more details.

**Getting to know you:** Despite an opening day win over Luton, Southport parted company with manager Alan Wright in December 2013. They turned to former Accrington boss John Coleman as his replacement and he looks to have guided them to safety. Coleman previously played for The Sandgrounders more than 25 years ago.

# ALE & FOOTY

**Just one away match remains after a thoroughly entertaining eight months of travel, fantastic football and many new real ales and interesting public houses.**

On Monday we head to Salisbury City in Wiltshire after which the 2014 Good Beer Guide can go back onto the shelf until pre-season friendlies start in July. As Monday is Easter Monday it may be wise to check on opening times. Unlike many places Welling have visited this year, Salisbury is a city that many supporters will know well but there are seven pubs in the guide that may be worth a return.

Deacons (SP2 7QT) is conveniently located close to the station selling Hop Back GB, Summer Lightning and Sharp's Doom Bar.

Also very close to the station is the Duke of York (SP2 7AS) This pub has an ever changing range of five real ales and two ciders.

It only reopened in 2011 following a long period of closure but has become popular with locals and visitors alike.

Salisbury railway station is also very convenient for the Village Freehouse (SP2 7EF) selling Downton Quadhop and four ever changing guest beers including at least one dark ale. The pub sells fresh rolls but has no objection to bringing in your own food.

Rai d'Or (SP1 2AS) is another true free-house with a beer range that changes regularly. CAMRA members can enjoy discounted beer on production of a membership card.

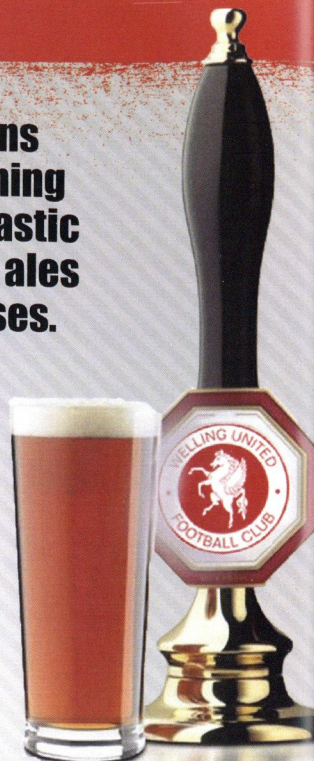

The Winchester Gate (SP1 1JA) was awarded local CAMRA pub of the year in 2013 and sells Hop Back Crop Circle and three guest ales.

Nearby is the Wyndham Arms (SP1 3AS) which was the birthplace of Hop Back Brewery, a leader in the introduction of blonde beers in breweries portfolios.

Although the brewery has now moved out to larger premises, they have retained ownership of the pub and their full range of ales is available over the bar,

JD Wetherspoon owns the final pub listed in the guide. The King's Head (SP1 2ND) is part of their Lloyds No.1 mini chain and sells four ever changing guest beers, many from local breweries.

Other pubs that may be worth a look are New Inn, Cosy Club, Wig & Quill, White Hart Hotel and Cloisters. None of these feature in the Good Beer Guide, but all were included

in a Salisbury pub crawl by the local CAMRA branch in March so may be under consideration for inclusion in the next edition.

When the Hop Back brewery moved out of Salisbury to nearby Downton, there was nothing like the number of breweries that now exist and there are now two other breweries in the area. Also in Downton is the Downton brewery whilst there is also now a Salisbury brewery, although production actually takes place in nearby Dinton.

Red Shoot brewery in Linwood, Hampshire is also close and pubs selling local ales may well source beers from Keystone in Berwick St Leonard, Plain in Sutton Veny and Wessex in Longbridge Deverill.
