

"Pictorial" Cameraman Sees Another Luton Away Defeat

Watford left-half Tony Gregory—a member of Luton's 1959 Cup Final side—heads the ball away from the penalty area during a Town raid in the League match at Vicarage-road, on Saturday.—RB9537A.

Thwarted Luton Attack

RIGHT: Another incident in the Watford goalmouth, with the home team under pressure from Luton Town forwards. Centre-forward Tommy McKechnie leaps for the ball with Watford goalkeeper Jennings, but once again the raid was thwarted, and Luton ended the match with a blank score-line after their opponents had gone ahead in the 41st minute and settled the issue 16 minutes later.—RB9535A.

At full stretch, Morton attempts to show his forwards the way to score goals, but this attempt was thwarted by a Watford defender. The 13,250 spectators saw the home side score twice to make sure of the two points at stake.—RB9540A.

Forwards' Lack Of Power

SHORTCOMINGS in the finishing of their forwards was again the reason for Luton Town failing in yet another away League game when they visited Vicarage road, Watford, on Saturday.

The 2-0 win was flattering to the home side, because Luton had at least as much of the play territorially. But the Town's forwards, who have scored only 11 goals in 15 matches, again drew blank.

Watford settled the issue with goals in the 41st minute (by Howfield), and the 57th minute (through Harris), and the win pushed the home side further up the Division II table, while Luton continued to languish in the relegation zone.

One of those moments when anything may happen—with the Watford forwards on the attack and the Luton defence under pressure. The ball swings across the Town goalmouth high above the heads of attack and defence — to be cleared uphill.—RB9534A.
