Message from the Supporters Club Chairperson

Dear Supporter,

We are now in our 2nd season as a supporters club and I'm pleased to be able to say our membership has doubled with new people enrolling every week.

Our social calendar fills up very quickly and we now have a wider range of events for you to attend. (See below for our forthcoming events.) Our senior football team is well established; Tom (our manager) I am sure has a larger squad to choose from than Ray!!

Danny Wilson & Roy Wegerle have agreed to be guests on our first player "CHAT SHOW" evenings. I'm sure this will be a very popular event.

We are hoping to invite all the players along at sometime in the near future to make guest appearances but if there is someone you would like to take the chat drop me a line (via the Football club) and I'll see what we can do for you.

Don't forget to cheer the team on at Kenilworth Road.

Q. WHAT'S GREEN & WHITE AND LURKS IN THE SHADOWS AT KENILWORTH ROAD.

A. A CLOSET HI-BEE

O.K. I admit it then, I am one, but are you? Am I what I hear you ask. You must have encountered one before, standing on a terrace somewhere at around 4.45 p.m. on a Saturday. They usually look quite normal but then leap up in the air as the long awaited score is announced Forfar 5 East Fife 4. By now you have probably got it, I am talking about that select band of fanatics who have fallen in love with one of those teams from North of the Border.

My addiction started when I was about seven years old and I got my first Hibernian programme. Since that time I have made 3 trips to Easter Road, the most recent of which was for the U.E.F.A. cup match against Videoton of Hungary. The passion of a Scottish crowd just has to be experienced in the flesh, I reckon 15,000 Hi-bees fans in full voice is equal to 40,000 Liverpool fans giving it their all.

I have to be honest and say that as I sat there recently and watched Micky Weir sparkle for 45 minutes I had to wonder why he didn't do it at Luton, although to be fair he did get lost down a stud hole after half time! Would John Collins (an exceptional talent) fill Ricky Hills creative role in Mid-Field? But somehow done on an occasional basis its almost like a rest cure from the agonies of watching the Hatters each week, and yet this crazy affair has even hit me where it hurts, in the pocket,

when I purchased a few shares in the club. The shares are currently going down like a lift that's out of control, but who knows, if they can put it over Liège tonight and get a good draw in the next round perhaps the value of my shares will begin to rise, but let's be totally honest you don't buy shares in a Football Club for a return, you do it for love.

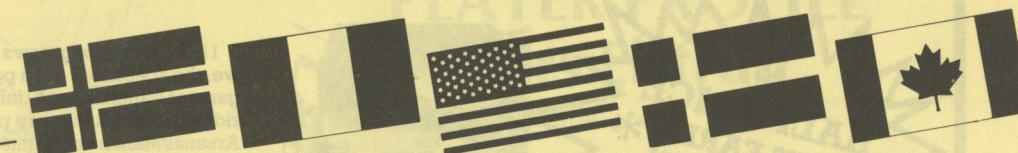

If I am really truthful Hibs are not even an exceptional team, far better than they were when I first saw them, but a shadow of the great sides of the past who were once the pride of Scotland as they demolished the best Europe could put forward. Most of you however will understand though, for some reason if your heart belongs to a club you will forgive them almost anything. I hope you will now make allowances for me if you have seen me leaping in the air with joy (or more likely despair) at Kenilworth Road, I do apologise but I know I am not alone.

Anyway that's enough of my ramblings, its time to finish, now before I forget I must ring Soccerline for my daily fix and then try and tune to B.B.C. Radio Scotland for tonight's match. Yes, another 90 minutes of "and the score from Easter Road is Hibs crackle, hiss, Liège crackle, pop!!"

Cheers for now

Nick Cooper

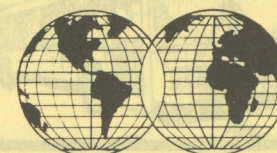

LETTERS FROM ACROSS THE WORLD

Dear Sportfriends,

First of all allow me to send you best greetings from Czechoslovakia. I like English football very much and therefore I look for a pen friend of your supporters Club with whom I could exchange English football souvenirs for Czechoslovakian souvenirs as Badges, Pennants, Magazines and Stamps etc....

I am a great football fan, my favourite team is Sparta Praha and I collect all their sporting souvenirs, specially metal football badges. I hope that somebody of your supporters club will agree to my proposal and that we will be in future good friends.

I wish to Luton Town Football Club very much success in the 1989/90 season and I hope I will see English Clubs on the European scene very soon.

Yours in Sport,

Dear Sir,

Good day — I'd like to send you my best regards and ambitions to you and all the Luton Town players and Supporters club members.

I am very glad to see Luton play in the First Division and win Trophy at Wembley Stadium. I am really eager to see Luton win trophy this season especially the F.A. Cup because you are a really good team.

I am a very keen supporter of Luton Town and I hope you can make me a member of the Luton Town Supporters Club. I hope also you can print my words in the Luton Review as a loyal fan faraway who has his heart with the team in every game.

Finally, I hope you can send me some programmes for this season and any new information about the team and players.

Good Luck this Season

RADIO BEDFORDSHIRE

Dear Supporters,

Sports broadcasting is an obsession — I remember earning my apprenticeship in local radio at BBC Radio Oxford. I started out by making the tea, answering telephone calls and editing tapes. I was alright at most things — but according to some tea making is still a weak point.

The first ever football match I reported on was some nine years ago. The date April the 1st. The highlight so far is undoubtedly Luton's victorious Littlewoods Cup final, as part of the team working for Radio Bedfordshire on the day. It seems a million miles away from that first match — on a wet and windy night, Banbury United were playing Oxford City and the press box basically a garden shed on stilts. Experience in broadcasting is vital — trying to work out who had scored a particular goal was difficult, the window inside was always

steaming up and there was rain falling on the outside of the window.

Visibility was pretty difficult then, but trying to report on a match when fog suddenly engulfed the ground and one of the team's scores a goal — that is a different problem. Strangely enough that particular ground held other problems. The groundsman was keen to save money and more than once half way through my full time report using the extensive notes you make during a match — off went every light in the ground. Fortunately I usually remembered to take a torch with me — there was one occasion I forgot and half way through off went all the lights. I remember garbling "Oh dear, all the lights have gone off — the score was 2-1, full details in our later programme".

Believe me reporting from Wembley is tremendous in comparison and far easier.

As a visitor at the last Supporter's Club evening when Terry Mancini was the special guest — I was very interested to hear Terry's thoughts on the press. It seems to me that the Fleet Street tabloids give us all a bad name — but as the meeting proved people's views on players, managers and indeed matches differ widely. I am always available for your comments at BBC Radio Bedfordshire on any subject. We are often accused of not being accessible — but please feel free if you think our coverage could be improved or is unfair, or hopefully if you enjoy it and always listen.

I hope to see as many as possible of you at the next meeting.

Yours in Sport,

Ken Wilson —

*** HALF PRICE
* BUS FARES
* FOR LUTON
MEMBERS! ***

Peter Collins —
L & District Transport

Dear Supporters Club,

I have been asked to write a few lines about the Half Fare Bus Travel offer for Luton Town Members and also how I became a follower of Luton Town Football Club.

In March 1987 I joined the local Bus Company and began following the 'Town' not long after. To date the Club has been going through a successful time with the consecutive visits to Wembley in addition to holding their own in the First Division (by the skin of their teeth last season!!!)

My education in Football has been through following my home town team, Chesterfield, in lower reaches of the 3rd/4th Division. In fact I remember Luton Town visiting Saltergate in the days of Bruce Rioch, in addition to seeing Danny Wilson in his Chesterfield days.

I hold very strong views on the state of Football today and feel that we, the spectators get a poor deal from the administrators of the game at National level. Unfortunately it seems that television and the ridiculous sums they are prepared to pay the likes of Liverpool/Arsenal/Manchester United etc now have more say than the paying spectators, who persistently have to put up with being treated as second class citizens with poor viewing facilities.

Enough about that, and to the Half Fare Bus Travel Offer to Luton Town Members.

As Operations Director of Luton & District Transport, I agreed this arrangement with Brian Cole, the Chairman of the Club, for the remainder of this season.

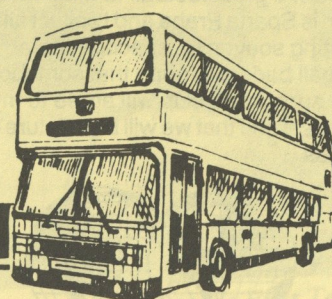

This offer applies to any journey being undertaken on a Saturday for whatever reason and covers the whole of our operating area which includes Hitchin, Aylesbury, Leighton Buzzard in addition to Luton and Dunstable. It also covers our London service which allows you to travel to watch the matches in London.

We are also operating the Park and Ride service due to commence at the next home match against Spurs on 2 December 1989.

Finally, please use these facilities which will then be seen as an endorsement by the Club that they are getting things right in communicating with the supporters.

Happy Travelling

Peter Collins —
L & District Transport

'Where are they now'

Bruce Rioch

One of the most popular and successful players to come out of local football, Bruce, was a firm favourite with the Luton crowd and a regular goal scorer with many of his goals coming from his powerful shots from well outside the penalty area.

An inside-forward he joined Luton Town in 1964 and made 148 appearances, scored 47 goals and was only substituted once in that period. A transfer to Aston Villa with his brother Neil who was on the Town's books, saw him win his first Scottish International cap.

From Villa he moved to Derby County, Everton before trying his hand in the North American Soccer League with Seattle. On his return to this country he signed for Torquay United and later became their manager. The

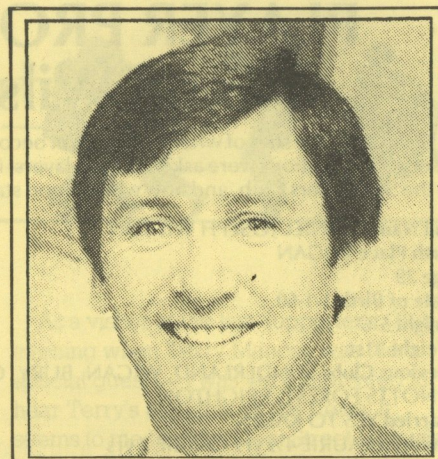

list of managers that he played under during his playing career reads something like a soccer who's who.

At Luton Town he played under Bill Harvey, George Martin, Allan Brown and Alec Stock. At Aston Villa it was Tommy Docherty and Vic Crowe. At Everton Billy Bingham and Gordon Lee. At Seattle he played under Alan Hinton and at Derby County it was Dave Mackay, Tommy Docherty again, Colin Murphy and Colin Addison. During his international spell in which he won over 20 Caps with Willie Ormond and Ally McLeod in charge.

At Torquay United before taking charge himself Mike Green and Frank O'Farrell were the men in the hot seat.

Bruce in his Luton playing days

Bruce as pictured at one of our home games recently

That is a total of 17 managers. His Transfer fees totalling £600,000. Bruce says that the major highlight of his career was winning the Fourth Division Championship with Luton Town in the season 1967/68.

After a short while working as an Insurance Clerk within a Midland Insurance Company he has become a recognised Football Manager once again with now Second Division Middlesborough. He was involved early this season with the transfer fiasco of Gary Pallister to Manchester United. But is hoping to put the money of 2.3 million to good effect for a speedy return to the top flight.

Junior Supporters Day at LUTON TOWN F.C.

By Pam Gray

Bill treated all of us to a drink whilst they were waiting for their McDonalds and Chips, which were being collected by members of the LTSC Committee. The highlight of our morning came next, the arrival of the first team back from training. Each player came to the Century Club to sign autographs and pose for many photos. It was lovely to stand back and watch the children await the arrival of their chosen favourite player. I must say that all the players were a credit to the club, the children were absolutely thrilled about the length of time they were allowed to spend with their "Heroes".

The finale of our morning was to have a kick around on the pitch. Our 2½ hour treat turned into a 3½ hours, thank you to all the Mums and Dads who had waited for an hour in reception;

they could have collected the children earlier but I don't think they would dare!!

Thank you finally to everyone who made the morning the success it was. 'I can't wait for the next time'

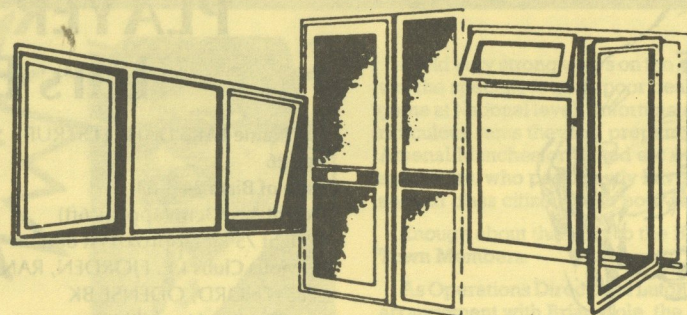

Pam Gray — Chairperson

"What do you think of it so far?" — Gregg Cooper

During half term holiday we arranged a treat purely for the junior members of our club, a morning at Kenilworth Road. It was such a huge success that we intend to hold another such similar event giving the members who missed out this time a chance to join in the fun.

Our morning tour around the stadium, a run out on the pitch and a chat with the players. The children's ages ranged from 4 years to 15 years. When we arrived at Kenilworth Road it was pouring with rain, so our plans had to be altered slightly. The first team went to train on a grass pitch so we stayed to watch the reserves instead at Kenilworth Road.

Bill took us on a tour around the stadium explaining everything to the members as we went along. I think I'd be right in saying the changing room and boot room held the most interest.

TREASURER REPORTING ...

I have been treasurer of the club since it was formed in September 1988. The club is presently going from strength to strength, ultimately we are aiming to secure and equip premises of our own for our members' use.

At present our newsletter editor is looking for people and companies to advertise in the newsletter, and monies raised from this will be mainly used to expand the contents.

I am also looking for a company or companies to help finance our running costs, possibly through sponsorship deal, thus reducing our reliance on subscription fees and tickets sold for meeting.

If anyone can help, or has better ideas, please contact me via the LTSC c/o LTFC.

Extra LTSC Enamel Badges are available to purchase at £1.50 each. So, if you have mislaid yours no need to worry.
